(7) That the general assembly recognizes that the generation of solid waste is inevitable, but that much of it is unnecessary and should be discouraged; however, where solid waste does exist, it should be considered to the extent possible as a valuable resource, and be made use of wherever and whenever desirable and economically justifiable; therefore, it shall be the policy of the Commonwealth to, above all things, encourage resource conservation and preservation of our natural resources before such waste contributes in a needless fashion to the volumes of solid waste and litter produced by our society, but in dealing with existing solid waste, materials recovery from the solid waste stream is deemed to be the most environmentally sound alternative for handling waste.

(8) It is not the intent of this chapter to prohibit or discourage the participation of the private sector in any aspect of solid waste management. Moreover, it is preferable for solid waste management functions to be performed by the private sector when such is in the best interests of the public and conforms with the policies and provisions set forth in this chapter.

(9) It is the intent of the general assembly that this chapter provide counties with three (3) alternative approaches to the development and implementation of solid waste management plans. With the approval of the department, a single county in conjunction with the cities in that county may function as a solid waste management area as provided in KRS *109.072* [~~109.061~~], or counties may elect to operate as multi-county areas in which they may agree to function pursuant to the terms of a contract as provided in KRS *109.082* [~~109.020~~], or they may elect to operate as a district pursuant to KRS *109.056, 109.115* [~~109.071~~], 109.120, *or* 109.150[~~, or 109.180~~].

Section 227. KRS 109.012 is amended to read as follows:

(1) "Board of directors" or "board" means the governing body of a solid waste management district.

(2) "City" means an existing city of any class.

(3) "County" means the governing body of a county, including urban county governments.

(4) "Department" means the department for natural resources and environmental protection.

(5) "District" means any solid waste management area electing to operate under the provisions of KRS *109.056, 109.115* [~~109.071~~], 109.120, *or* 109.150[~~, or 109.180~~] in conformance with Public Law 94-580.

(6) "Person" means any and all persons, natural or artificial, including any individual, firm or association, any municipal or quasi-municipal corporation or private corporation, any county and any other governmental agency and political subdivision of the Commonwealth or any subdivision or instrumentality of the United States of America.

(7) "Resource recovery" means any process by which components of solid waste are recovered for reuse or transformed into useful materials, products or energy.

(8) "Sanitary landfill" means a facility for the disposal of solid waste consistent with and pursuant to criteria established by the Solid Waste Disposal Act (42 USC 3251) and the Resource Conservation and Recovery Act of 1976, Public Law 94-580.

(9) "Solid waste" means any garbage, refuse, sludge from a waste treatment plant, water supply treatment plant, or air pollution control facility and other discarded material, including solid, liquid, semisolid, or contained gaseous material resulting from industrial, commercial, mining, and agricultural operations, and from community activities, but does not include solid or dissolved material in domestic sewage, or solid or dissolved materials in irrigation return flows or industrial discharges which are point sources subject to permits under Section 402 of the Federal Water Pollution Control Act, as amended (86 Stat. 880), or source, special nuclear, or byproduct material as defined by the Atomic Energy Act of 1954, as amended (68 Stat. 923).

(10) "Solid waste management" means any and all processes by which solid waste is collected, transported, stored, separated, processed or disposed of in any manner according to an orderly and planned program of a county or multi-county solid waste management area duly approved by the department.

(11) "Solid waste management area" or "area" means any county or group of counties designated by the department for the purpose of solid waste management.

(12) "Solid waste management facility" means any solid waste treatment and handling or disposal facility, interim holding or transfer facility, or volume reduction plant consisting of, but not limited to, structures, incinerators, pulverizers, compactors, graters, shredders, bailers, roller grates, heat transferral units, steam and energy generating units and other related facilities which accept and process solid waste.

(2) In a county containing an urban-county government, the sheriff may appoint his deputies; however, no deputy sheriff shall be dismissed as a result of a change in the administration of the office of the sheriff. A sheriff may dismiss any deputy for inefficiency, misconduct, insubordination, or violation of law or rules adopted by the sheriff. Section 2. This study, along with any recommendations, shall be reported to the interim joint committee on counties and special districts on or before July 1, 1983.

Section 3. Staff services to be utilized in completing this study are estimated to cost $14,000. These staff services shall be provided from the regular commission budget and are subject to the limitations and other research responsibilities of the commission.

(2) Each ordinance shall be introduced in writing and shall have an enacting clause styled "Be it ordained by the City of ________________________."

(3) No ordinance shall be amended by reference to its title only, and ordinances to amend shall set out in full the amended ordinance or section indicating any words being added by a single solid line drawn underneath them, and any words being deleted by a single broken line drawn through them.

(4) Except as provided in subsection (7) of this section, no ordinance shall be enacted until it has been read on two (2) separate days. The reading of an ordinance may be satisfied by stating the title and reading a summary rather than the full text.

(5) A city legislative body may adopt the provisions of any local, statewide or nationally recognized standard code and codifications of entire bodies of local legislation by an ordinance which identifies the subject matter by title, source and date and incorporates the adopted provisions by reference without setting them out in full, provided a copy accompanies the adopting ordinance and is made a part of the permanent records of the city.

(6) Unless otherwise provided by statute, a majority of a legislative body shall constitute a quorum and a vote of a majority of a quorum shall be sufficient to take action.

(7) In an emergency, upon the affirmative vote of two-thirds (⅔) of the membership, a city legislative body may suspend the requirements of second reading and publication *in order* for an ordinance *to become*

effective by naming and describing the emergency in the ordinance. *Publication requirements of subsection (9) of this section shall be complied with within ten (10) days of the enactment of the emergency ordinance.*

(8) Every action of the city legislative body shall be made a part of the permanent records of the city and on passage of an ordinance the vote of each member of the city legislative body shall be entered on the official record of the meeting. The legislative body shall provide by ordinance for the maintenance and safekeeping of the permanent records of the city. The person assigned this responsibility and the presiding officer shall sign the official record of each meeting. All ordinances adopted in a city shall, at the end of each month, be indexed and maintained in the following manner:

(a) The city budget, appropriations of money and tax levies shall be maintained and indexed so that each fiscal year is kept separate from other years.

(b) All other city ordinances shall be kept in the minute book or an ordinance book in the order adopted and indexed in a composite index or maintained in a code of ordinances.

(9) Except in cities of the first class *and as provided in subsection (7) of this section*, no ordinance shall be effective until published pursuant to KRS Chapter 424. Ordinances except bond ordinances imposing fines, forfeitures, imprisonment, taxes or fees shall be published in full. The publication requirements for all other ordinances *including all bond and zoning ordinances* shall be satisfied by publication in full or in summary as designated by the legislative body. The requirements for summary publication shall be satisfied by publication of the title and a certified summary of the contents prepared by an attorney licensed to practice law in the Commonwealth of Kentucky. Ordinances that include descriptions of real property may include a sketch, drawing, or map, including common landmarks, such as streets or roads in lieu of metes and bounds descriptions.

(10) A city may by ordinance specify additional requirements for adoption of ordinances in greater detail than contained herein, but a city shall not lessen or reduce the substantial requirements of this section or any other statute relating to adoption of ordinances.

(11) Not less than once every five (5) years each city shall cause all ordinances in the composite index or code of ordinances to be examined for consistency with state law and with one another and to be revised to eliminate redundant, obsolete, inconsistent and invalid provisions.

(12) The legislative body may adopt municipal orders. Any order shall be in writing and may be adopted only at an official meeting. Any order may be amended by a subsequent municipal order or ordinance. All orders adopted shall be maintained in an official order book.

(14) All ordinances, and orders of the city may be proved by the signature of the city clerk; and when the ordinances are placed in a printed composite index or code of ordinances by authority of the city, the printed copy shall be received in evidence by any state court without further proof of such ordinances.

(15) For anything said in debate, legislative body members shall be entitled to the same immunities and protections allowed to members of the general assembly.

Section 3. KRS 83A.080 is amended to read as follows:

(1) All nonelected city offices shall be created by ordinance which shall specify:

(a) Title of office;

(b) Powers and duties of office;

(c) Oath of office;

(d) Bond, if required; and

(e) Compensation.

(2) All nonelected city officers shall be appointed by the executive authority of the city and, except in cities of the first class, all such appointments shall be with approval of the city legislative body if separate from the executive authority. The officers may be removed by the executive authority at will unless otherwise provided by *statute* [~~law~~].

(3) Each appointed and elected city office existing upon adoption of this chapter shall continue until abolished by ordinance, except that the offices of mayor and legislative body members may not be abolished. No abolition of any elected office shall take effect until expiration of the term of the current holder of the office. No ordinance abolishing any elected office shall be enacted later than two hundred forty (240) days preceding the regular election for that office, except in the event of a vacancy in the office.

(4) No city may create any elected office. Existing elected offices may be continued under provision of subsection (3) of this section, but no existing elected office may be changed.

Section 4. KRS 83A.130 is amended to read as follows:

(1) The form of government provided in this section shall be known as the mayor-council plan and this section shall together with KRS 83A.010 to 83A.120 govern any city declared to be under the mayor-council plan by KRS 83A.020 or which has adopted the mayor-council plan pursuant to KRS 83A.160.

The mayor shall maintain liaison with related units of local government respecting interlocal contracting and joint activities. The mayor shall report to the council and to the public on the condition and needs of city government as he finds appropriate or as required by ordinance, but not less than annually. (4) Subject to disapproval of the council, the mayor shall promulgate procedures to insure orderly administration of the functions of city government and compliance with statute or ordinance. Upon promulgation or upon revision or rescission of the procedures, copies shall be filed with the person responsible for maintaining city records as provided under KRS 83A.060.

(5) The mayor shall preside at meetings of the council. The council may set by ordinance the manner in which one of its number may be selected to preside at meetings of the council in place of the mayor. The mayor may participate in council proceedings, but shall not have a vote, except that he may cast the deciding vote in case of a tie.

(6) All ordinances adopted by the council shall be submitted to the mayor who shall within ten (10) days after submission either approve the ordinance by affixing his signature or disapprove it by returning it to the council together with a statement of his objections. No ordinance shall take effect without the mayor's approval unless he fails to return it to the legislative body within ten (10) days after receiving it or unless the council votes to override the mayor's veto, upon reconsideration of the ordinance not later than the second regular meeting following its return, by the affirmative vote of one (1) more than a majority of the membership.

(7) Any delegation of the mayor's power, duties or responsibilities to subordinate officers and employes and any expression of his official authority to fulfill executive functions shall be made by executive order. Executive orders shall be sequentially numbered by years and shall be kept in a permanent file.

(8) All bonds, notes, contracts and written obligations of the city shall be made and executed by the mayor or his agent designated by executive order.

(9) The mayor shall be the appointing authority with power to appoint and remove all city employes, *including police officers,* except as tenure and terms of employment are protected by statute, ordinance or contract and except for employes of the council.

(10) The mayor shall provide for the orderly continuation of the functions of city government at any time he is unable to attend to the duties of his office by delegating responsibility for any function to be performed in accordance with subsection (7) of this section, provided that *the mayor shall not delegate the responsibility of presiding at meetings of the council and that*[~~,~~] approving ordinances or promulgating administrative procedures may only be delegated to an elected officer. With approval of the council, the mayor may rescind any action taken in his absence under this subsection within thirty (30) days of such action. If for any reason the disability of the mayor to attend to his duties persists for sixty (60) consecutive days, the office of mayor may be declared vacant by a majority vote of the council and the provisions of KRS 83A.040 shall apply.

(11) The legislative authority of the city shall be vested in and exercised by the elected council of the city. The council shall not perform any executive functions except those functions assigned to it by statute. Regular meetings of the council shall be held at least once each month at such times and places as are fixed by ordinance. At a special meeting no business may be considered other than that set forth in the designation of purpose. The minutes of every meeting shall be signed by the person responsible for maintaining city records provided under KRS 83A.060 and by the officer presiding at the meeting.

(13) The council shall have the right to investigate all activities of city government. The council may require any city officer or employe to prepare and submit to it sworn statements regarding his performance of his official duties. Any statement required by the council to be submitted or any investigation undertaken by the council, if any office, department or agency under the jurisdiction of the mayor is involved, shall not be submitted or undertaken unless and until written notice of the council's action is given to the mayor. The

mayor shall have the right to review any statement before submission to the council and to appear personally or through his designee on behalf of any department, office or agency in the course of any investigation.

HB 693, AN ACT relating to sanitary sewers.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 67A.882 is amended to read as follows:

(1) Proposals for the construction of the project shall be solicited upon the basis of submission of sealed, competitive bids after advertisement by publication pursuant to KRS Chapter 424, following adoption of the ordinance of determination and expiration of the permissive litigation period, or alternatively, the conclusion of litigation in a manner favorable to the project.

(2) After all costs of the project have been determined upon the basis of the construction bidding, the costs shall be apportioned among the owners of benefited property pursuant to the method of assessment previously determined in the ordinance of initiation and the ordinance of determination. However, in determining the apportionment of individual costs for purposes of affording to the owners of benefited property the privilege of paying the assessment levies in full on a lump sum basis, the urban-county government shall exclude amounts required for the creation of the debt service reserve fund, capitalized interest costs, and any bond discount which the government may allow in connection with the sale of bonds to provide funds for the costs of construction not paid initially by the owners of benefited properties on a lump sum basis.

(3) The owners of benefited property shall be notified in writing of the exact amount levied against their individual properties, which amount may, at the option of each owner, be paid in full on a lump sum basis within thirty (30) days. Such owners shall be notified that in the event *they exercise the option to pay in full on a lump sum basis and in the event any refund of lump sum payments or of interest earned on lump sum payments is subsequently made, it shall be paid to the owners of the benefited properties for which lump sum payments have been made as determined at the date the appropriate ordinance under either KRS 67A.894 or subsection (5) of this section is adopted* [~~the costs of construction of the project exceed lump sum payments and bond proceeds, an additional apportionment of costs will be made and that all owners who paid the initial improvement benefit assessment on a lump sum basis must likewise pay the additional assessment on the same basis~~]. The statement submitted to such owners of benefited property shall additionally advise such owners that in the event such owners do not elect to pay the special improvement benefit assessment in full within the period of thirty (30) days from receipt, the urban-county government shall issue bonds pursuant to KRS 67A.871 to 67A.894 for the purpose of providing the cost of construction of the project, including the debt service reserve fund, if paid from bond proceeds, capitalized interest costs, any bond discount, together with all other costs, as the term is defined in KRS 67A.871(5). The owners of the benefited property shall further be advised that bonds and the interest thereon shall be amortized by annual improvement benefit assessment levies against all benefited properties which have not made lump sum payments in accordance with the method of apportionment provided by the ordinance of initiation and the ordinance of determination.

(4) At the conclusion of the thirty (30) day permissive lump sum payment period, the urban-county council shall determine the aggregate principal amount of improvement benefit assessments paid in full by owners of benefited property; shall order the deposit of the monies in a trust account *the principal of* which shall be used solely to pay the costs of construction of the project; shall aggregate all unpaid improvement benefit assessments for purposes of determining the principal amount of bonds to be issued by the government to provide the costs of the project; shall compute the debt service reserve fund in respect to the bonds, if the fund is to be capitalized from bond proceeds; shall determine the bond discount and capitalized interest which shall be applicable to the issue of bonds; and shall proceed to complete the financing of the costs of construction of the project through the adoption of the ordinance of bond authorization as provided in KRS 67A.883 and the sale of bonds authorized pursuant thereto. Provided, however, that the ordinance of bond authorization may, as provided in KRS 67A.884, provide that, in lieu of issuing bonds, the government may contract with the Kentucky pollution abatement authority for the financing of the project, in which latter event all procedures with respect to the annual assessment of benefited properties shall continue in full force and effect, but the urban-county government shall secure funding for the project through the Kentucky pollution abatement authority in lieu of issuing bonds and shall pledge to and pay to the authority the annual improvement benefit assessment levies and enforce them for the security of the financing.

(5) If an urban-county government has taken steps under KRS 67A.871 to 67A.893 to provide for, construct and finance any project, and finally determines, by appropriate ordinance, that the project is essentially completed, the legislative body of the urban-county government may, in its discretion, refund any part, or all, of the interest earned on lump sum payments, pro-rata, to the current owners of the benefited properties which paid on a lump sum basis, as determined at the date the ordinance determining the project is essentially completed is adopted.

Section 2. KRS 67A.883 is amended to read as follows:

(1) Following compliance with the foregoing provisions of KRS 67A.871 to 67A.882, the urban-county council of the government may adopt an ordinance known as the ordinance of bond authorization. The ordinance of bond authorization shall make provision, for the following:

(a) Determining and confirming the nature and scope of the project, the real properties to be benefited thereby (which shall be all benefited properties identified in the ordinance of initiation and the ordinance of determination, excepting properties as to which lump sum payment of improvement benefit assessment levies has been made within the statutory period), the exact method of assessment of benefited properties and the costs of the projects;

(b) Authorizing the issuance of bonds of the government from time to time which shall be designated "improvement lien bonds" and which shall additionally identify the project by reference to its name or title;

(c) Determining the principal amount of the bond issue, subject to the provisions of KRS 67A.891;

(d) Establishing the denomination and maturity dates of the bonds, which my be term or serial maturities not to exceed thirty (30) years from date of issue, and providing for the issuance of the bonds in series, if so ordered, each such series to be equally secured on a pari passus basis by improvement benefit assessments levied on all benefited properties and by liens in respect thereto;

(e) Levying an annual improvement benefit assessment effective upon the benefited properties *except such properties for which lump sum payment of the improvement benefit assessment has been made pursuant to KRS 67A.882(3)* pursuant to the assessed value basis according to either their respective assessed land values as determined for purposes of general ad valorem taxation, or upon a basis of equality by zones, pursuant to findings of fact by the urban-county council that benefited properties in particular zone classifications are to be treated equally for assessment purposes because of substantial equality of benefits conferred, such assessments to be made without regard to any constitutional or other limits otherwise applicable to taxation for general ad valorem purposes, the annual rate of such improvement assessment to be fixed when regular county ad valorem taxes are levied and to be sufficient in each year to provide for the payment of the bonds and interest coupons as they mature; and, in each year until accrual of the debt service reserve requirement, to be sufficient to provide in addition a sum equal to twenty percent (20%) of maximum annual principal and interest requirements, the same to constitute a debt service reserve fund as a precaution against possible default by reason of failures in the collection of the annual levies as hereinafter provided; provided, however, that in the event the government shall have provided that the debt service reserve requirement be financed from bond proceeds as one of the costs of the project, such additional levies to accrue, the debt service reserve requirement shall be omitted, but it shall be promptly instituted at any time in order to maintain the debt service reserve requirement at its prescribed level;

(f) Covenanting with the holders of the bonds and coupons that until the payment in full thereof the government will levy annually an improvement benefit assessment upon each benefited property, as provided in the foregoing subsection (e) hereof; provided, that the government may provide by ordinance that certain benefited properties shall be omitted from assessment during initial periods not to exceed three (3) years because of construction scheduling;

(g) Covenanting with the holders of the bonds and coupons that until payment in full thereof, the government will pursue and exhaust at the expense of the government all remedies available to the government for the benefit and protection of the bondholders, including both termination of water service to delinquent real properties and enforcement of judgment and decretal sale of the liens upon benefited properties which are granted by KRS 67A.871 to 67A.894;

(h) Designating one or more places of payment of principal and interest within or without the Commonwealth;

(i) Specifying or omitting provisions for redemption and payment prior to stated maturities and the terms thereof;

(j) Providing for the payment by the government of any and all reasonable and customary charges for the services of trustees and paying agents to the end that the holders of the bonds and coupons will receive the sums therein stipulated without deduction for such charges; and

(k) Any other provisions not contrary to law. The government is expressly authorized and empowered to finance any particular project by an issue of bonds which may be sold and delivered in one or more series, each of which series is equally and indistinguishably secured, as provided in KRS 67A.871 to 67A.894, by improvement benefit assessments levied upon all benefited properties, *except such properties for which lump sum payment of the improvement benefit assessment has been made pursuant to KRS 67A.882(3)* and liens granted for the security of bondholders by KRS 67A.871 to 67A.894 on benefited properties shall apply to each *such* benefited property and in favor of every bond of each such series, whenever issued.

(2) In the discretion of the urban-county council of the government, any improvement lien bonds or bond anticipation notes issued under the provisions of KRS 67A.871 to 67A.894 may be secured by a trust indenture by and between the government and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the Commonwealth of Kentucky. The trust indenture of the government providing for the issuance of improvement lien bonds or notes may pledge or assign for the security of improvement lien bonds or notes all or any part of the totality of improvement benefit assessments levied, collected, enforced and received by the government. The trust indenture shall contain provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable, proper and not in violation of law, including covenants and provisions setting forth the duties of the government in relation to the purposes to which improvement lien bond proceeds may be applied; the disposition and pledging of receipts of improvement benefit assessments; and the custody, safeguarding and application of all improvement benefit assessment revenues. It shall be lawful for any bank or trust company incorporated under the laws of the Commonwealth which may act as depository of the proceeds of bonds, notes or of government revenues, to furnish indemnity bonds or to pledge securities as may be required by the trust indenture of the government. Any trust indenture may set forth the rights and remedies of the bondholders and of the indenture trustee and may restrict the individual right of action by bondholders. In addition to the foregoing, any trust indenture may contain any other provisions as the government may determine to be reasonable and proper for the further security of the holders of the bonds. All expenses incurred in carrying out the provisions of the trust indenture shall be treated as a part of the costs of the project and shall be paid from either the proceeds of the bonds or, during the life of the bond issue, from the proceeds of improvement benefit assessments levied against and collected from, benefited properties.

(3) All bonds issued under the provisions of KRS 67A.871 to 67A.894 shall have and are hereby declared to possess all of the qualities and incidences of negotiable instruments under the laws of Kentucky. The bonds may be issued in coupon or in registered form or in both, as the government may determine, and provision may be made for the registration of any coupon bonds as to principal only and also as to both principal and interest and for the reconversion into coupon bonds of any bonds registered as to both principal and

interest. The government may sell the bonds in any manner either at public or private sale, and for any price as it may determine will best effect the purposes of KRS 67A.871 to 67A.894.

(4) Any government initiating a project pursuant to KRS 67A.871 to 67A.894 shall have and possess all powers and the authority set forth in KRS 58.150.

Section 3. KRS 67A.888 is amended to read as follows:

The annual improvement benefit assessment for the project shall be levied by the government against benefited properties *except such properties for which lump sum payment of the improvement benefit assessment has been made pursuant to KRS 67A.882(3)* when the levy for general urban-county government taxes is made; and such improvement benefit assessment levy shall be due at the same time when general urban-county government taxes are due and shall be subject to the same penalties and accrual of interest in the event of nonpayment as in the case of the general urban-county government taxes. Improvement benefit assessments shall be collected by the urban-county government officers charged with responsibility for the collection of ad valorem taxes and shall be enforced in like manner.

Section 4. KRS 67A.892 is amended to read as follows:

If, by reason of miscalculation or the happening of unforeseen events or conditions, the *total* proceeds of the *lump sum payments and* bonds authorized by the ordinance of bond authorization should prove to be insufficient to provide for the completion of the project and the payment in full of all costs thereof, the urban-county government shall be responsible for any such deficiency.

Section 5. KRS 67A.894 is amended to read as follows:

If an urban-county government has taken any steps under KRS 67A.871 to 67A.893 to provide for, construct or finance any project, and for any reason the project cannot be completed according to the provisions of KRS 67A.871 to 67A.893, the government shall return all improvement benefit assessments paid in full by owners of benefited property on a lump sum basis to the owners *of such benefited properties, as determined at the date the ordinance determining the project cannot be completed is adopted* [~~thereof~~]. Any interest earned on such prepayments shall be applied by the government to the payment of any costs resulting from effort to carry out the project, and any remainder shall be returned, pro rata, to such owners of benefited property. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 227.700 is amended to read as follows:

(1) The term "fireworks" shall mean any composition or device for the purpose of producing a visible or an audible effect by combustion, deflagration or detonation, and which meets the definition of "common" or "special" fireworks as set forth in the U.S. department of transportation's (DOT) hazardous materials regulations, title 49, code of federal regulations, parts 173.88 and 173.100.

(a) Exception number 1: Toy pistols, toy canes, toy guns or other devices in which paper or plastic caps manufactured in accordance with DOT regulations, 49 CFR 173.100 (p)1, and packed and shipped according to said regulations, are not considered to be fireworks and shall be allowed to be used and sold at all times.

(b) Exception number 2: Model rockets and model rocket motors designed, sold, and used for the purpose of propelling recoverable aero models are not considered to be fireworks. (See NFPA 1122, code for unmanned rockets.)

(c) Exception number 3: Propelling or expelling charges consisting of a mixture of sulfur, charcoal, and saltpeter are not considered as being designed for producing audible effects.

(d) Exception number 4: Items described in paragraph (2)(e) of this section are not considered to be common fireworks.

(2) The term "common fireworks" shall mean any small firework device designed primarily to produce visible effects by combustion and which must comply with the construction, chemical composition, and labeling regulations of the U.S. consumer product safety commission, as set forth in title 16, code of federal regulations, part 1507. Some small devices designed to produce audible effects are included, such as whistling devices, ground devices containing fifty (50) mg. or less of explosive composition, and aerial devices containing one hundred thirty (130) mg. or less of explosive composition. Common fireworks are classified as class C explosives by the U.S. department of transportation and include the following:

(a) Ground and hand-held sparkling devices.

1. Dipped stick-sparkler. Stick or wire coated with pyrotechnic composition that produces a shower of sparks upon ignition. Total pyrotechnic composition may not exceed one hundred (100) grams per item. Those devices containing any perchlorate or chlorate salts may not exceed five (5) grams of pyrotechnic composition per item. Wire sparklers which contain no magnesium and which contain less than one hundred (100) grams of composition per item are not included in this category, in accordance with DOT regulations.

2. Cylindrical fountain. Cylindrical tube not more than three-fourths (¾) in. (19 mm) inside diameter, containing up to seventy-five (75) grams of pyrotechnic composition. Upon ignition, a shower of colored sparks, and sometimes a whistling effect, is produced. This device may be provided with a spike for insertion into the ground (spike fountain), a wood or plastic base for placing on the ground (base fountain), or a wood or cardboard handle, if intended to be hand-held (handle fountain).

3. Cone fountain. Cardboard or heavy paper cone containing up to fifty (50) grams of pyrotechnic composition. The effect is the same as that of a cylindrical fountain.

4. Illuminating torch. Cylindrical tube containing up to one hundred (100) grams of pyrotechnic composition. Upon ignition, colored fire is produced. May be spike, base or hand-held.

5. Wheel. Pyrotechnic device attached to a post or tree by means of a nail or string. Each wheel may contain up to six (6) "driver" units: tubes not exceeding one-half (½) in. (12.5 mm) inside diameter and containing up to sixty (60) grams of pyrotechnic composition. Upon ignition, the wheel revolves, producing a shower of color and sparks and, sometimes, a whistling effect.

6. Ground spinner. Small device similar to a wheel in design and effect and placed on the ground and ignited. A shower of sparks and color is produced by the rapidly spinning device.

7. Flitter sparkler. Narrow paper tube filled with pyrotechnic composition that produces color and sparks upon ignition. This device does not have a fuse for ignition. The paper at one end of the tube is ignited to make the device function.

(b) Aerial devices.

1. Sky rocket. Tube not exceeding one-half (½) in. (12.5 mm) inside diameter that may contain up to twenty (20) grams of pyrotechnic composition. Sky rockets contain a wooden stick for guidance and stability and rise into the air upon ignition. A burst of color or noise or both is produced at the height of flight.

2. Missile-type rocket. A device similar to a sky rocket in size, composition, and effect that uses fins rather than a stick for guidance and stability.

3. Helicopter, aerial spinner. A tube not more than one-half (½) in. (12.5 mm) inside diameter and containing up to twenty (20) grams of pyrotechnic composition. A propeller or blade is attached, which, upon ignition, lifts the rapidly spinning device into the air. A visible or audible effect is produced at the height of flight.

4. Roman candles. Heavy paper or cardboard tube not exceeding three-eighths (⅜) in. (9.5 mm) inside diameter and containing up to twenty (20) grams of pyrotechnic composition. Upon ignition, up to ten (10) "stars" (pellets of pressed pyrotechnic composition that burn with bright color) are individually expelled at several second intervals.

5. Mine, shell. Heavy cardboard or paper tube up to two and one-half (2 ½) in. (63.5 mm) inside diameter attached to a wood or plastic base and containing up to forty (40) grams of pyrotechnic composition. Upon ignition, "start" (see paragraph (2)(b)4. of this section), firecrackers (see paragraph (2)(c)1. of this section), or other devices are propelled into the air. The tube remains on the ground.

(c) Audible ground devices.

1. Firecrackers, salutes. Small paper-wrapped or cardboard tube containing not more than fifty (50) mg. of pyrotechnic composition. Upon ignition, noise and a flash of light is produced.

2. Chaser. Small paper or cardboard tube that travels along the ground upon ignition. A whistling effect, or other noise, is often produced. The explosive composition used to create the noise may not exceed fifty (50) mg.

(d) Combination items. Firework devices containing combinations of two (2) or more of the effects described in categories (a), (b) and (c) of this subsection.

(e) Novelties and trick noisemakers.

Items listed in this section are not classified as common fireworks by the U.S. department of transportation.

1. Snake, glow worm. Pressed pellet of pyrotechnic composition that produces a large, snake-like ash upon burning. The ash expands in length as the pellet burns. These devices may not contain mercuric thiocyanate.

2. Smoke device. Tube or sphere containing pyrotechnic composition that, upon ignition, produces white or colored smoke as the primary effect.

3. Wire sparkler. Wire coated with pyrotechnic composition that produces a shower of sparks upon ignition. These items may not contain magnesium and must not exceed one hundred (100) grams of composition per item. Devices containing any chlorate or perchlorate salts may not exceed five (5) grams of composition per item.

4. Trick noisemaker. Item that produces a small report intended to surprise the user. These devices include:

a. Party popper. Small plastic or paper item containing not more than sixteen (16) mg. of explosive composition that is friction sensitive. A string protruding from the device is pulled to ignite it, expelling paper streamers and producing a small report.

b. Booby trap. Small tube with string protruding from both ends, similar to a party popper in design. The ends of the string are pulled to ignite the friction sensitive composition, producing a small report.

c. Snapper. Small, paper-wrapped item containing a minute quantity of explosive composition coated on small bits of sand. When dropped, the device explodes producing a small report.

d. Trick match. Kitchen or book match that has been coated with a small quantity of explosive or pyrotechnic composition. Upon ignition of the match a small report or a shower of sparks is produced.

e. Cigarette load. Small wooden peg that has been coated with a small quantity of explosive composition. Upon ignition of a cigarette containing one (1) of the pegs, a small report is produced.

f. Auto burglar alarm. Tube which contains pyrotechnic composition that produces a loud whistle and/or smoke when ignited. A small quantity of explosive, not exceeding fifty (50) mg. may also be used to produce a small report. A squib is used to ignite the device.

(3) The term "special fireworks" shall mean large fireworks designed primarily to produce visible or audible effects by combustion, deflagration or detonation. This term includes, but is not limited to, firecrackers containing more than two (2) grains (130 mg) of explosive composition, aerial shells containing more than forty (40) grams of pyrotechnic composition, and other display pieces which exceed the limits for classification as "common fireworks." Special fireworks are classified as class B explosives by the U.S. department of transportation.

(4) No person, firm, co-partnership, or corporation shall offer for sale, expose for sale, sell at retail, keep with intent to sell at retail, or use or explode any fireworks, except as hereinafter provided [~~As used in KRS Chapter 227 "fireworks" means and includes any combustible or explosive composition, or any substance or combination of substances, or article, prepared for the purpose of producing a visible or audible effect by combustion, explosion, deflagration or detonation, and shall include but not be limited to blank cartridges, toy pistols, toy cannons, toy canes or toy guns in which explosives are used, the type of balloons which require fire underneath to propel the same, firecrackers, torpedoes, skyrockets, Roman Candles, Daygo~~

~~bombs, or other fireworks of like construction and any fireworks containing any explosive or flammable compound, or any tablets or other device containing any explosive substance. The term "fireworks" shall not include toy pistols, toy canes, toy guns, or other devices in which paper caps containing twenty-five hundredths grains or less of explosive compound are used, providing they are so constructed that the hand cannot come in contact with the cap when in place for use, toy pistol paper caps which contain less than twenty-hundredths grains of explosive mixture, and gold star producing sparklers, which contain no magnesium or chlorate, toy snakes which contain no mercury, smoke novelties and party novelties, which contain less than twenty-five hundredths of a grain of explosive mixture, the sale and use of which shall be permitted at all times~~].

(b) "Immediate family" shall mean the teacher's spouse, children including stepchildren, parents and spouse's parents without reference to the location or residence of said relative.

(2) Each district board of education shall allow to each teacher in its common school system not less than ten (10) days of sick leave during each school year, without deduction of salary. Sick leave shall be granted to a teacher if he presents a personal affidavit or a certificate of a physician stating that the teacher was ill or that the teacher was absent for the purpose of attending to a member of his immediate family who was ill. The ten (10) days of sick leave herein granted may be taken by a teacher on any ten (10) days of the school year and shall be granted in addition to accumulated sick leave days that have been credited to the teacher under the provisions of subsection (3) of this section.

(3) Days of sick leave not taken by a teacher during any school year shall accumulate without limitation and be credited to that teacher. Accumulated sick leave may be taken in any school year. Any district board of education may, in its discretion, allow teachers in its common school system sick leave in excess of the number of days prescribed in this section. Any accumulated sick leave days, not to exceed thirty (30) days, credited to a teacher shall remain so credited in the event he transfers his place of employment from one school district to another within the state.

(4) Accumulated days of sick leave shall be granted to a teacher, if prior to the opening day of the school year, an affidavit or a certificate of a physician is presented to the district board of education, stating that the teacher is unable to commence his duties on the opening day of the school year, but will be able to assume his duties within a period of time that the board determines to be reasonable.

(5) After July 1, *1982* [~~1981~~], a district board of education may compensate, at the time of retirement, a teacher for each unused sick leave day. The rate of compensation for each unused sick leave day shall be based on a percentage of the teacher's last annual salary, not to exceed thirty percent (30%). Payment for unused sick leave days shall be incorporated into the annual salary of the final year of service, *provided that the member makes the regular retirement contribution for members on the sick leave payment and provided further that either the member, the employing school district or the state shall pay the remaining cost of such service to the retirement system upon receiving notification of the cost from the retirement system. The board of trustees of the teachers' retirement system shall formulate and adopt necessary rules and regulations for the administration of the provision that relates to the member's retirement account.* The accumulation of such days includes unused sick leave days held by the teacher at the time of implementation of such a program.

The compensation set by the board of trustees for the position of executive secretary may provide for the same annual leave, sick leave, insurance and similar benefits as provided for other employees of the retirement system. The executive secretary, at the time of appointment or selection, shall be a graduate of a standard four-year college, and shall possess such other qualifications as the board of trustees may require by regulation. The executive secretary shall not have held by appointment or election an elective public office within the five-year period next preceding the date of appointment or selection.

Section 6. KRS 161.470 is amended to read as follows:

(1) The membership of the retirement system shall consist of all new teachers and all present teachers except as provided in Acts 1938 (1st Ex. Sess.), ch. 1, paragraph 29. No person without previous Kentucky service who was age sixty-five (65) or older on July 1, next preceding employment may become a member of the teachers' retirement system.

(2) Service credit shall be forfeited upon withdrawal. If a teacher again enters service it shall be as a new teacher, except that any teacher who withdraws by claiming his deposits may repay the system the amount withdrawn plus interest and re-establish his service credit as provided in subsection (3) of this section.

(3) Effective July 1, 1974, and thereafter, an active contributing member of the retirement system with contributing service equal to two (2) years or the number of years subsequent to the withdrawal of contributions, whichever is the lesser number, may regain such service credit by depositing in the teachers' savings fund the amount withdrawn with interest at the rate to be set by the board of trustees, and computed from the first of the month of withdrawal and including the month of redeposit.

(4) Effective July 1, 1974, any active contributing member with at least two (2) years of contributing service credit who declined membership as provided in Acts 1938 (1st Ex. (6) In case of withdrawal from service prior to eligibility for retirement, the board of trustees shall on request of the teacher return all of his accumulated contributions with regular interest including any payments made by the teacher to the state accumulation fund, but the teacher shall have no claim on any contributions made by the state with a view to his retirement or to contributions made to the survivor, death and medical insurance fund. If the member is eligible for an immediate service retirement allowance as provided in KRS 161.600 no withdrawal and refund shall be permitted, unless the allowance would prohibit the member from qualifying for social security benefits.

(7) Except as provided in KRS 161.520 and 161.525 in case of death prior to retirement the board of trustees shall pay to the estate of the deceased member or to his assigns all of his accumulated contributions, with regular interest, including any payments made by the teacher to the state accumulation fund, but the estate or assigns shall have no claim on any contributions made by the state with a view to the retirement of the teacher or to contributions made to the survivor, death and medical insurance fund.

The contribution of members shall not exceed these applicable percentages on annual compensation.

Section 8. KRS 161.550 is amended to read as follows:

Beginning with July 1, 1976, the state shall contribute annually to the retirement system a permanent amount equal to that contributed by all members. The state shall, in addition to the above amount, provide an annual overmatch of three and one-fourth percent (3.25%) of total member salaries to discharge the system's unfunded obligations with interest assumed by the state. *The state shall provide annual appropriations based upon estimated funds needed to meet the requirements of KRS 161.220 through 161.714. In the event an annual appropriation is in excess of these requirements, such excess funds shall lapse to the credit of the general fund. In the event an annual appropriation is less than the amount of these requirements, the state shall make up the deficit in the next biennium budget appropriation to the retirement system.*

Section 9. KRS 161.565 is amended to read as follows:

Notwithstanding any other provisions of KRS Chapter 161, the contribution of *members may be reduced by amounts of two and two hundred fifteen thousandths percent (2 215/1000%) if amounts sufficient to replace the reduction are authorized and contributed to the teachers' retirement system by the employer. Such reductions must apply to all employes of participating employers who are members of the teachers' retirement system. The amounts of reduction shall be placed in the individual accounts of the member and shall be subject to income taxes at the time the member retires or terminates the account by withdrawal. The board of trustees shall formulate and adopt necessary rules and regulations for administration of this provision* [~~university faculty members may be reduced by amounts up to two and two hundred fifteen thousandths percent (2 215/1000%) if amounts sufficient to replace the reduction are authorized and contributed to the teachers' retirement system by the board of regents of the employing university~~].

(1) The retirement allowance, in the form of a life annuity with refundable balance, of a member retiring for service shall be calculated as follows:

(a) For retirements effective July 1, 1980, and thereafter, the annual allowance for each year of service performed prior to July 1, 1941, shall be one hundred dollars ($100) and the annual allowance for each year of service performed after July 1, 1941, shall be two percent (2%) of the final average salary. Actuarial discounts due to age *or service credit* at retirement may be applied as provided in this section.

(b) For retirements effective *January 1, 1984* [~~July 1, 1982~~], and thereafter the annual allowance shall be determined as set out in subsection (1)(a) of this section, except that the allowance for service performed after *January 1, 1984* [~~July 1, 1982~~], shall be valued at *the annual rate of* two and one-half percent

(2 ½%) of the final average salary for all members not employed by a state university or college. *For purposes of implementing the change in the value of a year of service, the board of trustees shall establish by regulation, the value of services performed during the 1983-84 fiscal year but in no case shall the value of service performed during the 1983-84 fiscal year exceed two and one quarter percent (2.25%).*

(c) If the member has five (5) years or more of Kentucky service, but less than thirty (30) years of such service credit, the allowance shall be reduced actuarially for the number of years the member is less than sixty (60) years of age or by the number of years the service credit is less than thirty (30) years, whichever is the lesser number. The board of trustees shall adopt an actuarial table of discounts for the purpose of calculating these allowances.

(2) Effective July 1, 1980, and annually on July 1 thereafter, the retirement allowance of each retired member and of each beneficiary of a retirement option shall be increased in the amount of one percent (1%).

(3) Any member qualifying for retirement under a life annuity with refundable balance shall be entitled to receive an annual allowance amounting to not less than eighty-eight dollars ($88) multiplied by the service credit years of the teacher, except that no retired teacher who was sixty (60) years of age or older at retirement, and who has five (5) years or more service credit in a position covered by the teachers' retirement system shall receive a monthly benefit of less than seventy-five dollars ($75). The above minimums shall be effective July 1, 1978, and shall apply to those members retiring on or subsequent to that date.

(4) The minimum provided in this section shall apply in the case of teachers retired or retiring under an option other than a life annuity with refundable balance in the same proportion to the benefits of the teacher and his beneficiary or beneficiaries as provided in the duly adopted option tables at the time of the member's retirement.

(5) *Effective July 1, 1982, the monthly allowance of each member retired on or before July 1, 1981, and each recipient of a retirement option of such retired members shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member has been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month* [~~Effective July 1, 1980, the monthly allowance of each member retired on or before July 1, 1979, and of each recipient of a retirement option of such retired member shall be increased in the amount of three percent (3%) of the monthly allowance. Effective July 1, 1980, the monthly allowance of each member retired on or before July 1, 1975, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent (2%) of the monthly allowance. Effective July 1, 1981, the monthly allowance of each member retired on or before July 1, 1980, and of each recipient of a retirement option of such retired member shall be increased in the amount of three percent (3%) of the monthly allowance. Effective July 1, 1981, the monthly allowance of each member retired on or before July 1, 1976, and of each recipient of a retirement option of such retired member shall be increased in the amount of two percent (2%) of the monthly allowance. The above percentages shall be based on an assumed minimum allowance of two hundred dollars ($200) per month and an assumed maximum allowance of seven hundred and fifty dollars ($750) per month of annuity in effect the previous month~~].

(6) Effective July 1, *1983, the monthly allowance of each member retired on or before July 1, 1982, and each recipient of a retirement option of such retired member shall be increased in the amount of one percent (1%) of the monthly allowance for each year the member had been retired up to a maximum of five (5) years. The percentage increases shall be based on an assumed maximum allowance of one thousand dollars ($1,000) per month of annuity in effect the previous month* [~~1980, each member retired prior to that date and each recipient of a retirement option of such member shall receive an increase in monthly benefits equal to one dollar ($1.00) for each year, up to a maximum of fifteen (15) years, of credited service prior to July 1, 1941. Effective July 1, 1980, each member who retired prior to that date and each recipient of a retirement option of such member shall receive an increase in monthly benefits equal to five dollars ($5.00) for each year, after the first fifteen (15) years, of credited service prior to July 1, 1941~~].

(7) Effective July 1, 1980, monthly payments of two hundred dollars ($200) shall be payable for the benefit of an adult child of a member retired for service when the child's mental condition is sufficient to cause dependency on the member at the time of retirement. Eligibility for this payment shall continue for the life of such child or until such time as the mental condition creating the dependency no longer exists. Benefits under this subsection shall not apply to adopted children. The board of trustees shall be the sole judge of eligibility or dependency and may require formal application or information relating thereto.

(8) The cost of providing the statutory cost-of-living increases for retired members during 1980-82 and 1982-84 shall be funded by annual appropriations from the state on an amortized basis over the lifetime of the recipients. When the earnings on investments of the retired teacher savings exceeds the actuarial assumed rate of interest, the board of trustees may allocate such excess earnings toward the funding of the amortized payments required during the 1982-84 biennium for the cost-of-living increases approved under subsections (5) and (6) of this section.

SECTION 11. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

(1) Effective July 1, 1982, and thereafter, a district board of education or other employer of members of the teachers' retirement system may compensate, at the time of retirement for service, an active teacher for unused sick leave days in accordance with this section.

The member's sick leave balance, expressed in days, shall be divided by one hundred eighty-five (185) days to determine the amount of service credit that may be considered for addition to the member's retirement account. A maximum of one-half (½) year of credit may be added to a member's service credit for the purpose of determining the retirement allowance under KRS 161.620. Such sick leave credit shall not be used for the purpose of determining whether the member is eligible to receive a retirement allowance under KRS 161.600.

(3) The board shall compute the cost to the retirement system of the sick leave credit for each retiring member and shall bill the last employer of the retiring member for such cost. The employer shall pay the cost of such service credit to the retirement system within fifteen (15) days after receiving notification of the cost from the board.

(4) Retiring members who receive service credit under this section shall not be eligible to receive compensation for accrued sick leave under KRS 161.155(5) or any other statutory provision.

(5) Employer participation is optional and the employer may opt to purchase less service credit than the member is eligible to receive provided the same percentage of reduction is made applicable to all retiring members of the employer during a school fiscal year.

(6) The board of trustees shall formulate and adopt necessary rules and regulations for the administration of the foregoing provisions.

SECTION 12. A NEW SECTION OF KRS CHAPTER 161 IS CREATED TO READ AS FOLLOWS:

The employes of the teachers' retirement system shall endeavor to provide full and complete information to all inquiries presented by members or beneficiaries of members. The members or beneficiaries of the members shall assume full responsibility for obtaining adequate and sufficient information concerning their eligibility for retirement benefits and for selection of the type of benefit available to them.

HJR 54, A JOINT RESOLUTION establishing a Hazardous Waste Facility Siting Commission and declaring an emergency.

WHEREAS, there is a need to evaluate existing state policy regarding hazardous waste facility siting and assess its adequacy to meet state needs; and

WHEREAS, there is a need to review existing data concerning the amounts and types of hazardous waste generated in the Commonwealth, the capacity of existing facilities to handle these wastes, and the feasibility of alternative technologies for handling these wastes;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Legislative Research Commission be directed to appoint a Hazardous Waste Facility Siting Commission and to select a Chairperson and Vice Chairperson. The Commission shall consist of membership from both houses of the legislature. In addition, the Legislative Research Commission shall appoint to the commission representatives from the waste industry, including generators, transporters, and operators of treatment and disposal facilities; representatives from environmental groups; university representatives knowledgeable in the area of chemicals; local government officials; and citizens. In no case shall the membership of the Commission exceed eighteen (18) members.

Section 2. That the Commission is directed to:

(a) Review all available data from all sources to determine the amount and types of hazardous waste generated in Kentucky, to determine the capacity and operational life of existing hazardous waste facilities to handle these wastes.

(b) Assess the technological feasibility of hazardous wastes generated in Kentucky to be recycled, incinerated or otherwise rendered nonhazardous so as not to require land disposal.

(c) Based on the above analyses, assess the need for new hazardous waste facilities in the Commonwealth, both as to type and number.

(d) Review existing statutes relating to hazardous waste facility siting in Kentucky and suggest alternatives to existing procedures that would provide a workable siting mechanism and at the same time provide for local involvement in decision-making and compensation to assure the health, safety, social and economic security of the host community.

Section 3. That the Department for Natural Resources and Environmental Protection, the Commerce Cabinet, and the Department of Energy each be directed to assign one (1) person to provide staff services to the Commission and that primary responsibility for staff coordination be provided by the staff of the Legislative Research Commission.

Section 4. That the Commission report its findings and recommendations to the Legislative Research Commission by December 1, 1982.

Section 5. That members of the Commission shall be reimbursed for their expenses involved in the attendance of meetings. It is estimated that the operation of the Commission will cost approximately $10,000, such monies to be provided from the regular budget of the Legislative Research Commission.

Section 6. Because of the lead time involved in establishing hazardous waste facilities, the evaluation of the policy of the Commonwealth in this regard is of the utmost urgency, and this resolution shall become effective upon its passage and approval by the Governor.

SB 33, AN ACT relating to rural cooperative corporations.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 279.080 is amended to read as follows:

(1) Each corporation formed under this chapter shall have a board of directors of not less than five (5) members, which shall be the governing body of the corporation. Unless otherwise provided in the articles of incorporation, directors need not be members of the corporation. The directors, other than those named in the articles of incorporation, shall be elected annually or as provided for in the bylaws, but no director shall be elected for a longer term than three (3) years. *The directors shall be elected in a manner to insure secrecy and anonymity of ballots cast provided the result of such election is determined by ballot vote.* The directors shall receive such compensation and reimbursement of expenses as the bylaws provide. When a vacancy on the board of directors occurs other than by expiration of a term, the remaining members of the board, by a majority vote, shall fill the vacancy for the remainder of the term by appointment, unless the bylaws otherwise provide.

(2) Subject to the provisions of the articles of incorporation and the bylaws, the board of directors may adopt rules and regulations governing the procedure of the board and the operations of the corporation, and shall manage and conduct the business and affairs of the corporation.

(3) The officers of a corporation shall consist of a president, a secretary, and a treasurer, each of whom shall be elected by the board of directors at such time and in such manner as may be prescribed by the bylaws. Such other officers and assistant officers and agents as may be deemed necessary may be elected or appointed by the board of directors or chosen in such other manner as may be prescribed by the bylaws. Any two or more offices may be held by the same person, except that the offices of the president and secretary may not be held by the same person. All officers and agents of the corporation, as between themselves and the corporation, shall have such authority and perform such duties in the management of the corporation as may be provided in the bylaws, or as may be determined by resolution of the board of directors not inconsistent with the bylaws.

(4) Every officer, employe or agent handling funds, securities or negotiable instruments of or for any corporation created under this chapter shall be required to execute an adequate bond for the faithful performance of his duties in an amount and with security approved by the board.

Section 2. KRS 279.380 is amended to read as follows:

(1) The business of a cooperative shall be managed by a board of not less than five (5) trustees, each of whom shall be a member of the cooperative, or of another cooperative which is a member thereof. The bylaws shall prescribe the number of trustees, their qualifications, other than those prescribed in this section, the manner of holding meetings of the board of trustees and of electing successors to trustees who shall resign, die, or otherwise be incapable of acting. The bylaws may also provide for the removal of trustees from office and for the election of their successors. Trustees shall not receive any salaries for their services as trustees and, except in emergencies, shall not receive any salaries for their services in any other capacity without the approval of the members. The bylaws may, however, prescribe a fixed fee for attendance at each meeting of the board of trustees and may provide for reimbursement of actual expenses of attendance.

(2) The trustees of a cooperative named in any articles of incorporation, consolidation, merger, conversion or combined consolidation and conversion shall hold office until the next annual meeting of the members and until their successors are elected and qualify. At each annual meeting or, in case of failure to hold the annual meeting as specified in the bylaws, at a special meeting called for that purpose, the members shall elect trustees to hold office until the next annual meeting of the members, except as otherwise provided in KRS 279.310 to 279.600. *The trustees so elected shall be elected in a manner to insure secrecy and anonymity of ballots cast provided the result of such election is determined by ballot vote.* Each trustee shall hold office for the term for which he is elected and until his successor is elected and qualifies.

(3) Instead of electing all the trustees annually, the bylaws may provide that one-third (⅓) of them, or a number as near thereto as possible, shall be elected annually for a term of three (3) years.

(4) A majority of the board of trustees shall constitute a quorum.

(5) The board of trustees may exercise all of the powers of a cooperative not conferred upon the members by KRS 279.310 to 279.600, or its articles of incorporation or bylaws.

(6) The officers of a cooperative shall consist of a president, vice president, secretary and treasurer, who shall be elected annually by and from the board of trustees. When a person holding any such office ceases to be a trustee he shall cease to hold such office. The office of secretary and of treasurer may be held by the same person. The board of trustees may also elect or appoint such other officers, agents, or employes as it deems necessary or advisable and shall prescribe their powers and duties. Any officer may be removed from office and his successor elected in the manner prescribed in the bylaws.

The fiscal court of each member county of an area planning commission must vote to dissolve the commission before such dissolution may take effect.

(b) Upon receipt of a petition signed by at least thirty percent (30%) of the number of registered voters who voted in the last presidential election, the fiscal court shall schedule a public hearing on the matter of alteration or dissolution and advertise such hearing as provided in KRS 424.130.

(c) The petition shall be in substantially the following form:

"The undersigned registered voters as determined by subsection (1)(b) of this section living within the area planning commission territory and containing a description of the territory, hereby request that the fiscal court consider the alteration or dissolution of the area planning commission pursuant to this section." The petition shall conspicuously state in laymen's terms that any legal obligations of the commission must be satisfied before the commission can be dissolved and that the citizens residing within the area planning commission territory shall be responsible for the satisfaction of any obligations. Signatures on the petition shall be dated, the last no later than ninety (90) days after the first.

(d) At the hearing, the burden of proving that the commission is providing or taking substantial steps toward providing the services for which it was created, or that no other entity is providing the service, shall be upon the commission. (2) Population density of the commission;

Upon satisfaction of its legal obligations, the commission shall be legally dissolved; any special ad valorem tax imposed by the commission shall be removed from the tax rolls by the county clerk; and any assets of the commission shall be assumed by the county(s).

(2) If the fiscal court determines to alter the boundaries of the commission, it shall draw the new boundaries of the commission and determine the proportional amount of existing legal obligations of the area which is to be excluded from the commission. Upon the satisfaction of such obligations, the new boundaries of the commission shall be legally effected and any affected taxpayer shall be removed from the tax rolls of the commission.

(f) If the final decision of the fiscal court or the circuit court, in the case of an appeal as provided for herein, is against the alteration or dissolution of the commission, no attempt to alter or dissolve the commission pursuant to this section shall be made within three (3) years of the decision.

(g) Any petitioner or member of the commission may, within thirty (30) days of the fiscal court's decision, appeal an adverse finding of the fiscal court to the circuit court in the county containing the greater part of the commission. The circuit court shall review the decision of the fiscal court but shall reverse the decision only if such decision is found to be arbitrary or capricious. If the circuit court reverses the decision of the fiscal court by ordering the alteration or dissolution of the commission, it shall direct the fiscal court to determine, as provided in subsection (1)(e) of this section, a method for satisfying any legal obligations of the commission which might be affected thereby.

Subsequent supplemental statements shall be filed semi-annually thereafter on June 30 and December 31 until the account shows no unexpended balance, continuing debts and obligations, expenditures, or deficit. A candidate does not have to file supplemental reports if the debt is the candidate's personal note.

(6) All reports filed under the provisions of this chapter shall be a matter of public record open to inspection by any member of the public immediately upon receipt of the report by the registry. A duplicate copy of each report filed with the registry shall be filed by the candidate or committee with the county clerk in the county in which the candidate resides at the same time. County clerks shall maintain these reports for public inspection for a period of one (1) year from the date the last report is required to be filed.

A candidate who is opposed but receives no contribution or makes no expenditures shall so report on the dates designated in this section, and file all reports required by KRS 121.015 and 121.100 to *121.220* [~~121.200~~].

(a) Within five (5) days after personally receiving any contributions, the candidate shall surrender possession of the entire contribution or contributions to the treasurer of his principal campaign committee without expending any of the proceeds thereof. No contributions shall be commingled with the candidate's personal funds or accounts. Contributions received by check, money order, or other written instrument shall be endorsed directly to the political committee and shall not be cashed or redeemed by the candidate.

(b) The candidate shall not make any unreimbursed expenditure for his campaign, except that this paragraph does not preclude a candidate from making an expenditure from personal funds to his designated principal campaign committee, which expenditure shall be reported by the committee as a contribution received.

(c) The waiver shall continue in effect as long as the candidate complies with the conditions under which it was granted.

(9) No candidate as defined in this section, nor any committee as defined in this section shall use or permit the use of contributions or funds solicited or received for such person to further the candidacy of such person for a different public office. Any funds or contributions solicited or received by or on behalf of a candidate or any committee, which has been organized in whole or in part to further any candidacy

for the same person, shall be deemed to have been solicited or received for the candidacy for which he is then a candidate if the funds or contributions are solicited or received at any time prior to the general election for which he is a nominee and for thirty days (30) thereafter. Any unexpended balance of funds not otherwise obligated for the payment of expenses incurred to further the candidacy of such person shall, at the election of the candidate or committee, be returned pro rata to all contributors or be transferred to the executive committee of the political party of which the candidate is a member except that a candidate, committee or an official may retain such funds to seek election to the same office.

(11) For capital construction projects, subject to the provisions of KRS Chapter 45A, the bidding may be on a total design-bid basis; a package system commonly referred to as "turnkey"; phase bidding commonly referred to as "fast track"; or construction management, whichever in the judgment of the secretary of the department of finance offers the lowest real cost to the taxpayer. (12) The department of finance shall attempt in every practicable way to insure the state's supplying its real needs at the lowest possible cost.

SECTION 2. A NEW SECTION OF KRS CHAPTER 91A IS CREATED TO READ AS FOLLOWS:

In lieu of the auditing requirements set forth in KRS 91A.040, any city which for the fiscal year in question receives and expends, from all sources, and for all purposes, less than twenty-five thousand dollars ($25,000), and which has no long-term debt, whether general obligation or revenue debt, may comply fully with the provisions of KRS 424.290; and compliance with the provisions of that section shall constitute compliance with and be in lieu of the requirements of KRS 91A.040.

Section 3. KRS 242.120 is amended to read as follows:

(1) Except as provided in subsection (2), whenever an advertisement for a publication area is required by law to be published in a newspaper, the publication must be made in a newspaper that meets the following requirements:

(a) It must be published in the publication area. A newspaper shall be deemed to be published in the area if it maintains *its principal* [~~a known~~] office in the area for the purpose of gathering news and soliciting advertisements and other general business of newspaper publications, and has a second-class mailing permit issued for that office. A newspaper *published* [~~printed~~] outside of Kentucky shall not be eligible to *carry* [~~publish~~] advertisements for any county or publication area within the county, other than for the city in which its main office is located, if there is a newspaper *published* [~~printed~~] in the county that has a substantial general circulation throughout the county and that otherwise meets the requirements of this section; and

(b) It must be of regular issue and have the largest bona fide circulation in the publication area. A newspaper shall be deemed to be of regular issue if it is published regularly, as frequently as once a week, for at least fifty weeks during the calendar year as prescribed by its mailing permit, and has been so published in the area for the immediately preceding *two*[~~one~~]-year period. A newspaper shall be deemed to be of bona fide circulation in the publication area if it is circulated generally in the area, and maintains a definite price or consideration not less than fifty percent of its published price, and is paid for by not less than fifty percent of those to whom distribution is made; and

(c) It must bear a title or name, consist of not less than four pages without a cover, and be of a type to which the general public resorts for passing events of a political, religious, commercial and social nature, and for current happenings, announcements, miscellaneous reading matter, advertisements, and other notices. The news content must be at least twenty-five percent of the total column space in more than one-half of its issues during any twelve-month period.

(d) If, in a publication area there is more than one newspaper which meets the above requirements, the newspaper having the largest bona fide circulation as shown by the published statement of ownership for the publication area shall be the newspaper where advertisements required by law to be published shall be carried.

(e) Publishing shall be considered as the total recurring processes of producing the newspaper, embracing all of the included contents of reading matter, illustrations, and advertising enumerated in paragraphs (a) through (d) of this subsection. A newspaper shall not be excluded from qualifying for the purposes of legal publications as provided in this chapter if its printing or reproduction processes take place outside the publication area.

(2) If, in the case of a publication area smaller than the county in which it is located, there is no newspaper published in the area, the publication shall be made in a newspaper published in the county that is qualified under this section to publish advertisements for the county. If, in any county there is no newspaper meeting the requirements of this section for publishing advertisements for such county, any advertisements required to be published for such county or for any publication area within the county shall be published in a newspaper of the largest bona fide circulation in that county, published in and qualified to publish advertisements for an adjoining county in Kentucky. This subsection is intended to supersede any statute that provides or contemplates that newspaper publication may be dispensed with if there is no newspaper printed or published or of general circulation in the particular publication area.

(3) If a publication area consists of a district, other than a city, which extends into more than one county, the part of the district in each county shall be considered to be a separate publication area for the purposes of this section, and an advertisement for each such separate publication area shall be published in a newspaper qualified under this section to publish advertisements for such area.

Section 4. KRS 424.160 is amended to read as follows:

(1) For all newspaper advertising required by law, the publisher is entitled to receive payment for each insertion at a rate per linear inch, single column, computed as solid eight-point measure. The rate shall not exceed *the lowest rate paid by advertisers for comparable matter in the same publication* [~~that paid by general advertisers for comparable matter, but in no case shall it be less than $1.00 per linear inch for weekly newspapers and $1.50 per linear inch for daily newspapers~~].

(2) Whenever by law or by the nature of the matter to be published a display form of advertisement is required, or whenever the person or officer responsible for causing an advertisement to be published determines in his discretion that a display form is practicable or feasible, and so directs the newspaper, the advertisement shall be published in display form and the newspaper shall be entitled to receive therefor its established display rate.

(3) Whenever it is provided by statute that an advertisement shall be published of the filing of a petition or application seeking official action, the filing, if required by other than a governmental official or agency, shall not be deemed complete unless there is deposited with the petition or application an amount sufficient to pay the cost of publication.

(4) The expense of advertisements in judicial proceedings shall be taxed as costs by the clerk of the court.

Section 5. KRS 424.170 is amended to read as follows:

(1) The affidavit of the publisher or proprietor of a newspaper, stating that an advertisement has been published in his newspaper and the times it was published, attached to a copy of the advertisement, constitutes prima facie evidence that the publication was made as stated in the affidavit.

(2) The affidavit of the person responsible for publishing as described in KRS 424.150, stating that an advertisement has been delivered by first class mail to each residence within the publication area, attached to a copy of the advertisement, constitutes prima facie evidence that the publication was made as stated in the affidavit and that the expenditure for the cost of postage, all supplies, and reproduction of the notice did not exceed the cost of newspaper publication of the advertisement.

Section 6. KRS 424.190 is amended to read as follows:

(1) In any case where a statute now gives discretion to a public officer or agency or governmental body as to the method of making an advertisement required by the statute, and in any case where a statute now provides that an advertisement may be made either by posting or by newspaper publication, the advertisement shall be made by newspaper publication in accordance with the provisions of this chapter, *except as provided in subsection (2) of this section.*

(2) Any city of the fifth or sixth class may, when the cost of the newspaper publication exceeds the cost of postage, supplies and reproduction for the alternative method of publication, in lieu of newspaper publication of advertisement, substitute delivery of a copy of the advertisement by first class mail to each residence within the publication area.

Section 7. KRS 424.220 is amended to read as follows:

Excepting officers of a city of the first class, a county containing such a city, a public agency of such a city or county, or a joint agency of such a city and county, or of a school district of such a city or county, and excepting officers of a city of the second class *or an urban county government* [~~that is required by law to publish an annual audit of its financial affairs~~], every public officer of any school district, city, county, or subdivision or district less than a county, whose duty it is to collect, receive, have the custody, control or disbursement of public funds, and every officer of any board or commission of a city, county or district whose duty it is to collect, receive, have the custody, control or disbursement of funds collected from the public in the form of rates, charges or assessments for services or benefits, shall at the expiration of each fiscal year prepare an itemized, sworn statement of the funds collected, received, held or disbursed by him during the fiscal year just closed, unless he has complied with KRS 424.230. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 355.9-301 is amended to read as follows:

(1) Except as otherwise provided in subsection (2) an unperfected security interest is subordinate to the rights of:

(a) Persons entitled to priority under KRS 355.9-312;

(b) A person who becomes a lien creditor without knowledge of the security interest and before it is perfected;

(c) In the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business to the extent that he gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected;

(d) In the case of accounts, contract rights, and general intangibles, a person who is not a secured party and who is a transferee to the extent that he gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within *twenty (20)* [~~ten (10)~~] days after the collateral comes into possession of the debtor, he takes priority over

the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment. Unless all the creditors represented had knowledge of the security interest such a representative of creditors is a lien creditor without knowledge even though he personally has knowledge of the security interest.

Section 2. KRS 355.9-312 is amended to read as follows:

(1) The rules of priority stated in the following sections shall govern where applicable: KRS 355.4-208 with respect to the security interest of collecting banks in items being collected, accompanying documents and proceeds; KRS 355.9-301 on certain priorities; KRS 355.9-304 on goods covered by documents; KRS 355.9-306 on proceeds and repossessions; KRS 355.9-307 on buyers of goods; KRS 355.9-308 on possessory against non-possessory interests in chattel paper on non-negotiable instruments; KRS 355.9-309 on security interest in negotiable instruments, documents or securities; KRS 355.9-310 on priorities between perfected security interests and liens by operation of law; KRS 355.9-313 on security interests in fixtures as against interests in real estate; KRS 355.9-314 on security interests in accessions as against interests in goods; KRS 355.9-315 on conflicting security interests where goods lose their identity or become part of a product; and KRS 355.9-316 on contractual subordination.

(2) A perfected security interest in crops for new value given to enable the debtor to produce the crops during the production season and given not more than three months before the crops become growing crops by planting or otherwise takes priority over an earlier perfected security interest to the extent that such earlier interest secures obligations due more than six months before the crops become growing crops by planting or otherwise, even though the person giving new value had knowledge of the earlier security interest.

(3) A purchase money security interest in inventory collateral has priority over a conflicting security interest in the same collateral if:

(a) the purchase money security interest is perfected at the time the debtor received possession of the collateral; and

(b) any secured party whose security interest is known to the holder of the purchase money security interest or who, prior to the date of the filing made by the holder of the purchase money security interest, had filed a financing statement covering the same items or type of inventory, has received notification of the purchase money security interest before the debtor receives possession of the collateral covered by the purchase money security interest; and

(c) such notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within *twenty (20)* [~~ten (10)~~] days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subsections (3) and (4) of this section), priority between conflicting security interests in the same collateral shall be determined as follows

(a) in the order of filing if both are perfected by filing, regardless of which security interest attached first under KRS 355.9-204 (1) and whether it attached before or after filing;

(b) in the order of perfection unless both are perfected by filing, regardless of which security interest attached first under KRS 355.9-204 (1) and, in the case of a filed security interest, whether it attached before or after filing; and

(c) in the order of attachment under KRS 355.9-204 (1) so long as neither is perfected.

(6) For the purpose of the priority rules of subsection (5), a continuously perfected security interest shall be treated at all times as if perfected by filing if it was originally so perfected and it shall be treated at all times as if perfected otherwise than by filing if it was originally perfected otherwise than by filing.

HB 704, AN ACT relating to mechanics' liens.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 376.010 is amended to read as follows:

(1) Any person who performs labor or furnishes materials, *including a person who rents or leases construction and other equipment and tools, whether or not an operator is also provided by such person,* for the erection, altering or repairing of a house or other structure or for any fixture or machinery therein,

for the excavation of cellars, cisterns, vaults, wells or for the improvement in any manner of real property including the furnishing of agricultural lime, fertilizer, concrete pipe or drainage tile, crushed rock, gravel for roads or driveways, and materials used in the construction or maintenance of fences, by contract with, or by the written consent of, the owner, contractor, subcontractor, architect or authorized agent, shall have a lien thereon, and upon the land upon which the improvements were made or on any interest the owner has therein, to secure the amount thereof with interest as provided in KRS 360.040 and costs. The lien on the land or improvements shall be superior to any mortgage or encumbrance created subsequent to the beginning of the labor or the furnishing of the materials, and the lien, if asserted as hereinafter provided, shall relate back and take effect from the time of the commencement of the labor or the furnishing of the materials. The lien shall not be for a greater amount in the aggregate than the contract price of the original contractor, and should the aggregate amount of the liens exceed the price agreed upon between the original contractor and the owner there shall be a pro rata distribution of the original contract price among the lienholders.

(2) The lien shall not take precedence over a mortgage or other contract lien or bona fide conveyance for value without notice, duly recorded or lodged for record according to law, unless the person claiming the prior lien shall, before the recording of the mortgage or other contract lien or conveyance, file in the office of the county clerk of the county wherein he has furnished or expects to furnish labor or materials, a statement showing that he has furnished or expects to furnish labor or materials, and the amount in full thereof. The lien shall not, as against the holder of a mortgage or other contract lien or conveyance, exceed the amount of the lien claimed or expected to be claimed as set forth in the statement. The statement shall, in other respects, be in the form prescribed by KRS 376.080.

(3) No person who has not contracted directly with the owner or his agent shall acquire a lien under this section unless he notifies in writing the owner of the property to be held liable or his authorized agent, within seventy-five (75) days on claims amounting to less than $1,000 and one hundred twenty (120) days on claims in excess of $1,000 after the last item of material or labor is furnished, of his intention to hold the property liable and the amount for which he will claim a lien. It shall be sufficient to prove that the notice was mailed to the last known address of the owner of the property upon which the lien is claimed, or to his duly authorized agent within the county in which the property to be held liable is located.

(4) No person who has not contracted directly with the owner-occupant or his authorized agent shall acquire a lien under this section on an owner-occupied single or double family dwelling or the appurtenances or additions thereto unless he notifies in writing the owner-occupant of the property to be held liable or his authorized agent not more than ten (10) days after the first item of material or labor is furnished, of the delivery of the material or performance of labor and of his intention to hold the property liable and the amount for which he will claim a lien. It shall be sufficient to prove that the notice was mailed to the last known address of the owner-occupant of the property upon which the lien is claimed, or to his duly authorized agent. This notice is in lieu of the notice provided for in subsection (3). Notwithstanding the foregoing provisions of this subsection, the lien provided for under this section shall not be applicable to the extent that an owner-occupant of a single or double family dwelling has, prior to receipt of the notice provided for in this subsection, paid the contractor, subcontractor, architect or authorized agent for work performed or materials furnished prior to such payment. The contractor or subcontractor cannot be the authorized agent under this subsection.

Section 1. KRS 132.010 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Department" means the department of revenue.

(2) "Taxpayer" means any person made liable by law to file a return or pay a tax.

(3) "Real property" includes all lands within this state and improvements thereon.

(4) "Personal property" includes every species and character of property, tangible and intangible, other than real property.

(5) "Resident" means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.

(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent per one hundred dollars of assessed value and applied to the current year's assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount

of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) "Net assessment growth" means the difference in the total valuation of property subject to taxation by the county, city, school district or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and the total valuation of property subject to taxation by the county, city, school district or special district for the current year.

(8) "New property" means the net difference in taxable value between real property additions and deletions to the property tax roll for the current year. "Real property additions" shall mean:

(a) Property annexed or incorporated by a municipal corporation, or any other taxing jurisdiction, however, this definition shall not apply to property acquired through the merger or consolidation of school districts, or the transfer of property from one school district to another;

(b) Property, the ownership of which has been transferred from a tax-exempt entity to a nontax-exempt entity;

(c) The value of improvements to existing nonresidential property;

(d) The value of new residential improvements to property;

(e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;

(f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator the value of such property as a farm shall be a deletion from that category;

(g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

(h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided.

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least ten contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government, where such activities produced an average annual gross income including payments under a state or federal program according to the following scale:

Acres	Annual Gross Income +	Income Per Acre
10 to 30	$1,000+	$60.00 per acre, or a fraction thereof, over 10 acres.
30 to 60	$2,200+	$40.00 per acre, or a fraction thereof, over 30 acres.
60 to 100	$3,400+	$25.00 per acre, or a fraction thereof, over 60 acres.
100 to 250	$4,400+	$10.00 per acre, or a fraction thereof, over 100 acres.
Over 250	$5,900+	$5.00 per acre, or a fraction thereof, over 250 acres.

The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there must be an annual gross income of these amounts within two (2) years of purchase. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(10) "Horticultural land" means any tract of land, including all income-producing improvements but excluding all residences, of at least five contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers or ornamental plants, where such activities produced an average annual gross income according to the following scale:

Acres	Annual Gross Income +	Income Per Acre
5 to 30	$1,000 minimum, or	$100.00 per acre, or a fraction thereof, over 5 acres, or whichever amount is greater.
30 to 60	$3,000+	$50.00 per acre, or a fraction thereof, over 30 acres.

The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there is evidence of anticipated annual gross income of these amounts. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions.

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

(a) Relative percentages of tillable land, pasture land, and woodland;
(b) Degree of productivity of the soil;
(c) Risk of flooding;
(d) Improvements to and on the land that relate to the production of income;
(e) Row crop capability including allotted crops;
(f) Accessibility to all-weather roads and markets; and
(g) Factors which affect the general agricultural or horticultural economy, such as: interest, price of farm products, cost of farm materials and supplies, labor, or any economic factor which would affect net farm income.

(12) "Deferred tax" means the difference in the tax based on agricultural or horticultural value and the tax based on fair cash value.

(13) "Homestead" means real property maintained as the permanent residence of the owner with all land and improvements adjoining and contiguous thereto including, but not limited to, lawns, drives, flower or vegetable gardens, outbuildings and all other land connected thereto.

(14) "Residential unit" means all or that part of real property occupied as the permanent residence of the owner.

(15) "Special benefits" are those which are provided by public works not financed through the general tax levy but through special assessments against the benefited property.

Every two (2) years thereafter, if the cost of living index of the United States department of labor has changed as much as one (1) per cent, the maximum exemption shall be adjusted accordingly.

(d) The real property may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years. The exemption shall apply only to the value of the real property assessable to the owner or, in case of ownership through stock or membership in a corporation, the value of the proportion which his interest in the corporation bears to the assessed value of the property.

(e) A mobile home, *recreational vehicle, or manufactured house* may qualify as a residential unit for purposes of the homestead exemption provision provided the *unit* [~~mobile home~~] is classified as real property as defined in KRS 132.750.

(2) Gross receipts from sales of, and the storage, use or other consumption in this state of:

(a) Nonreturnable and returnable containers when sold without the contents to persons who place the contents in the container and sell the contents together with the container;

(b) Returnable containers when sold with the contents in connection with a retail sale of the contents or when resold for refilling;

As used in this section the term "returnable containers" means containers of a kind customarily returned by the buyer of the contents for reuse. All other containers are "nonreturnable containers";

(3) Gross receipts from the sale of, and the storage, use or other consumption in this state of, tangible personal property used for the performance of a lump sum, fixed fee contract of public works executed prior to February 5, 1960;

(4) Gross receipts from occasional sales of tangible personal property and the storage, use or other consumption in this state of tangible personal property, the transfer of which to the purchaser is an occasional sale;

(6) Gross receipts from sales of tangible personal property made in one cent (1¢) portions through vending machines;

(7) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities or special districts as defined in KRS 65.005. As used in this subsection, "fuel" shall include, but not be limited to, natural gas, electricity, fuel oil, bottled gas, coal, coke and wood. Determinations of eligibility for the exemption shall be made by the department of revenue.

(b) In making such determinations of eligibility, the department may use a utility company's classification of "residential" customers. Where the service is classified as residential, use other than for "residential" purposes by the customer will not negate the exemption.

(c) The exemption does not apply where charges for sewer service, water and fuel are billed to an owner or operator of a multi-unit residential rental facility or *mobile home and recreational vehicle* [~~trailer~~] park other than residential classification.

(d) The exemption applies also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years.

It shall be the duty of the owner to attach same in the prescribed manner and no person may operate a motor vehicle unless such insignia is so affixed upon it. The department shall have placed on said insignia either figures, letters, writing, marks or a combination thereof, which indicate that the motor vehicle has been registered and which in conjunction with the records of the department make identity of the registrant readily ascertainable.

(2) The registration year for commercial vehicles, trailers, semitrailers, *mobile homes, and recreational vehicles* [~~and housetrailers~~] shall be from April 1 to March 31. The registration year for vehicles registered under the provisions of KRS 186.050(2) shall be January 1 to December 31.

(6) Where the stated regular interval between rate adjustments is six (6) months, an adjustment to the interest rate may not result in a rate of interest which is more than one (1) percentage point greater or less than the interest rate in effect prior to such adjustment. If the stated regular interval between rate adjustments exceeds six (6) months, then the maximum adjustment either up or down shall be one (1) percentage point multiplied by the number of whole consecutive six (6) months periods in the interval between rate adjustments.

(7) Any increase in the rate of interest permitted by this section shall be optional with the creditor. Decreases in the rate of interest shall be mandatory whenever the total decrease in the index value equals or exceeds one-quarter (¼) of one (1) percentage point.

(8) If the creditor agrees to impose limitations on interest rate changes that are more restrictive than the limitations specified in this section, then such limitations shall apply to both increases and decreases.

(9) Any changes in the index which are not reflected in a rate adjustment may, by agreement of the parties, be carried over to subsequent rate adjustment periods, and be implemented to the extent not offset by opposite movement in the index.

(10) By agreement of the parties, adjustments to the rate of interest may result in changes in the amount of regular installment payments due under the financing agreement, or in changes in the term of the financing agreement, or in a combination of such changes in amount and term. Adjustments to the amount of installment payments may be made less frequently than adjustments to the interest rate.

(11) For all manufactured home financing transactions under this section, the creditor shall comply with all applicable requirements and disclosures pursuant to Part I of the Consumer Protection Act (Truth-In-Lending Act) 15 USC sec. 1601, et. seq., as amended, and as implemented by Regulation Z promulgated by the board of governors of the federal reserve system.

(12) The creditor shall send written notification of any rate adjustment, by first class mail, postage prepaid, at least one (1) month before the date that the new rate of interest shall take effect.

(13) Notwithstanding any of the requirements and limitations set forth by subsections (3) through (12) of this section, the parties may agree on any terms or provisions in the manufactured housing financing agreement as may be authorized or permitted in any program for residential mortgage loans by the federal home loan bank board or by the office of the comptroller of the currency, department of the treasury, or any other federal department, agency or board. In such event, the creditor shall comply with all applicable limitations, requirements and disclosures of the agency that relate thereto.

HB 730, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.20-020 is amended to read as follows:

(1) No automobile liability or motor vehicle liability policy of insurance insuring against loss resulting from liability imposed by law for bodily injury or death suffered by any person arising out of the ownership, maintenance or use of a motor vehicle shall be delivered or issued for delivery in this state with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto, in limits for bodily injury or death set forth in KRS 304.39-110 under provisions approved by the commissioner, for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of uninsured motor vehicles because of bodily injury, sickness or disease, including death, resulting therefrom[~~; Provided That the named insured shall have the right to reject in writing such coverage; and Provided further That, unless the named insured requests such coverage in writing, such coverage need not be provided in or supplemental to a renewal policy where the named insured had rejected the coverage in connection with a policy previously issued to him by the same insurer~~].

(2) For the purpose of this coverage the term "uninsured motor vehicle" shall, subject to the terms and conditions of such coverage, be deemed to include an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency; an insured motor vehicle with respect to which the amounts provided, under the bodily injury liability bond or insurance policy applicable at the time of the accident with respect to any person or organization legally responsible for the use of such motor vehicle, are less than the limits described in KRS 304.39-110; and an insured motor vehicle to the extent that the amounts provided in the liability coverage applicable at the time of the accident is denied by the insurer writing the same.

(3) Protection against an insurer's insolvency shall be applicable only to accidents occurring during a policy period in which its insured's uninsured motorist coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one (1) year after such an accident. Nothing herein contained shall be construed to prevent any insurer from affording insolvency protection under terms and conditions more favorable to its insureds than is provided hereunder.

(4) In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment shall, to the extent thereof, be entitled to the proceeds of any settlement or judgment resulting from the exercise of any rights of recovery of such person against any person or organization legally responsible for the bodily injury for which such payment is made, including the proceeds recoverable from the assets of the insolvent insurer.

Section 2. KRS 304.39-110 is amended to read as follows:

(1) The requirement of security for payment of tort liabilities is fulfilled by providing:

(a) Liability coverage of not less than ten thousand dollars ($10,000) for all damages arising out of bodily injury sustained by any one person as a result of any one accident, and not less than twenty thousand dollars ($20,000) for all damages arising out of bodily injury sustained as a result of any single accident caused by accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle;

(b) Liability coverage of not less than five thousand dollars ($5,000) for all damages arising out of damage to or destruction of property, including the loss of use thereof, as a result of any one accident arising out of ownership, maintenance, use, loading, or unloading, of the secured vehicle;

(c) That the liability coverages apply to accidents during the contract period in a territorial area not less than the United States of America, its territories and possessions, and Canada; [~~and~~]

(d) Basic reparation benefits as defined in KRS 304.39-020(2)*;*

(e) Underinsured motorist coverage, whereby subject to the terms and conditions of such coverage, the insurance company agrees to pay its own insured for such uncompensated damages as he may recover on account of injury due to a motor vehicle accident because the judgment recovered against the owner of the other vehicle exceeds the policy limits thereon, to the extent of the policy limits on the vehicle of the party recovering, less the amount paid by the liability insurer of the party recovered against. His insurance company shall be subrogated to any amounts it so pays, and upon payment shall have an assignment of the judgment against the other party to the extent of the money it pays; and

(f) Uninsured motorist coverage as required by KRS 304.20-020.

(2) Subject to the provisions on approval of terms and forms, the requirement of security for payment of tort liabilities may be met by a contract the coverage of which is secondary or excess to other applicable valid and collectible liability insurance. To the extent the secondary or excess coverage applies to liability within the minimum security required by this subtitle it must be subject to conditions consistent with the system of required liability insurance established by this subtitle.

(3) Security for a motorcycle is fulfilled by providing only the coverages set forth in subsections (1)(a), (b) and (c) of this section.

Section 3. KRS 304.39-050 is amended to read as follows:

(1) The basic reparation insurance applicable to bodily injury to which this subtitle applies is the security covering the vehicle occupied by the injured person at the time of the accident or, if the injured person is a pedestrian, the security covering the vehicle which struck such pedestrian. If the reparation obligor providing such insurance fails to make payment for loss within thirty (30) days after receipt of reasonable proof of the fact and the amount of loss sustained, the injured person shall be entitled to payment under any contract of basic reparation insurance under which he is a basic reparation insured and the insurer making such payments shall be entitled to full reimbursement from the reparation obligor providing the security covering the vehicle. A pedestrian, as used herein, means any person who is not making "use of a motor vehicle" at the time his injury occurs.

(2) If there is no security covering the vehicle, any contract of basic reparation insurance under which the injured person is a basic reparation insured shall apply.

(3) *Notwithstanding any other provision of this subtitle, a person may stack basic reparation benefits* [~~No person shall recover basic reparation benefits from more than one reparation obligor as a result of the same accident, except as provided in KRS 304.39-140(4) nor in excess of ten thousand dollars ($10,000) as the result of the same accident~~].

Section 4. KRS 304.39-020 is amended to read as follows:

As used in this subtitle:

(1) "Added reparation benefits" mean benefits provided by optional added reparation insurance.

(2) "Basic reparation benefits" mean benefits providing reimbursement for net loss suffered through injury arising out of the operation, maintenance or use of a motor vehicle, subject, where applicable, to the limits, deductibles, exclusions, disqualifications and other conditions provided in this subtitle. The maximum amount of basic reparation benefits payable for all economic loss resulting from injury to any one person as the result of one (1) accident shall be ten thousand dollars ($10,000), regardless of the number of persons entitled to such benefits or the number of providers of security obligated to pay such benefits. Basic reparation benefits consist of one (1) or more of the elements defined as "loss."

(3) "Basic reparation insured" means:

(a) A person identified by name as an insured in a contract of basic reparation insurance complying with this subtitle; and

(b) While residing in the same household with a named insured, the following persons not identified by name as an insured in any other contract of basic reparation insurance complying with this subtitle: a spouse or other relative of a named insured; and a minor in the custody of a named insured or of a relative residing in the same household with the named insured if he usually makes his home in the same family unit, even though he temporarily lives elsewhere.

(4) "Injury" and "injury to person" mean bodily harm, sickness, disease, or death.

(5) "Loss" means accrued economic loss consisting only of medical expense, work loss, replacement services loss, and, if injury causes death, survivor's economic loss and survivor's replacement services loss. Noneconomic detriment is not loss. However, economic loss is loss although caused by pain and suffering or physical impairment.

(a) "Medical expense" means reasonable charges incurred for reasonably needed products, services, and accommodations, including those for medical care, physical rehabilitation, rehabilitative occupational training, and other remedial treatment and care. "Medical expense" may include non-medical remedial treatment rendered in accordance with a recognized religious method of healing. The term includes a total charge not in excess of one thousand dollars ($1,000) per person for expenses in any way related to funeral, cremation, and burial. It does not include that portion of a charge for a room in a hospital, clinic, convalescent or nursing home, or any other institution engaged in providing nursing care and related services, in excess of a reasonable and customary charge for semi-private accommodations, unless intensive care is medically required. Medical expense shall include all healing arts professions licensed by the Commonwealth of Kentucky. There shall be a presumption that any medical bill submitted is reasonable.

(b) "Work loss" means loss of income from work the injured person would probably have performed if he had not been injured, and expenses reasonably incurred by him in obtaining services in lieu of those he would have performed for income, reduced by any income from substitute work actually performed by him.

(c) "Replacement services loss" means expenses reasonably incurred in obtaining ordinary and necessary services in lieu of those the injured person would have performed, not for income but for the benefit of himself or his family, if he had not been injured.

(d) "Survivor's economic loss" means loss after decedent's death of contributions of things of economic value to his survivors, not including services they would have received from the decedent if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of decedent's death.

(e) "Survivor's replacement services loss" means expenses reasonably incurred by survivors after decedent's death in obtaining ordinary and necessary services in lieu of those the decedent would have performed for their benefit if he had not suffered the fatal injury, less expenses of the survivors avoided by reason of the decedent's death and not subtracted in calculating survivor's economic loss.

(6) "Use of a motor vehicle" means any utilization of the motor vehicle as a vehicle including occupying, entering into and alighting from it. It does not include (i) conduct within the course of a business of repairing, servicing, or otherwise maintaining motor vehicles unless the conduct occurs off the business premises, or (ii) conduct in the course of loading and unloading the vehicle unless the conduct occurs while occupying, entering into, or alighting from it.

(7) "Motor vehicle" means any vehicle which transports persons or property upon the public highways of the Commonwealth, propelled by other than muscular power except road rollers, road graders, farm tractors, vehicles on which power shovels are mounted, such other construction equipment customarily used only on the site of construction and which is not practical for the transportation of persons or property upon the highways, such vehicles as travel exclusively upon rails and such vehicles as are propelled by electrical power obtained from overhead wires while being operated within any municipality or where said vehicles do not travel more than five (5) miles beyond the said limits of any municipality. Motor vehicle shall not mean moped as defined in this section.

(8) "Moped" means a pedal bicycle with a helper motor rated no more than two (2) brake horsepower, a cylinder capacity not exceeding fifty (50) cubic centimeters, an automatic transmission not requiring clutching or shifting by the operator after the drive system is engaged, and capable of a maximum speed of not more than thirty (30) miles per hour.

(9) "Public roadway" means a way open to the use of the public for purposes of motor vehicle travel.

(10) "Net loss" means loss less benefits or advantages, from sources other than basic and added reparation insurance, required to be subtracted from loss in calculating net loss.

(11) "Noneconomic detriment" means pain, suffering, inconvenience, physical impairment, and other nonpecuniary damages recoverable under the tort law of this Commonwealth. The term does not include punitive or exemplary damages.

(12) "Owner" means a person, other than a lienholder or secured party, who owns or has title to a motor vehicle or is entitled to the use and possession of a motor vehicle subject to a security interest held by another person. The term does not include a lessee under a lease not intended as security.

(13) "Reparation obligor" means an insurer, self-insurer, or obligated government providing basic or added reparation benefits under this subtitle.

(14) "Survivor" means a person identified in KRS 411.130 as one entitled to receive benefits by reason of the death of another person.

(15) A "user" means a person who resides in a household in which any person owns or maintains a motor vehicle.

(16) "Maintaining a motor vehicle" means having legal custody, possession or responsibility for a motor vehicle by one other than an owner or operator.

(17) "Security" means any continuing undertaking complying with this subtitle, for payment of tort liabilities, basic reparation benefits, and all other obligations imposed by this subtitle.

(18) "Stack" or "stacking" means the accumulating of coverages when there are separate policies for each vehicle covered and the insured has paid a premium on each policy.

Section 5. KRS 304.39-320, Underinsured motorist coverage, is repealed.

The contract shall contain no other provision which excludes or restricts liability in the event of disability caused in a certain specified manner, except provisions excluding or restricting coverage in the event of pregnancy, intentionally self-inflicted injuries, foreign travel or residence, flight in nonscheduled aircraft, war or military service.

2. (5) Statistical reporting. Each insurer writing credit life or credit health insurance within this state shall keep and maintain statistical data of its experience on these kinds of insurance. The insurer shall, on or before May 1 of each year, file with the commissioner its statistical experience data for the year ending December 31 immediately preceding. Such experience shall be reported on forms conforming to those now or hereafter from time to time adopted by the national association of insurance commissioners.

(6) If a group policy has been delivered in this state before June 18, 1980, or has been or is delivered in another state before or on or after June 18, 1980, the insurer shall be required to file only the group certificate and notice of proposed insurance delivered or issued for delivery in this state as specified in subsections (2) and (4) of KRS 304.19-070, and such forms shall be approved by the commissioner if they conform with the requirements specified in such subsections and if the schedules of premium rates applicable to the insurance evidenced by such certificate or notice are not in excess of the insurer's schedules of premium rates filed with the commissioner. The premium rate in effect on existing group policies may be continued until the first policy anniversary date following June 18, 1980. After June 18, 1980, no borrower shall be added to an existing group policy at rates higher than those set forth in subsections (3) and (4) of this section.

(7) The foregoing rates and procedures are deemed to be legislative prerogatives and shall not be subject to administrative or executive change or modification.

Amend printed copy of **HB 791,** page 2, line 2, after the word "*shall*", by deleting the words "*be charged*" and inserting in lieu thereof "*not exceed*"

HB 806, AN ACT relating to insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.15-310 is amended to read as follows:

(1) No policy of life insurance, except as stated in KRS 304.15-360 shall be *delivered or* issued *for delivery* [~~or delivered~~] in this state unless it shall contain, in substance the following provisions, or corresponding provisions which in the opinion of the commissioner are at least as favorable to the defaulting or surrendering policyholder *as are the minimum requirements hereinafter specified and are essentially in compliance with Section 7 of this Act:*

(a) Paid-up nonforfeiture benefit. That, in the event of default in any premium payment, the insurer will grant, upon proper request not later than sixty (60) days after the due date of the premium in default, a paid-up nonforfeiture benefit on a plan stipulated in the policy, effective as of such due date, of such *amount* [~~value~~] as may be hereinafter specified. *In lieu of such stipulated paid-up nonforfeiture benefit, the insurer may substitute, upon proper request not later than sixty (60) days after the due date of the premium in default, an actuarially equivalent alternative paid-up nonforfeiture benefit which provides a greater amount or longer period of death benefits or, if applicable, a greater amount or earlier payment of endowment benefits.*

(b) Cash surrender value. That, upon surrender of the policy within sixty (60) days after the due date of any premium payment in default after premiums have been paid for at least three (3) full years in the case of ordinary insurance or five (5) full years in the case of industrial insurance, the insurer will pay, in lieu of any paid-up nonforfeiture benefit, a cash surrender value of such amount as may be hereinafter specified.

(c) Effective date of benefit. That a specified paid-up nonforfeiture benefit shall become effective as specified in the policy unless the person entitled to make such election elects another available option not later than sixty (60) days after the due date of the premium in default.

(d) Cash surrender value if policy paid up. That, if the policy shall have become paid up by completion of all premium payments or if it is continued under any paid-up nonforfeiture benefit which became effective on or after the third policy anniversary in the case of ordinary insurance or the fifth policy anniversary in the case of industrial insurance, the insurer will pay, upon surrender of the policy within thirty (30) days after any policy anniversary, a cash surrender value of such amount as may be hereinafter specified.

(e) Mortality table and interest rate used. *In the case of policies which cause, on a basis guaranteed in the policy, unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, a statement of the mortality table, interest rate, and method use in calculating cash surrender values and the paid-up nonforfeiture benefits available under the policy. In the case of all other policies,* [~~A~~] statement of the mortality table and interest rate used in calculating the cash surrender values and the paid-up nonforfeiture benefits available under the policy, together with a table showing the cash surrender value, if any, and paid-up nonforfeiture benefits, if any, available under the policy on each policy anniversary either during the first twenty (20) policy years or during the term of the policy, whichever is shorter, such values and benefits to be calculated upon the assumption that there are no dividends or paid-up additions credited to the policy and that there is no indebtedness to the insurer on the policy.

(f) Method used in computing value and benefit. A statement that the cash surrender values and the paid-up nonforfeiture benefits available under the policy are not less than the minimum values and benefits required by or pursuant to the insurance law of the state in which the policy is delivered; and explanation of the manner in which the cash surrender values and the paid-up nonforfeiture benefits are altered by the existence of any paid-up additions credited to the policy or any indebtedness to the insurer on the policy; if a detailed statement of the method of computation of the values and benefits shown in the policy is not stated therein, a statement that such method of computation has been filed with the insurance supervisory official of the state in which the policy is delivered; and a statement of the method to be used in calculating the cash surrender value and paid-up nonforfeiture benefit available under the policy on any policy anniversary beyond the last anniversary for which such values and benefits are consecutively shown in the policy.

(2) Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance may, to the extent inapplicable, be omitted from the policy.

(3) The insurer shall reserve the right to defer the payment of any cash surrender value for a period of six (6) months after demand therefor with surrender of the policy.

Section 2. KRS 304.15-320 is amended to read as follows:

Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary, whether or not required by KRS 304.15-310, shall be an amount not less than the excess, if any, of the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, including any existing paid-up additions, if there had been no default, over the sum of:

(1) [~~Present value of adjusted premiums.~~] The then present value of the adjusted premiums as defined in KRS 304.15-340 *and Section 4 of this Act*, corresponding to premiums which would have fallen due on and after such anniversary, and

(2) [~~Amount of indebtedness.~~] The amount of any indebtedness to the insurer on the policy*; provided, however, that for any policy issued on or after the effective date of Section 4 of this Act as defined therein, which provides supplemental life insurance or annuity benefits at the option of the insured and for an identifiable additional premium by rider or supplemental policy provision, the cash surrender value shall be an amount not less than the sum of the cash surrender value for an otherwise similar policy issued at the same age without such rider or supplemental policy provision and the cash surrender value for a policy which provides only the benefits otherwise provided by such rider or supplemental policy provision.*

Provided, further, that for any family policy issued on or after the effective date of Section 4 of this Act as defined therein, which defines a primary insured and provides term insurance on the life of the spouse of the primary insured expiring before the spouse's age seventy-one (71), the cash surrender value shall be an amount not less than the sum of the cash surrender value for an otherwise similar policy issued at the same age without such term insurance on the life of the spouse and the cash surrender value for a policy which provides only the benefits otherwise provided by such term insurance on the life of the spouse.

And any cash surrender value available within thirty (30) days after any policy anniversary under any policy paid up by completion of all premium payments or any policy continued under any paid-up nonforfeiture benefit whether or not required by KRS 304.15-310 shall be an amount not less than the present value, on such anniversary, of the future guaranteed benefits provided for by the policy, including any existing paid-up additions, decreased by any indebtedness to the insurer on the policy.

Section 3. KRS 304.15-340 is amended to read as follows:

(1) How calculated. *This section shall not apply to policies issued on or after the operative date of Section 4 of this Act as defined therein.* Except as provided in subsection (4) of this section, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding any extra premiums charged because of impairment or special hazards, that the present value, at the date of issue of the policy, of all such adjusted premiums shall be equal to the sum of:

(a) The then present value of the future guaranteed benefits provided for by the policy;

(b) Two per cent (2%) of the amount of insurance, if the insurance be uniform in amount, or of the equivalent uniform amount, as hereinafter defined, if the amount of insurance varies with duration of the policy;

(c) Forty per cent (40%) of the adjusted premium for the first policy year; and

(d) Twenty-five per cent (25%) of either the adjusted premium for the first policy year or the adjusted premium for a whole life policy of the same uniform or equivalent uniform amount with uniform premiums for the whole of life issued at the same age for the same amount of insurance, whichever is less.

(2) In applying the percentages specified in paragraphs (c) and (d) of subsection (1) of this section, no adjusted premium shall be deemed to exceed 4 per cent of the amount of insurance or uniform amount equivalent thereto. Whenever the plan or term of a policy has been changed, either by request of the insured or automatically in accordance with the provisions of the policy, the date of issue of the changed policy for the purposes of determining a nonforfeiture benefit or cash surrender value shall be the date as of which the age of the insured is determined for the purposes of the changed policy. The date of issue of a policy for the purpose of this section shall be the date as of which the rated age of the insured is determined.

(3) In the case of a policy providing an amount of insurance varying with duration of the policy, the equivalent uniform amount thereof for the purpose of this section shall be deemed to be the uniform amount of insurance provided by an otherwise similar policy, containing the same endowment benefit or benefits, if any, issued at the same age and for the same term, the amount of which does not vary with duration and the benefits under which have the same present value at the date of issue as the benefits under the policy; Provided That in the case of a policy providing a varying amount of insurance issued on the life of a child under age ten (10), the equivalent uniform amount may be computed as though the amount of insurance provided by the policy prior to the attainment of age ten (10) were the amount provided by such policy at age ten (10).

(4) The adjusted premiums for any policy providing term insurance benefits by rider or supplemental policy provision shall be equal to:

(a) The adjusted premiums for an otherwise similar policy issued at the same age without such term insurance benefits, increased, during the period for which premiums for such term insurance benefits are payable, by

(b) The adjusted premiums for such term insurance, paragraphs (a) and (b) of this subsection being calculated separately and as specified in subsections (1), (2) and (3) of this section, except that, for the purposes of paragraphs (b), (c), and (d) of subsection (1) of this section, the amount of insurance or equivalent uniform amount of insurance used in the calculation of the adjusted premiums referred to in paragraph (b) of this subsection shall be equal to the excess of the corresponding amount determined for the entire policy over the amount used in the calculation of the adjusted premiums in paragraph (a) of this subsection.

(5) All adjusted premiums and present values referred to in KRS 304.15-310 to 304.15-360, inclusive, *but not including Sections 4 and 5 of this Act* shall for all policies of ordinary insurance be calculated on the basis of the commissioners 1958 standard ordinary mortality table, provided that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than six (6) years younger than the actual age of the insured, and such calculations for all policies of industrial insurance shall be made on the basis of the commissioners 1961 standard industrial mortality table. All calculations shall be made on the basis of the rate of interest specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits provided that such rate of interest

shall not exceed four percent (4%) per year except that a rate of interest not exceeding five and one-half percent (5-½%) per year may be used for policies issued on or after June 17, 1978. In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit for ordinary insurance, the rates of mortality assumed may not be more than those shown in the commissioners 1958 extended term insurance table and for industrial insurance the rates of mortality may not be more than those shown in the commissioners 1961 industrial extended term insurance table. For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the insurer and approved by the commissioner.

SECTION 4. A NEW SECTION OF KRS 304.15-310 to 304.15-350 IS CREATED TO READ AS FOLLOWS:

(1) This section shall apply to all policies issued on or after the effective date of this section as defined in subsection (11) of this section. Except as provided in subsection (7) of this section, the adjusted premiums for any policy shall be calculated on an annual basis and shall be such uniform percentage of the respective premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments or special hazards and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the date of issue of the policy, of all adjusted premiums shall be equal to the sum of: (a) The then present value of the future guaranteed benefits provided for by the policy; (b) One percent (1%) of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten (10) policy years; and (c) One hundred twenty-five percent (125%) of the nonforfeiture net level premium as hereinafter defined. Provided, however, that in applying the percentage specified in (c) above, no nonforfeiture net level premium shall be deemed to exceed four percent (4%) of either the amount of insurance, if the insurance is uniform in amount, or the average amount of insurance at the beginning of each of the first ten (10) policy years. This date of issue of a policy for the purpose of this section shall be the date as of which the rated age of the insured is determined.

(2) The nonforfeiture net level premium shall be equal to the present value, at the date of issue of the policy, of the guaranteed benefits provided for by the policy divided by the present value, at the date of issue of the policy, of an annuity of one (1) per annum payable on the date of issue of the policy and on each anniversary of such policy on which a premium falls due.

(3) In the case of policies which cause, on a basis guaranteed in the policy, unscheduled changes in benefits or premiums, or which provide an option for changes in benefits or premiums other than a change to a new policy, the adjusted premiums and present values shall initially be calculated on the assumption that future benefits and premiums do not change from those stipulated at the date of issue of the policy. At the time of any such change in the benefits or premiums the future adjusted premiums, nonforfeiture net level premiums and present values shall be recalculated on the assumption that future benefits and premiums do not change from those stipulated by the policy immediately after the change.

(4) Except as otherwise provided in subsection (7) of this section, the recalculated future adjusted premiums for any such policy shall be such uniform percentage of the respective future premiums specified in the policy for each policy year, excluding amounts payable as extra premiums to cover impairments and special hazards, and also excluding any uniform annual contract charge or policy fee specified in the policy in a statement of the method to be used in calculating the cash surrender values and paid-up nonforfeiture benefits, that the present value, at the time of change to the newly defined benefits or premiums, of all such future adjusted premiums shall be equal to the excess of (a) the sum of the then present value of the then future guaranteed benefits provided for by the policy and the additional expense allowance, if any, over (b) the then cash surrender value, if any, or present value of any paid-up nonforfeiture benefit under the policy.

(5) The additional expense allowance, at the time of the change to the newly defined benefits or premiums, shall be the sum of (a) one percent (1%) of the excess, if positive, of the average amount of insurance at the beginning of each of the first ten (10) policy years subsequent to the change over the average amount of insurance prior to the change at the beginning of each of the first ten (10) policy years subsequent to the time of the most recent previous change, or, if there has been no previous change, the date of issue of the policy; and (b) one hundred twenty-five percent (125%) of the increase, if positive, in the nonforfeiture net level premium.

(6) The recalculated nonforfeiture net level premium shall be equal to the result obtained by dividing (a) by (b) where

(a) Equals the sum of:

1. The nonforfeiture net level premium applicable prior to the change times the present value of an annuity of one (1) per annum payable on each anniversary of the policy on or subsequent to the date of the change on which a premium would have fallen due had the change not occurred, and

2. The present value of the increase in future guaranteed benefits provided for by the policy, and *(b) Equals the present value of an annuity of one (1) per annum payable on each anniversary of the policy on or subsequent to the date of change on which a premium falls due.*

(7) Notwithstanding any other provisions of this section to the contrary, in the case of a policy issued on a substandard basis which provides reduced graded amounts of insurance so that, in each policy year, such policy has the same tabular mortality cost as an otherwise similar policy issued on the standard basis which provides higher uniform amounts of insurance, adjusted premiums and present values for such substandard policy may be calculated as if it were issued to provide such higher uniform amounts of insurance on the standard basis.

(8) All adjusted premiums and present values referred to in this Act shall for all policies of ordinary insurance be calculated on the basis of the commissioners 1980 standard ordinary mortality table or at the election of the insurer for any one (1) or more specified plans of life insurance, the commissioners 1980 standard ordinary mortality table with ten-year select mortality factors; shall for all policies of industrial insurance be calculated on the basis of the commissioners 1961 standard industrial mortality table; and shall for all policies issued in a particular calendar year be calculated on the basis of a rate of interest not exceeding the nonforfeiture interest rate as defined in this section for policies issued in that calendar year. Provided, however, that:

(a) At the option of the insurer, calculations for all policies issued in a particular calendar year may be made on the basis of a rate of interest not exceeding the nonforfeiture interest rate, as defined in this section, for policies issued in the immediately preceding calendar year.

(b) Under any paid-up nonforfeiture benefit, including any paid-up dividend additions, any cash surrender value available, whether or not required by KRS 304.15-310, shall be calculated on the basis of the mortality table and rate of interest used in determining the amount of such paid-up nonforfeiture benefit and paid-up dividend additions, if any.

(c) Any insurer may calculate the amount of any guaranteed paid-up nonforfeiture benefit including any paid-up additions under the policy on the basis of an interest rate no lower than that specified in the policy for calculating cash surrender values.

(d) In calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the commissioners 1980 extended term insurance table for policies of ordinary insurance and not more than the commissioners 1961 industrial extended term insurance table for policies of industrial insurance.

(e) For insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on appropriate modifications of the aforementioned tables.

(f) Any ordinary mortality tables, adopted after 1980 by the national association of insurance commissioners, that are approved by regulation promulgated by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the commissioners 1980 standard ordinary mortality table with or without ten-year select mortality factors or for the commissioners 1980 extended term insurance table.

(g) Any industrial mortality tables, adopted after 1980 by the national association of insurance commissioners, that are approved by regulation promulgated by the commissioner for use in determining the minimum nonforfeiture standard may be substituted for the commissioners 1961 standard industrial mortality table or the commissioners 1961 industrial extended term insurance table.

(9) The nonforfeiture interest rate per annum for any policy issued in a particular calendar year shall be equal to one hundred twenty-five percent (125%) of the calendar year statutory valuation interest rate for such policy as defined in KRS 304.6-130 to 304.6-180, inclusive to the nearer one quarter of one percent (¼ of 1%).

(10) Notwithstanding any other provision in this code to the contrary, any refiling of nonforfeiture values or their methods of computation for any previously approved policy form which involves only a change in the interest rate or mortality table used to compute nonforfeiture values shall not require refiling of any other provisions of that policy form.

(11) Any insurer may file with the commissioner of a written notice of its election to comply with the provisions of this section after a specified date before January 1, 1989, which shall be the effective date of this section for such insurer. If an insurer makes no such election, the effective date of this section for such insurer shall be January 1, 1989.

SECTION 5. A NEW SECTION OF KRS 304.15-310 to 304.15-350 IS CREATED TO READ AS FOLLOWS:

(1) In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurer based on then estimates of future experience, or in the case of any plan of life insurance which is of such a nature that minimum values cannot be determined by the methods described in KRS 304.15-310 to 304.15-340 and in Section 4 of this Act, then:

(a) The commissioner must be satisfied that the benefits provided under the plan are substantially as favorable to policyholders and insureds as the minimum benefits otherwise required by KRS 304.15-310 to 304.15-360 herein;

(b) The commissioner must be satisfied that the benefits and the pattern of premiums of that plan are not such as to mislead prospective policyholders or insureds;

(c) The cash surrender values and paid-up nonforfeiture benefits provided by such plan must not be less than the minimum values and benefits required for the plan computed by a method consistent with the principles of KRS 304.15-310 to 304.15-360, as determined by regulations promulgated by the commissioner.

(d) Notwithstanding any other provision in the laws of this state, any policy, contract or certificate providing life insurance under any such plan must be affirmatively approved by the commissioner before it can be marketed, issued, delivered or used in this state.

Section 6. KRS 304.15-350 is amended to read as follows:

(1) Any cash surrender value and any paid-up nonforfeiture benefit, available under the policy in the event of default in a premium payment due at any time other than on the policy anniversary, shall be calculated with allowance for the lapse of time and the payment of fractional premiums beyond the last preceding policy anniversary. All values referred to in KRS 304.15-320 to 304.15-340 *and in Section 4 of this Act*, may be calculated upon the assumption that any death benefit is payable at the end of the policy year of death. The net value of any paid-up additions, other than paid-up term additions, shall be not less than the *amounts* [~~dividends~~] used to provide such additions. Notwithstanding KRS 304.15-330, additional benefits payable:

(a) [~~Death or accident.~~] In the event of death or dismemberment by accident or accidental means;

(b) [~~Total disability.~~] In the event of total and permanent disability;

(c) [~~Reversionary annuity.~~] As reversionary annuity or deferred reversionary annuity benefits;

(d) [~~Term insurance benefits.~~] As term insurance benefits provided by a rider or supplemental policy provisions to which, if issued as a separate policy, KRS 304.15-310 to 304.15-360, inclusive, would not apply;

(e) [~~Child term insurance benefits.~~] As term insurance on the life of a child or on the lives of children provided in a policy on the life of a parent of the child, if such term insurance expires before the child's age is twenty-six (26), and is uniform in amount after the child's age is one (1);

(f) [~~Other policy benefits.~~] As other policy benefits additional to life insurance and endowment benefits; and premiums for all such additional benefits, shall be disregarded in ascertaining cash surrender values and nonforfeiture benefits required by KRS 304.15-310 to 304.15-360, inclusive, and no such additional benefits shall be required to be included in any paid-up nonforfeiture benefits.

(2) Contrary provisions. Any condition or stipulation in the policy of insurance or elsewhere contrary to the provisions of KRS 304.15-310 to 304.15-360, and any waiver of such provisions by the insured, shall be void.

SECTION 7. A NEW SECTION OF KRS 304.15-350 to 304.15-360 IS CREATED TO READ AS FOLLOWS:

(1) This section, in addition to all other applicable sections of KRS 304.15-310 to 304.15-360, shall apply to all policies issued on or after January 1, 1986. Any cash surrender value available under the policy in the event of default in a premium payment due on any policy anniversary shall be in an amount which does not differ by more than two-tenths of one percent (2/10 of 1%) of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten (10) policy years, from the sum of the greater of zero and the basic cash value hereinafter specified and the present value of any existing paid-up additions less the amount of any indebtedness to the insurer under the policy.

(2) The basic cash value shall be equal to the present value, on such anniversary, of the future guaranteed benefits which would have been provided for by the policy, excluding any existing paid-up additions and before deduction of any indebtedness to the insurer, if there had been no default, less the then present value of the nonforfeiture factors, as hereinafter defined, corresponding to premiums which would have fallen due on and after such anniversary. Provided, however, that the effects on the basic cash value of supplemental life insurance or annuity benefits or of family coverage, as described in KRS 304.15-320, 304.15-340, or Section 4 of this Act is applicable, shall be the same as are the effects specified in KRS 304.15-320, 304.15-340, or Section 4 of this Act, whichever is applicable, on the cash surrender values defined in that section.

(3) The nonforfeiture factor for each policy year shall be an amount equal to a percentage of the adjusted premium for the policy year, as defined in KRS 304.15-340 or Section 4 of this Act, whichever is applicable. Except as required in this subsection, such percentage:

(a) Must be the same percentage for each policy year between the second policy anniversary and the later of the fifth policy anniversary and the first policy anniversary at which there is available under the policy a cash surrender value in an amount, before including any paid-up additions and before deducting

any indebtedness, of at least two-tenths of one percent (2/10 of 1%) of either the amount of insurance, if the insurance be uniform in amount, or the average amount of insurance at the beginning of each of the first ten (10) policy years; and

(b) Must be such that no percentage after the later of the two (2) policy anniversaries specified in paragraph (a) of this subsection may apply to fewer than five (5) consecutive policy years. Provided, that no basic cash value may be less than the value which would be obtained if the adjusted premiums for the policy, as defined in KRS 304.15-340 or Section 4 of this Act, whichever is applicable, were substituted for the nonforfeiture factors in the calculation of the basic cash value.

(4) All adjusted premiums and present values referred to in this section shall for a particular policy be calculated on the same mortality and interest bases as are used in demonstrating the policy's compliance with the other sections of KRS 304.15-310 to 304.15-360. The cash surrender values referred to in this section shall include any endowment benefits provided for by the policy.

(5) Any cash surrender value available other than in the event of default in a premium payment due on a policy anniversary, and the amount of any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment, shall be determined in manners consistent with the manners specified for determining the analogous minimum amounts in KRS 304.15-310, 304.15-320, 304.15-330, Section 4 of this Act and 304.15-350. The amounts of any cash surrender values and of any paid-up nonforfeiture benefits granted in connection with additional benefits such as those listed as paragraphs (a) to (f) of KRS 304.15-350 shall conform with the principles of this section.

Section 8. KRS 304.15-360 is amended to read as follows:

KRS 304.15-310 to *Section 7 of this Act* [~~304.15-350~~], inclusive, shall not apply to any *of the following:*

(a) Reinsurance,

(b) Group insurance,

(c) Pure endowment,

(d) annuity or reversionary annuity contract, *except as provided in KRS 304.15-315,* [~~nor to any~~]

(e) Term policy of uniform amount, *which provides no guaranteed nonforfeiture or endowment benefits,* or renewal thereof, of *twenty (20)* [~~fifteen (15)~~] years or less expiring before age *seventy-one (71)* [~~sixty-six (66)~~] for which uniform premiums are payable during the entire term of the policy, [~~nor to any~~]

(f) Term policy of decreasing amount, *which provides no guaranteed nonforfeiture or endowment benefits,* on which each adjusted premium, calculated as specified in KRS 304.15-350 *and Section 7 of this Act,* is less than the adjusted premium so calculated, on *a* [~~such fifteen-year~~] term policy *of uniform amount, or renewal thereof, which provides no guaranteed nonforfeiture or endowment benefits,* issued at the same age and for the same initial amount of insurance, *and for a term of twenty (20) years or less expiring before age seventy-one (71), for which uniform premiums are payable during the entire term of the policy;*

(g) Policy, which provides no guaranteed nonforfeiture or endowment benefits, for which no cash surrender value, if any, or present value of any paid-up nonforfeiture benefit, at the beginning of any policy year, calculated as specified in KRS 304.15-320, 304.15-330, 304.15-340 and Section 4 of this Act, exceeds two and one-half percent (2 ½%) of the amount of insurance at the beginning of the same policy year; nor to any

(h) Policy which shall be delivered outside this state through an agent or other representative of the insurer issuing the policy.

For purposes of determining the applicability of this Act, the age at expiry for a joint term life insurance policy shall be at the age at expiry of the oldest life.

Section 9. KRS 304.6-140 is amended to read as follows:

(1) This subsection applies only to policies and contracts issued prior to January 1, 1948, or such earlier date after June 13, 1944, as shall have been elected by an insurer as the date on and after which it would comply with the standard nonforfeiture law. Except as otherwise provided in paragraph (b) of subsection 2 of this section, the minimum standard for the valuation of all such policies and contracts shall be that provided by the laws in effect immediately prior to such date, except that the minimum standard for the valuation of annuities and pure endowments purchased under group annuity and pure endowment contracts issued prior to such effective date shall be that provided by the laws in effect immediately prior to such date but replacing the interest rates specified in such laws by an interest rate of five percent (5%) per annum. Reserves for all such policies and contracts may be calculated, at the option of the insurer, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by this subsection.

(2) This subsection applies only to policies and contracts issued on and after January 1, 1948, or such earlier date after June 13, 1944, as shall have been elected by an insurer as the date on and after which it would comply with the standard nonforfeiture law, except as otherwise provided in paragraph (b) of this subsection for group annuity and pure endowment contracts issued prior to such date.

(a) Except as otherwise provided in paragraph (b) of this subsection *and in Section 10 of this Act,* the minimum standard for the valuation of all such policies and contracts shall be the commissioners reserve valuation methods defined in KRS 304.6-150, 304.6-155, and 304.6-180, five percent (5%) interest for group annuity and pure endowment contracts, four percent (4%) interest for all other such policies and contracts issued prior to June 17, 1978, four and one-half percent (4-½%) interest for such policies and contracts, other than annuity and pure endowment contracts, issued on or after June 17, 1978, and the following tables:

1. Standard ordinary mortality table. For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies, — the commissioners 1941 standard ordinary mortality table; Provided, however, That the commissioners 1958 standard ordinary mortality table shall be the table for such minimum standard for such policies issued on and after January 1, 1966, or such earlier date after June 16, 1960, as shall have been elected by an insurer as the date on and after which it would use such table as the basis for minimum cash surrender values and nonforfeiture benefits under the standard nonforfeiture law *and prior to the effective date of Section 4 of this Act*; provided that for any category of such policies issued on female risks all modified net premiums and present values referred to in KRS 304.6-130 to 304.6-180, inclusive, may be calculated according to an age not more than six (6) years younger than the actual age of the insured*; and for such policies issued on or after the effective date of Section 4 of this Act the Commissioners 1980 Standard Ordinary Mortality Table, or at the election of the company for any one (1) or more specified plans of life insurance, the Commissioners 1980 Standard Ordinary Mortality Table with Ten-Year Select Mortality Factors, or any ordinary mortality table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies.*

2. Standard industrial mortality table. For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies, — the 1941 standard industrial mortality table; provided, however, that the commissioners 1961 standard industrial mortality table shall be the table for such minimum standard for such policies issued on and after January 1, 1968, or such earlier date after June 14, 1962, as shall have been elected by the insurer as the date on and after which it would use such table as the basis for minimum cash surrender values and nonforfeiture benefits under the standard nonforfeiture law *or any industrial mortality table, adopted after 1980 by the national association of insurance commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies.*

3. *Individual* [~~Standard~~] annuity mortality table or annuity mortality table. For individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies — the 1937 Standard Annuity Mortality Table or, at the option of the insurer, the Annuity Mortality Table for 1949, Ultimate, or any modification of either of these tables approved by the commissioner.

4. Group annuity mortality table. For group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies — the group annuity mortality table for 1951, any modification of such table approved by the commissioner, or, at the option of the insurer, any of the tables or modifications of tables specified for individual annuity and pure endowment contracts.

5. [~~Class (3)~~] Disability table. For total and permanent disability benefits in or supplementary to ordinary policies or contracts on active and disabled lives — for policies or contracts issued on or after January 1, 1966, the tables of period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 disability study of the society of actuaries, with due regard to the type of benefit *or any tables of disablement rates and termination rates, adopted after 1980 by the national association of insurance commissioners, that are approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies*; for policies or contracts issued on or after January 1, 1961 and prior to January 1, 1966, either such tables or, at the option of the insurer, the class (3) disability table (1926), and for policies issued prior to January 1, 1961, the class (3) disability table (1926). In addition, any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies.

6. *Accidental death* [~~Inter-company double indemnity~~] mortality table. For accidental death benefits in or supplementary to policies — for policies issued on or after January 1, 1966, the 1959 accidental death benefits table *or any accidental death benefits table, adopted after 1980 by the national association of insurance commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies*; for policies issued on or after January 1, 1961 and prior to January 1, 1966, either such table or, at the option of the insurer, the inter-company double indemnity mortality table; and for policies issued prior to January 1, 1961, the inter-company double indemnity mortality table. *Any such* [~~Either~~] table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

7. Group life and other tables. For group life insurance, life insurance issued on the substandard basis and other special benefits — such tables as may be approved by the commissioner.

(b) *Except as provided in Section 10 of this Act,* the minimum standard for the valuation of all individual annuity and pure endowment contracts issued prior to January 1, 1979, excluding any disability and accidental death benefits in such contracts, shall be the commissioners reserve valuation methods defined in KRS 304.6-150 and 304.6-155, six percent (6%) interest for single premium immediate annuity contracts and four percent (4%) interest for all other contracts, and the 1971 individual annuity mortality table, or any modification of this table approved by the commissioner.

The minimum standard for the valuation of all annuities and pure endowments purchased prior to January 1, 1979, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the commissioners reserve valuation methods defined in KRS 304.6-150 and 304.6-155, six percent (6%) interest, and the 1971 group *annuity* mortality table, or any modification of this table approved by the commissioner.

The minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after January 1, 1979, excluding any disability and accidental death benefits in such contracts, shall be the commissioners reserve valuation methods defined in KRS 304.6-150 and 304.6-155, seven and one-half percent (7-½%) interest for single premium immediate annuity contracts, five and one-half percent (5-½%) interest for single premium deferred annuity and pure endowment contracts and four and one-half percent (4-½%) interest for all other individual annuity and pure endowment contracts, and the 1971 individual annuity mortality table, *or any individual annuity mortality table adopted after 1980 by the national association of insurance commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standards of valuation for such contracts,* or any modification of *these tables* [~~this table~~] approved by the commissioner.

The minimum standard for the valuation of all annuities and pure endowments purchased on or after January 1, 1979 under group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the commissioners reserve valuation methods defined in KRS 304.6-150 and 304.6-155, seven and one-half percent (7-½%) interest, and the 1971 group annuity mortality table, *or any group annuity mortality table, adopted after 1980 by the national association of insurance commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standards of valuation for such contracts,* or any modification of *these tables* [~~this table~~] approved by the commissioner.

The minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after July 1, 1976, and prior to January 1, 1979, and of all annuities and pure endowments purchased on or after July 1, 1976, and prior to January 1, 1979, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the standard specified in this paragraph, or, at the option of the insurer with respect to any such contracts or purchases, the standard specified in paragraph (a) of this subsection.

SECTION 10. A NEW SECTION OF SUBTITLE 6 OF KRS CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

(1) The interest rates used in determining the minimum standard for the valuation of:

(a) All life insurance policies issued in a particular calendar year, on or after the effective date of Section 4 of this Act;

(b) All individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1983;

(c) All annuities and pure endowments purchased in a particular calendar year on or after January 1, 1983 under group annuity and pure endowment contracts; and

(d) The net increase, if any, in a particular calendar year after January 1, 1983, in amounts held under guaranteed interest contracts shall be the calendar year statutory valuation interest rates as defined in this section.

(2) The calendar year statutory valuation interest rates, I, shall be determined as follows and the results rounded to the nearer one-quarter of one percent (¼ of 1%):

(a) For life insurance,

$I = .03 + W(R1 - .03) + W/2\,(R2 - .09);$

(b) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options,

$I = .03 + W(R - .03)$

where $R1$ is the lesser of R and .09,

$R2$ is the greater of R and .09,

R is the reference interest rate defined in this section,

and W is the weighting factor defined in this section,

(c) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in paragraph (b) above, the formula for life insurance stated in paragraph (a) above shall apply to annuities and guaranteed interest contracts, with guarantee durations in excess of ten (10) years and the formula for single premium immediate annuities stated in paragraph (b) above shall apply to annuities and guaranteed interest contracts with guarantee duration of ten (10) years or less;

(d) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in paragraph (b) above shall apply;

(e) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, the formula for single premium immediate annuities stated in paragraph (b) above shall apply.

However, if the calendar year statutory valuation interest rate for any life insurance policies issued in any calendar year determined without reference to this sentence differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than one-half of one percent (½ of 1%), the calendar year statutory valuation interest rate for such life insurance policies shall be equal to the corresponding actual rate for the immediately preceding calendar year. For purposes of applying the immediately preceding sentence, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1980 (using the reference interest rate defined for 1979) and shall be determined for each subsequent calendar year regardless of when Section 4 of this Act becomes effective.

(3) The weighting factors referred to in the formulas stated above are given in the following tables:

(a) Weighting Factors for Life Insurance:

Guarantee Duration (Years)	*Weighting Factors*
10 or less	*.50*
More than 10, but not more than 20	*.45*
More than 20	*.35*

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy;

(b) Weighting factor for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options:

.80

(c) Weighting factors for other annuities and for guaranteed interest contracts, except as stated in (b) above, shall be as specified in tables 1., 2., and 3. below, according to the rules and definitions in 4., 5., and 6. below:

1. For annuities and guaranteed interest contracts valued on an issue year basis:

Guarantee Duration	*Weighting Factor For Plan Type*		
(Years)	*A*	*B*	*C*
5 or less:	*.80*	*.60*	*.50*
More than 5, but not more than 10:	*.75*	*.60*	*.50*
More than 10, but not more than 20:	*.65*	*.50*	*.45*
More than 20:	*.45*	*.35*	*.35*

2. For annuities and guaranteed interest contracts valued on a change in fund basis, the factors shown in 1. above increased by:

Plan Type		
A	*B*	*C*
.15	*.25*	*.05*

3. For annuities and guaranteed interest contracts valued on an issue year basis (other than those with no cash settlement options) which do not guarantee interest on considerations received more than one (1) year after issue or purchase and for annuities and guaranteed interest contracts valued on a change in fund basis which do not guarantee interest rates on considerations received more than twelve (12) months beyond the valuation date, the factors shown in 1. or derived in 2. increased by:

Plan Type		
A	*B*	*C*
.05	*.05*	*.05*

4. For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee duration in excess of twenty (20) years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

5. Plan type as used in the above tables is defined as follows:

Plan Type A: At any time policyholder may withdraw funds only with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurer, or without such adjustment but in installments over five (5) years or more, or as an immediate life annuity, or no withdrawal permitted.

Plan Type B: Before expiration of the interest rate guarantee, policyholder may withdraw funds only with an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurer, or without such adjustment but in installments over five (5) years or more, or no withdrawal permitted. At the end of interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than five (5) years.

Plan Type C: Policyholder may withdraw funds before expiration of interest rate guarantee in a single sum or installments over less than five (5) years either without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurer, or subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

6. An insurer may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change in fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue year basis. As used in this section, an issue year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

(4) The Reference Interest Rate referred to in subsection (2) of this section shall be defined as follows:

(a) For all life insurance, the lesser of the average over a period of thirty-six (36) months and the average over a period of twelve (12) months, ending on June 30 of the calendar year next preceding the year of issue, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(b) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of twelve (12) months, ending on June 30 of the calendar year of issue or year of purchase, of Moody's Corporate Bond Yield Average Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(c) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in paragraph (b) above, with guarantee duration in excess of ten (10) years, the lesser of the average over a period of thirty-six (36) months and the average over a period of twelve (12) months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(d) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in paragraph (b) above, with guarantee duration of ten (10) years or less, the average over a period of twelve (12) months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(e) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of twelve (12) months, ending on June 30 of the calendar year of issue or purchase, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(f) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, except as stated in paragraph (b) above, the average over a period of twelve (12) months, ending on June 30 of the calendar year of the change in the fund, of Moody's Corporate Bond Yield Average - Monthly Average Corporates, as published by Moody's Investors Service, Inc.

(5) In the event that Moody's Corporate Bond Yield Average - Monthly Average Corporates is no longer published by Moody's Investors Service, Inc., or in the event that the National Association of Insurance Commissioners determines that Moody's Corporate Bond Yield Average - Monthly Average Corporates

as published by Moody's Investors Service, Inc. is no longer appropriate for the determination of the reference interest rate, then an alternative method for determination of the reference interest rate, which is adopted by the National Association of Insurance Commissioners and approved by regulation promulgated by the commissioner, may be substituted.

Section 11. KRS 304.6-150 is amended to read as follows:

(1) Except as otherwise provided in KRS 304.6-155 and 304.6-180, reserves according to the commissioners reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (a) over (b), as follows:

(a) Net level annual premium. A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one (1) per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due. Such net level annual premium shall not exceed the net level annual premium on the nineteen-year premium whole life plan for insurance of the same amount at an age one (1) year higher than the age at issue of such policy.

(b) Net one-year term premium. A net one-year term premium for such benefits provided for in the first policy year.

Provided that for any life insurance policy issued on or after January 1, 1986 for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the commissioners reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall, except as otherwise provided in KRS 304.6-180, be the greater of the reserve as of such policy anniversary calculated as described in the preceding subsection and the reserve as of such policy anniversary calculated as described in that subsection, but with the value defined in paragraph (a) of that subsection being reduced by fifteen percent (15%) of the amount of such excess first year premium, all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date, the policy being assumed to mature on such date as an endowment, and the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in KRS 304.6-140 and Section 10 of this Act shall be used.

(2) Reserves according to the commissioners reserve valuation method for:

(a) Life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums,

(b) Group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer (including a partnership or sole proprietorship) or by an employe organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under Section 408 of the Internal Revenue Code, as now or hereafter amended,

(c) Disability and accidental death benefits in all policies and contracts, and

(d) All other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a method consistent with the provisions of this section, except that any extra premiums charged because of impairments or special hazards shall be disregarded in the determination of modified net premiums.

Section 12. KRS 304.6-160 is amended to read as follows:

In no event shall an insurer's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, which are subject to subsection (2) of KRS 304.6-140, be less than the aggregate reserves calculated in accordance with the methods set forth in KRS 304.6-150, 304.6-155, [~~and~~] 304.6-180 *and Section 14 of this Act*, and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

Section 13. KRS 304.6-180 is amended to read as follows:

If in any contract year the gross premium charged by any life insurer on any policy or contract, which is subject to subsection (2) of KRS 304.6-140, is less than the valuation net premium for the policy or contract calculated by the method used in calculating the reserve thereon, but using the minimum valuation standards of mortality and rate of interest, the minimum reserve required for such policy or contract shall be the greater of either the reserve calculated according to the mortality table, rate of interest, and method actually used for such policy or contract, or the reserve calculated by the method actually used for such policy or contract but using the minimum standards of mortality and rate of interest and replacing the valuation net premium by the actual gross premium in each contract year for which the valuation net premium exceeds the actual gross premium. *The minimum valuation standards of mortality and rate of interest referred to in this section are those standards stated in KRS 304.6-140 and Section 10 of this Act. Provided that for any life insurance policy issued on or after January 1, 1986 for which the gross premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the foregoing provisions of this section shall be applied as if the method actually used in calculating the reserve for such policy were the method described in KRS 304.6-150, ignoring the second subsection of that section. The minimum reserve at each policy anniversary of such a policy shall be the greater of the minimum reserve calculated in accordance with KRS 304.6-150, including the second subsection of that section, and the minimum reserve calculated in accordance with this section.*

SECTION 14. A NEW SECTION OF SUBSECTION 15 OF CHAPTER 304 IS CREATED TO READ AS FOLLOWS:

In the case of any plan of life insurance which provides for future premium determination, the amounts of which are to be determined by the insurer based on then estimates of future experience, or in the case of any plan of life insurance or annuity which is of such a nature that the minimum reserves cannot be determined by the methods described in KRS 304.6-150, 304.6-155 and 304.6-180, the reserves which are held under any such plan must:

(1) Be appropriate in relation to the benefits and the pattern of premiums for that plan; and

(2) Be computed by a method which is consistent with the principles of this standard valuation law; as determined by regulations promulgated by the commissioner.

The ballot shall contain the following admonition to the voter: "The (name of the area planning commission) may have existing legal obligations which must be satisfied before the commission can be dissolved. The citizens residing within the area planning commission territory shall be responsible for the satisfaction of any obligations." The question of the dissolution of the commission shall be placed on the ballot in substantially the following form: "The (name of the area planning commission and containing a description of the commission's territory) should be dissolved." (j) Any member county of an area planning commission may withdraw its membership after following the procedures defined herein. The commission shall continue to function after such withdrawals, with its boundaries consisting of the remaining county members. No county may withdraw from any commission unless it satisfies its part of all contractual obligations assumed by the commission prior to the passage of its resolution.

(5) Nothing contained herein shall be construed as prohibiting any county, which is included in the territory of an area planning commission, from withdrawing that county's membership in an area planning commission, provided that the procedures for effectuating such withdrawal shall be in accordance with either subsection (3) or subsection (4) of this section."; and on page 15, line 16, by deleting lines 16 through 25 in their entirety.

(1) In any county which does not have a district judge resident in the county there shall be a trial commissioner.

(2) Trial commissioners shall be appointed in the manner required by Section 113 of the Constitution of Kentucky and shall perform such duties as may be directed by the Supreme Court.

(3) Trial commissioners in district court shall be compensated as provided in the judicial personnel system, provided, however that no trial commissioner shall be compensated at a rate greater than seven thousand two hundred dollars ($7,200) per year. *Except that during the disability or suspension of a district judge for a period in excess of sixty (60) days, a trial commissioner who is qualified as an attorney and who is authorized to perform extraordinary duties, may be compensated by the Supreme Court in an amount not exceeding the salary of a district judge, provided such trial commissioner shall not engage in the practice of law during the period of extraordinary service.*

Section 2. KRS 26A.090 is amended to read as follows:

As used in KRS 26A.090 to 26A.115 unless the context otherwise requires:

(1) "Operating costs allowance" means compensation equivalent to the annual expenses borne by the unit of government for utilities, janitorial service, rent, insurance and necessary maintenance, repair and upkeep of the court facility which do not increase the permanent value or expected life of the court facility, but keeps it in efficient operating condition, *and, at the election of the administrative office of the courts, capital costs of interior or mechanical renovations for the benefit of the court.*

(2) "Use allowance" means compensation equal to four percent (4%) annually of the total original capital costs and the cost of capitalized renovation of the court facility, *except that if indebtedness has been incurred in respect to such capital costs at a constant annual interest rate equal to or greater than seven percent (7%), compensation shall be at a rate of eight percent (8%) annually of that portion of the capital costs for which the rate applies. Provided, however that in no instance shall the use allowance be less than one dollar ($1.00) per net square foot of space occupied by the court of justice.*

(3) "Capital costs" means the costs borne by the unit of government, excluding grants, *conditioned by the grantor agency specifically for court facility construction or renovation,* for acquisition of property and for construction and capitalized renovation including interest accruing during construction or renovation, but no other interest of each court facility. If capital costs are not documented, reasonable estimates provided by qualified appraisers will suffice.

(4) "Capitalized renovation" means all remodeling involving the structural or mechanical systems, except for remodeling that involves substantial demolition of the original structure. Remodeling involving substantial demolition of the original structure shall constitute construction resulting in a new court facility.

(5) "Unit of government" means a county, city, urban-county government, special district or corporate entity created for the purpose of constructing or holding title to a court facility.

(6) "Court facility" means the land and buildings owned or operated by a unit of government in which space for the court of justice is provided. Judges' benches, jury and witness boxes, and fixed seating shall be considered as permanent building fixtures.

(7) "Court facilities standards committee" means a committee consisting of the chief justice or his designee, one judge each of the court of appeals, the circuit court and the district court appointed by the supreme court, the president of the circuit clerks' association, the chairman of the judiciary-courts committees of the general assembly, the secretary of the executive department for finance and administration, and a county judge/executive appointed by the governor. Each appointed member shall serve for a term of four (4) years from the date of his appointment or until he vacates the office in respect to which he was appointed, whichever is earlier.

Section 3. KRS 26A.100 is amended to read as follows:

(1) The circuit and the district court shall be held in the county courthouse of each county unless otherwise ordered by the supreme court in which case it may be held at any other location made available by the county and owned, leased, or controlled by the county. Circuit or district court may also be held in such other locations in the county as may be convenient and approved by the supreme court.

(2) Every county or urban-county government shall provide such reasonably available space which would not disrupt the operation of county government as necessary in the county courthouse, or in other county facilities as permitted in subsection (1), for:

(a) A courtroom or courtrooms for the circuit and the district court;

(b) Chambers for the circuit judge and district judge or judges;

(c) Office space for the circuit and district court staffs;

(d) Office and storage space for the circuit clerk's operations;

(e) Jury facilities for the circuit and the district court;

(f) Office space for other officers of the court of justice including pretrial release officers, court reporters, court administrators, judges' secretaries, friends of the court and commissioners; and

(g) Such other facilities necessary for the operation of the circuit and the district court as may be agreed upon by the county or urban-county government and the administrative office of the courts.

(3) If all necessary facilities for the holding of circuit or district court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in county facilities, every city shall, upon request of the administrative office of the courts, provide such reasonably available space which would not disrupt the operation of city government as necessary in the city's facilities for the operations of circuit or district court, or both. The city shall be responsible for providing space for the operations listed in subsection (2) of this section.

(4) If all necessary facilities for the holding of circuit or district court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in county or city facilities, every agency of state government, special district, and independent agency of local government, other than a city, may, upon the request of the administrative office of the courts, provide such space as necessary in facilities owned, leased, or controlled by such organization for the operations of circuit or district court, or both. The agency may provide space for the operations listed in subsection (2) of this section.

(5) If all necessary facilities for the holding of circuit or district court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in public facilities, private facilities may be rented, leased, purchased, or otherwise acquired, by the *administrative office of the courts* [~~department of finance~~] pursuant to permission granted by the chief justice for such acquisition and in compliance with the provisions of KRS Chapters 45 and 56.

Section 4. KRS 26A.115 is amended to read as follows:

(1) Each unit of government providing space in a court facility to the court of justice under the provisions of KRS 26A.100 shall be paid an operating costs allowance plus a use allowance to be administered by the *administrative office of the courts* [~~department for finance~~].

(2) The precise amount paid for operating costs allowance and use allowance shall be computed by allocating to the court of justice its proportionate share of each category according to the relative portion of the floor space in the facility which is occupied by the court of justice. Compensation shall be calculated on an annualized basis, may be in the form of rental per square footage, and shall be paid quarterly. Should the availability of space provided to the court of justice be limited by the governmental unit to a part-time basis, the compensation shall be apportioned according to the number of days or partial days per week in which it is made available, one (1) day or partial day per week being considered as one-fifth (1/5) of the time.

(6) In the event that all of the balls in the box have been exhausted the box shall be refilled utilizing the process required by subsections (1) to (4) of this section.

The service of summons may be either made personally by the sheriff or sent by *first class* [~~certified~~] mail, [~~return receipt requested,~~] addressed to him at his usual residence, business, or post office address. Jurors summoned in this way~~] need not be given the notice provided in subsection (8) of this section.

(11)[~~(10)~~] Only persons duly qualified and summoned under subsection (8) of this section and KRS 29A.070 shall serve as jurors.

The judge shall request the chief circuit judge for the adjoining county to draw and summon as many jurors as are needed. Jurors summoned under this subsection need not be given the notice provided in subsection (8) of this section.

At any time for cause shown, the court may excuse a grand juror either temporarily or permanently and may swear another grand juror from a current jury panel in place of the one excused. The discharge of any such grand juror shall in no way or manner affect any indictment found by the grand jury as it was composed either before or after such discharge. If it is impossible to fill the vacancy on the grand jury from a current jury panel, the chief circuit judge may summon, using the procedure in KRS 29A.060*(10)*[~~(9)~~], such number of prospective jurors as deemed necessary for the purpose.

Section 12. KRS 29A.280 is amended to read as follows:

(1) Juries for all *criminal* trials in circuit court shall be composed of twelve (12) persons *and juries for civil trials in circuit court shall be composed of six (6) persons*. Juries for all *civil and criminal* trials in district court shall be composed of six (6) persons.

(2) [~~In circuit court, at any time before the jury is sworn, the parties with the approval of the court may stipulate that the jury shall consist of any number less than twelve (12), except that no jury shall consist of less than six (6) persons.~~

(8)[~~(7)~~] The names of the candidates shall be placed on the voting machine in a separate column or line headed or preceded by the words "Judicial Ballot," and in such a manner that the casting of a vote for all of the candidates of a political party will not operate to cast a vote for judicial candidates. (2) "Use allowance" means compensation equal to four percent (4%) annually of the total original capital costs and the cost of capitalized renovation of the court facility, *except that if indebtedness has been incurred in respect to such capital costs at a constant annual interest rate equal to or greater than seven percent (7%), compensation shall be at a rate of eight percent (8%) annually of that portion of the capital costs for which the rate applies.*

(3) "Capital costs" means the costs borne by the unit of government, excluding grants, *conditioned by the grantor agency specifically for court facility construction or renovation,* for acquisition of property and for construction and capitalized renovation including interest accruing during construction or renovation, but no other interest of each court facility. Circuit or district court may also be held in such other locations in the county as may be convenient and approved by the supreme court.

(2) Every county or urban-county government shall provide such reasonably available space which would not disrupt the operation of county government as necessary in the county courthouse, or in other county facilities as permitted in subsection (1), for:

The city shall be responsible for providing space for the operations listed in subsection (2) of this section.

(4) If all necessary facilities for the holding of circuit or district court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in county or city facilities, every agency of state government, special district, and independent agency of local government, other than a city, may, upon the request of the administrative office of the courts, provide such space as necessary in facilities owned, leased, or controlled by such organization for the operations of circuit or district court, or both. (5) If all necessary facilities for the holding of circuit or district court, for the clerk's operations, or for the operation of the court or its ancillary functions, are not available in public facilities, private facilities may be rented, leased, purchased, or otherwise acquired, by the *administrative office of the courts* [~~department of finance~~] pursuant to permission granted by the chief justice for such acquisition and in compliance with the provisions of KRS Chapters 45 and 56.

Section 4. KRS 26A.115 is amended to read as follows:

Compensation shall be calculated on an annualized basis, may be in the form of rental per square footage, and shall be paid quarterly. Should the availability of space provided to the court of justice be limited by the governmental unit to a part-time basis, the compensation shall be apportioned according to the number of days or partial days per week in which it is made available, one (1) day or partial day per week being considered as one-fifth (1/5) of the time.

SECTION 5. A NEW SECTION OF KRS CHAPTER 26A IS CREATED TO READ AS FOLLOWS:

(3) To select a petit jury for a trial in district court, the clerk shall:

(a) Draw *sixteen (16)* [~~twenty (20)~~] names at random from the jury wheel;

(b) List the names, in the order drawn, from one (1) to *sixteen (16)* [~~twenty (20)~~];

(5) As jurors are excused and new jurors are required additional balls shall be drawn from the box, one for each juror required, until all of the balls in the box have been exhausted.

(6) In the event that all of the balls in the box have been exhausted the box shall be refilled utilizing the process required by subsections (1) to (4) of this section.

(7) The chief circuit judge shall regulate the random assignment of jurors for use in circuit and district courts. Any petit juror assigned to a judge of circuit or district court may be used by any other judge of any other branch or division of circuit or district court when jurors are needed.

(8) If a grand, petit, or other jury is ordered to be drawn, the *chief circuit* judge *or his designee* thereafter shall cause each person drawn for jury service to be served with a summons requiring him to report for jury service at a specified time and place, unless otherwise notified by the court, and to be available for jury service for thirty (30) judicial days thereafter. The service of summons may be either made personally by the sheriff or sent by *first class* [~~certified~~] mail, [~~return receipt requested,~~] addressed to him at his usual residence, business, or post office address. The persons so chosen shall be summoned as provided in this section, but* [~~require the sheriff to summon a sufficient number of jurors selected at random by the judge from the jury wheel. (12)[~~(11)~~] If, after making a fair effort in good faith, the judge is satisfied that it will be impracticable to obtain a jury free of bias in the county in which the prosecution is pending, he may obtain a sufficient number of jurors from some adjoining county in which the judge believes there is the greatest probability of obtaining impartial jurors. The judge shall request the chief circuit judge for the adjoining county to draw and summon as many jurors as are needed. HR 67, A CONCURRENT RESOLUTION directing the Legislative Research Commission to study determinate sentencing.

WHEREAS, there is a need to provide for court sentencing rather than jury sentencing for those offenders sentenced to a term of imprisonment by the court; and

WHEREAS, an offender's date of release from prison should depend on the offender's orderly behavior while imprisoned rather than the offender's participation in rehabilitative programs; and

WHEREAS, the Legislative Research Commission has received inquiries regarding determinate sentencing from individuals in the penal system; and

WHEREAS, a number of bills regarding determinate sentencing have been introduced in previous legislative sessions, but have not had sufficient study to allow enactment; and

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the Legislative Research Commission shall perform a study of determinate sentencing in other states and shall use resources available to it within the state to formulate recommendations as to the viability of determinate sentencing use in Kentucky.

(2) "Recommendation" means a proposal by the prosecutor to a court that:

(a) A charge be dismissed; or

(b) A defendant, if he pleads guilty to a charge, receive less than the maximum penalty permitted by law.

(3) "Victim" means a person who has suffered harm as a result of an offense.

SECTION 2. A NEW SECTION OF KRS CHAPTER 455 IS CREATED TO READ AS FOLLOWS:

(1) In making a recommendation on a felony charge, a prosecutor must:

(a) Attempt to inform the victim that he has entered into discussions with defense counsel or the court concerning a recommendation;

(b) Attempt to inform the victim of the contents of the recommendation before it is filed; and

(c) Attempt to notify the victim so that he might be present when the court considers the recommendation.

(2) A court may consider a recommendation on a felony charge only if the prosecutor has complied with this section.

SECTION 3. A NEW SECTION OF KRS CHAPTER 455 IS CREATED TO READ AS FOLLOWS:

(1) No recommendation may be made by the prosecutor to a court on a felony charge except (a) in writing; and (b) before the defendant enters a plea of guilty. The recommendation shall be shown as filed, and, if its contents indicate that the prosecutor anticipates that the defendant intends to enter a plea of guilty to a felony charge, the court shall order the presentence report required by KRS 532.050 and may hear evidence on the recommendation.

(2) Neither the content of the recommendation, the presentence report nor the hearing shall be a part of the official record of the case unless the court approves the recommendation. If the recommendation is not accepted, the court shall reject the same before the case may be tried. If the court rejects the recommendation, subsequent recommendations may be filed with the court, subject to the same requirements this chapter imposes upon the initial recommendation.

SECTION 4. A NEW SECTION OF KRS CHAPTER 455 IS CREATED TO READ AS FOLLOWS:

No recommendation, or verbal or written communications concerning the recommendation, may be admitted into evidence at the trial of the case, should the recommendation not culminate in approval by the court.

SECTION 5. A NEW SECTION OF KRS CHAPTER 455 IS CREATED TO READ AS FOLLOWS:

As a part of the recommendation submitted to the court, the prosecutor must certify that he has offered to show the proposed recommendation to the victims of the felony, if any, and that they have been offered an opportunity to present their opinion of the recommendation to the prosecutor. This section is for the benefit of the victim and gives no additional rights to the defendant. Failure to comply gives no grounds for post-conviction relief.

SECTION 6. A NEW SECTION OF KRS CHAPTER 455 IS CREATED TO READ AS FOLLOWS:

(1) If the victim is deceased or is under the age of eighteen (18), the prosecutor shall certify that he has completed the procedure required by Section 5 of this Act with the next of kin of the victim. If there is more than one (1) next of kin, then the prosecutor shall select at least one (1). If the victim is a corporation, association, or governmental entity, the prosecutor shall certify that he has completed the procedure with the responsible officer of agent of the entity. If the victim is a partnership, the prosecutor shall certify that he has completed the procedure with at least one (1) partner.

(2) If there are more than three (3) victims, the prosecutor shall complete the procedure required by Section 5 of this Act with the three (3) who he believes have suffered the most. If a victim, or his next of kin, cannot be located after a reasonable effort, the prosecutor shall so certify, and the recommendation may be submitted to and acted upon by the court.

(3) If the crime is one for which there is no identifiable victim, the provisions of this Act shall not apply.

SB 213, AN ACT relating to probation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 439 IS CREATED TO READ AS FOLLOWS:

(1) Subject to the provisions of KRS chapter 439 and chapters 500 to 534, any district court or any circuit court with respect to a defendant convicted in circuit court of a misdemeanor may, upon motion of the defendant made not earlier than thirty (30) days after the defendant has been delivered to the keeper of the institution to which he has been sentenced, suspend the further execution of the sentence and place the defendant on probation upon such terms as the court determines.

(2) The court shall consider any motion filed in accordance with subsection (1) of this section within sixty (60) days of the filing date of that motion, and shall enter its ruling within ten (10) days after considering the motion. The defendant may, in the discretion of the trial court, have the right to a hearing on any motion he may file, or have filed for him, that would suspend further execution of sentence. Any court order granting or denying a motion to suspend further execution of sentence is not reviewable.

(3) The authority granted in this section shall be exercised by the judge who imposed sentence on the defendant, unless he is unable to act and it appears that his inability to act should continue beyond the expiration of the term of the court. In such case, the judge who imposed sentence shall assign a judge to dispose of a motion filed under this section, or as prescribed by the rules and practices concerning the responsibility for disposition of criminal matters.

[~~The court which tried the defendant may also suspend the sentence and place the defendant on probation upon its own motion, made within the same thirty (30) day period.~~]

(2) The court shall consider any motion filed in accordance with subsection (1) of this section within sixty (60) days of the filing date of that motion, and shall enter its ruling within ten (10) days after considering the motion. The defendant may, in the discretion of the trial court, have the right to a hearing on any motion he may file, or have filed for him, that would suspend further execution of sentence. Any court order granting or denying a motion to suspend further execution of sentence is not reviewable.

(3) The authority granted in this section shall be exercised by the judge who imposed sentence on the defendant, unless he is unable to act and it appears that his inability to act should continue beyond the

expiration of the term of the court. In such case, the judge who imposed sentence shall assign a judge to dispose of a motion filed under this section, or as prescribed by the rules and practices concerning the responsibility for disposition of criminal matters.

(4) The provisions of this section shall not apply where a sentence of death has been imposed.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 151 IS CREATED TO READ AS FOLLOWS:

(1) "Geology" means the science which treats the earth as a whole; the investigation of its composition, its size, shape and relationships between consolidated and unconsolidated rock units in the regolith and bedrock; and the applied aspects of utilizing knowledge of the earth and its constituents, including its consolidated and unconsolidated rock units, its minerals, liquids, gases and other materials for the benefit of mankind.

(2) "Geologist" means a person engaged in the practice of geology who has graduated from an accredited institution of higher learning with a major study in geology, geophysics, geochemistry, geological engineering, or engineering geology, with a minimum of thirty (30) semester or forty-five (45) quarter hours in geology, geophysics, geochemistry or their subdivisions; or a person who has graduated from an accredited institution of higher learning with major study in petroleum engineering, mining engineering, or other branch of engineering, or in physical or biological science, with a minimum of thirty (30) semester or forty-five (45) quarter hours of study in geology, geophysics, geochemistry or their subdivisions; or a person certified by the American Institute of Professional Geologists.

(3) "Registered professional geologist" means a geologist as defined in subsection (2) of this section and who has minimum of five (5) years of experience in aggregate geologic training or experience, after the award of a baccalureate degree, no more than two (2) years of which may have been in post-graduate study and who has filed the required approved credentials with the survey.

(4) "Survey" means the Kentucky geological survey.

Section 2. KRS 151.030 is amended to read as follows:

The Kentucky geological survey shall make a continuing geological study of the state and perform such other functions as are directed toward the development of the mineral resources of the state. *The survey shall maintain a list of all registered professional geologists and establish such additional procedures as are necessary to implement a geologist registration process.*

HB 758, AN ACT relating to the employes of the department of fish and wildlife resources.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 150 IS CREATED TO READ AS FOLLOWS:

The commissioner may employ such other persons as he may deem necessary or desirable to accomplish the duties and functions assigned by law to the department of fish and wildlife resources; may fix the compensation and the terms of employment of those employed; and may assign to them such duties and responsibilities as he may determine. Individuals employed by the commissioner on a temporary basis for specific construction projects under KRS 56.491(5) or for maintenance or other purposes shall be exempt from the requirements of KRS 18.110 to 18.360.

HB 762, AN ACT relating to surface mining and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.060, 1980 Acts Chapter 62, Section 5, operative upon approval of primacy, except for (3) which became effective 3-21-80, is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the department a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the department may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the department and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The department for natural resources and environmental protection shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight-month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) Any permit validly issued by the department under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the department within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered. The department shall not accept interim permit applications after August 1, 1980 or after December 1, 1980 if the United States secretary of the interior has not approved the Commonwealth's permanent regulatory program by September 3, 1980. The department shall receive and act on all substantially complete permit applications tendered to it on or before August 1, 1980 or December 1, 1980, whichever date is applicable, under the interim program.

(4) No permit or revision application shall be approved unless the application affirmatively demonstrates and the department finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(5) An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) if known, ten percent (10%) or more of any class of stock of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify;

(h) A listing of any and all violations of this chapter, P.L. 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three-year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(6) The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant

is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(7) The application for a permit shall be accompanied by copies, in numbers satisfactory to the department, of a United States geological survey topographic map or such other map acceptable to the department on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.

(8) The application for a permit shall be accompanied by copies, in numbers satisfactory to the department, of an enlarged United States geological survey topographic map or such other map acceptable to the department meeting the requirements of the subsections below. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) below;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining and the boundaries of surface properties and names of owners on the affected area and adjacent to any part of the affected area;

(d) Be of a scale of 1:24,000 or larger;

(e) Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(f) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(g) Show the date on which the map was prepared, the north point and the quadrangle name; and

(h) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(9) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the department of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(10) All certifications required by this chapter to be made by professional engineers shall state that the information or documentation contained in the application is correct, and shall show that to the best of his or her knowledge and belief all the information required by the applicable laws and regulations of this state is included. The certification shall be signed and notarized. The department may reject any document or map as incomplete if its accuracy is not so attested. The certification shall be done in the form prescribed by the department.

(11) The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the department of transportation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges. All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.

(12) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.

(13) The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the department for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the department. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(14) A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed two hundred fifty dollars ($250) plus a fee set by regulation but

not to exceed fifty dollars ($50) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued. The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the department. In determining the amount of the bond the department shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the department in the event of forfeiture. The department shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. Where a surface coal mining operation affects two (2) acres or less and the circumstances are such as to warrant an exception, the department, in its discretion, may reduce the amount of the bond for a particular operation to less than the required minimum.

(15) Surface coal mining and reclamation operations which affect two (2) acres or less shall be exempt from the requirements of this chapter, except that the department shall promulgate reasonable minimal regulations for permitting, bonding, controlling offsite water quality, refuse piles, and use of explosives; and shall prohibit disposal of soil over the outslope in an uncontrolled manner. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in no event shall the department require that the highwalls left by such operations be eliminated. In no event shall the bond be more than one thousand dollars ($1,000) per acre. The department shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days. All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted and permits granted pursuant to this subsection. The department shall enforce this subsection consistent with KRS Chapter 350 except that the department shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(16) The department shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The department shall recognize the distinct differences between the surface effects of underground mining and surface coal mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the department shall require that the areas overlaying underground workings not affected by the operation be permitted only for purposes of subsidence control and shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section*; provided further, the department shall not consider haul roads or access roads as part of the affected area for permitting said operation, if such haul road or access road is permitted, bonded, properly constructed and maintained by an independent permittee, and if the surface effect of said underground coal mine (excluding haul or access roads) is less than two (2) acres.*

(17) Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the department are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the department might require; or

(e) Any additional revised or updated information required by the department has not been provided; Prior to the approval of any renewal of permit the department shall provide notice to the appropriate public authorities.

(18) If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(19) Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(20) Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the department may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

Section 2. The general assembly finds and declares that it is vitally important to the Commonwealth that the statutes relating to surface coal mining be cohesive and administratively workable. Therefore, the general assembly finds and declares that an emergency exists and that this legislation shall become validly enacted law when signed by the governor, and the provisions of this Act shall become operative simultaneously with the approval of the state's proposed permanent program by the secretary of the interior pursuant to Public Law 95-87, the surface mining control and reclamation act of 1977. In the event that the secretary of the interior approves the permanent program before this legislation is signed by the governor, then the provisions of this Act shall become effective immediately upon the signing of this Act by the governor.

HJR 59, A JOINT RESOLUTION directing the department for natural resources and environmental protection to insure that any regulations relating to the mining of oil shale or tar sands be promulgated so as to be no more stringent than those governing surface coal mining.

WHEREAS, the Commonwealth has tremendous amounts of oil trapped in Devonian shale deposits; and

WHEREAS, large and numerous deposits of tar sands also exist within the boundaries of the state; and

WHEREAS, there is considerable interest in development of both type deposits; and

WHEREAS, the General Assembly recognizes the value of providing regulation and control of such development in order to protect the interests of the people and the resources of the Commonwealth;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the department for natural resources and environmental protection may promulgate regulations relating to mining of oil shale or tar sands provided that such regulations are no more stringent than those governing surface coal mining.

(3) The local governing administrative body for an agricultural district shall be the conservation district board of supervisors. (c) That the proposed agricultural district meets the minimum size limit of five hundred (500) contiguous acres;

(d) County development patterns and needs and the location of the district in relation to any urban development boundaries within the county; and

The local conservation district recommendation shall be submitted to the commission in the form of approval, approval with modifications, or denial of the petition accompanied by justification for such a denial.

(8) The soil and water conservation commission shall review the recommendation of the district board of supervisors and certify or deny the agricultural district's petition within sixty (60) days of receipt.

(9) Upon the approval of a petition by the soil and water conservation commission, the commission shall notify the area development district in which the agricultural district will lie and the secretary of the governor's cabinet.

(10) Land within the boundary of an agricultural district shall not be annexed; nor shall land within the boundaries of an approved plan in accordance with section 201 of the federal water pollution control act amendments of 1972 (PL 92-500) be included in an agricultural district.

HB 799, AN ACT relating to agriculture.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 247 IS CREATED TO READ AS FOLLOWS:

(1) The general assembly hereby finds and declares that as a result of a variety of pressures, most notably the continual spiral of inflation and the increasingly serious effects of speculative land values, the opportunities in agriculture have been severely limited; that one of the major impediments to the purchase of agricultural land, machinery and equipment by farmers is their inability to secure adequate financing upon reasonable terms; and, that it is both necessary and desirable to institute policies and programs which will encourage agricultural pursuits from which the Commonwealth derives the numerous social, economic and environmental benefits which historically have proved beneficial to its citizens.

(2) The general assembly hereby finds and declares further that private enterprise and investment have not been able to produce, without assistance, the capital necessary to permit the small, family farm operators to continue to compete successfully in agricultural enterprises or to permit enterprising individuals to become farmers.

(3) The general assembly hereby finds and declares further that the purposes of this Act are to provide a financing instrumentality more closely allied with the department of agriculture in order that the benefits intended hereunder may be more effectively administered to those engaged in agriculture and related enterprises.

(4) The general assembly hereby finds and declares further that in order to accomplish the purposes herein set forth, the Kentucky agricultural finance corporation shall be and constitute a de jure municipal corporation and political subdivision of the Commonwealth created for the purpose of performing essential public functions and serving the public purposes in improving and promoting the health, welfare and prosperity of the people of the Commonwealth through the stimulation of existing agricultural enterprises and the promotion of new agricultural ventures.

HCR 63, A CONCURRENT RESOLUTION authorizing and directing a comprehensive study of the loss of farmland in Kentucky and the programs needed to prevent such loss.

WHEREAS, Kentucky lost approximately 760,000 acres of farmland between 1967 and 1977, over a third of which was prime farmland; and

WHEREAS, there is growing pressure to take farmland out of crop production due to other land uses such as mineral extraction, road expansion, urban and industrial development;

WHEREAS, there is growing pressure to place marginal farmland into crop production, thereby creating higher erosion hazards, higher production costs, and causing additional costs for installing conservation practices and cleaning up our waterways; and

WHEREAS, Kentucky's farmland is an important economic resource and must be preserved in order to maintain a viable economy and to prevent Kentucky from becoming a net importer of food; and

WHEREAS, it is the responsibility of the legislature to provide for the protection of Kentucky's farmland resource;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the Legislative Research Commission conduct a study on the loss of farmland in Kentucky and the programs needed to prevent such loss. The Commission is charged with the responsibility to study and make recommendations on:

(1) The National Agricultural Land Study;

(2) The report of the Kentucky Agricultural Land Study and Policy Committee and the feasibility of legislative programs needed to implement the recommendations of the Committee;

(3) The programs implemented in other states to preserve farmland, the efficiency of such programs and the feasibility of implementing similar programs in Kentucky;

(4) The deferred taxation program for real property taxed as agricultural or horticultural use and converted to another use, the program changes needed to effectively collect these deferred taxes and the feasibility of using the collected deferred taxes to fund a Kentucky farmland preservation program.

Section 2. This report shall be submitted to the Legislative Research Commission and the Governor no later than July 1, 1983.

Section 3. Staff services to be utilized in completing this study are estimated to cost $20,000. These staff services shall be provided from the regular Commission budget and are subject to the limitations and other research responsibilities of the Commission.

HCR 82, A CONCURRENT RESOLUTION requesting that the Governor appoint an advisory committee to study farm credit and other economic problems of farmers in the state.

WHEREAS, agriculture is one of the largest and most important industries in Kentucky in terms of gross receipts and permanent employment; and

WHEREAS, Kentucky farmers have been hard-hit by inflation, high interest rates, and a national surplus resulting in depressed farm product prices and reduced net farm income; and

WHEREAS, increased costs of production and lower farm commodity prices are causing many Kentucky farmers to deplete their equity, creating a situation in which their very economic survival is at stake; and

WHEREAS, farm production has reached a level in Kentucky where we must now seek markets abroad for one (1) out of every three (3) acres and twenty-five percent (25%) of our total livestock, food and fiber products; and

WHEREAS, farmers must have sufficient farm credit, at interest rates they can pay from profits, to enable established farmers to stay in business and to encourage young people to go into farming so that production of essential food and fiber can be assured in the future;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. The Governor of the Commonwealth of Kentucky is requested to appoint an advisory committee to study farm credit and other current economic problems of Kentucky farmers. The committee's study should include an analysis of the current farm credit situation in Kentucky, and an examination of ways to improve and expand existing and traditional methods and sources of farm financing and to develop alternative methods and sources of financing Kentucky's agribusiness. In addition, the committee should explore and evaluate possibilities for developing and expanding domestic and foreign markets for Kentucky agricultural products and getting higher prices for those products. Particular emphasis should be placed on ways the General Assembly of Kentucky and the executive agencies of state government can be of assistance to farmers during these troubled economic times.

Section 2. The committee shall be composed of thirteen (13) persons, including three (3) farmers at large to be appointed by the Governor, the Chairman of the Kentucky Council on Agriculture or his designee, the Chairman of the Senate Agriculture and Natural Resources Committee or his designee, the Chairman of the House Agriculture and Small Business Committee or his designee, and a representative selected by each of the following organizations: Federal Land Bank, Federal Intermediate Credit Bank Association, Farmers Home Administration, Kentucky Bankers Association, Bank for Cooperatives, Kentucky Farm Bureau, and National Farmers Organization. The committee shall elect its chairman at its first meeting.

Section 3. A complete report of the committee's findings, including specific recommendations, shall be submitted to the Governor as soon as completed, and to the Legislative Research Commission for recommendations for appropriate action to be taken by the 1984 General Assembly.

SECTION 2. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(3) Ocean marine insurance;

(4) Accident and health insurance;

(5) Reinsurance;

(6) Assessment or cooperative companies operating under the provisions of KRS Chapter 299; and

(7) Individual and group workers' compensation self-insurers.

SECTION 3. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) In a noncompetitive market, rates shall be made in accordance with the following provisions:

(a) Manual, minimum, class rates, rating schedules or rating plans, shall be made and adopted, except in the case of specific inland marine rates on risks specially rated;

(b) Rates shall not be excessive inadequate or unfairly discriminatory;

(c) Due consideration shall be given:

1. To past and prospective loss experience within and outside this state;

2. To the conflagration and catastrophe hazards;

3. To a reasonable margin for underwriting profit and contingencies;

4. To dividends, savings or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers;

5. To past and prospective expenses both county-wide and those specially applicable to this state;

(d) The systems of expense provisions included in the rates for use by any insurer or group of insurers may differ from those of other insurers or group of insurers to reflect the requirements of the operating methods of any such insurer or group with respect to any kind of insurance or with respect to any subdivision or combination thereof for which subdivision or combination separate expense provisions are applicable;

(e) Risks may be grouped by classifications for the establishment of rates and minimum premiums. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which establish standards for measuring variations in hazards or expense provisions, or both. Such standards may measure any differences among risks which may have a probable effect upon losses or expenses.

(2) Rates made in accordance with this section may be used subject to this subtitle.

SECTION 4. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) A competitive market for any line of insurance is presumed to exist unless the commissioner, after a hearing, determines that a reasonable degree of competition does not exist in the market for such line and issues an order to that effect. Such an order shall expire no later than one (1) year after it is issued. In determining whether a reasonable degree of competition exists, the commissioner shall consider all relevant information pertaining to the market and the opportunities available to consumers in the market to acquire pricing and other consumer information, and to compare and obtain insurance from competing insurers.

(2) The commissioner shall monitor the degree of competition in this Commonwealth. In doing so, he may utilize existing relevant information or he may develop new relevant information. The activities may be conducted internally within the insurance department, in cooperation with other state insurance departments, through outside contractors, or in any other appropriate manner. The relevant information in determining the competitiveness of a specific market may include the number of insurers actively engaged in providing coverage, market shares, and changes in market shares and ease of entry.

SECTION 5. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) In a competitive market, every insurer shall file with the commissioner rates and supplementary information to be used in this state for commercial risks as designated by the commissioner and for all personal risks. Such rates and supplementary rate information shall be filed not later than fifteen (15) days

after the date of first use of the rates, unless the commissioner finds after a hearing that an insurer's rates require closer supervision because of the insurer's financial condition. On such a finding, rates for both personal and commercial risks, supplementary rate information, and supporting information shall be filed with the commissioner at least thirty (30) days before the effective date of the rates. Such an order shall expire no later than one (1) year after it is issued.

(2) In a noncompetitive market, every insurer shall file with the commissioner all rates for that market, supplementary rate information, and supporting information at least thirty (30) days before the proposed effective date of the rates. On application of the filer, the commissioner may authorize an earlier effective date.

(3) Any rate filing in effect at the time the commissioner determines that competition does not exist pursuant to Section 4 of this Act shall be deemed to be effective until disapproved pursuant to the procedures and rating standards of this chapter.

(4) Every insurer shall file with the commissioner all rating manuals and underwriting rules that it uses in this state not later than fifteen (15) days after they become effective. Such manuals, rules and guidelines must be adhered to until amended. The commissioner may exempt an insurer from filing supporting information if it files by reference, with or without deviation, to a filing which is in effect for another insurer or an advisory organization.

(5) Rates and supplemental rating information for a residual market mechanism shall not become effective until approved by the commissioner.

(6) The commissioner shall review filings made in accordance with subsections (2) and (5) of this section as soon as reasonably possible after they have been made in order to determine whether they meet the applicable requirements of this chapter. Each filing shall be on file for a waiting period of thirty (30) days before it becomes effective, which period may be extended by the commission for an additional period not to exceed thirty (30) days if he gives written notice within such waiting period to the insurer which made the filing that additional time is needed for consideration of the filing. The commissioner may, when he deems it to be in the public interest, hold a public hearing on any filing before said filing becomes effective to determine whether the filing meets the requirements of this subtitle. The burden of establishing that the filing under consideration meets the requirements of this subtitle is on the insurer which makes such filing. A filing shall be deemed to meet the requirements of this subtitle unless disapproved by the commissioner within the waiting period or any extension thereof.

SECTION 6. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) The information furnished in support of a filing may include:
(a) The experience or judgment of the insurer;
(b) The insurer's interpretation of any statistical data it relies on;
(c) The experience of other insurers; and
(d) Any other relevant factors.

(2) The commissioner may adopt reasonable rules for use by insurers to record and report to the commissioner their rates and other information determined by the commissioner to be necessary or appropriate for the administration of Sections 1 through 15 of this Act. However, except for workers' compensation reports, no insurer shall be required to report its loss experience on a classification basis that is inconsistent with the rating system filed by it. The commissioner may designate one (1) or more advisory organizations to assist him in gathering, compiling, and reporting such information. Insurers shall record and report their workers' compensation experience on a classification basis consistent with that of an advisory organization designated by the commissioner.

SECTION 7. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

Existing rates in a noncompetitive market may be disapproved pursuant to the rating standards of this chapter after a hearing. Rates that have been filed in a noncompetitive market but that have not become effective may be disapproved pursuant to the rating standards of this chapter without a hearing. However, any insurer whose rates have been disapproved without a hearing shall be given a hearing on a written request made within thirty (30) days after the disapproval order. If a rate is disapproved, the commissioner shall issue an order specifying the reasons for disapproval. Any party aggrieved by the order of the commissioner may appeal therefrom as provided in KRS 304.2-370. The effect of an order shall be stayed during the pendancy of any such appeal and the existing rate shall remain in effect until the final conclusion thereof.

SECTION 8. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) All rates, supplementary rate information, and supporting information filed under Sections 1 through 15 of this Act shall be open to public inspection at any reasonable time. Copies may be obtained by any person on request and on payment of a charge specified in KRS 304.4.

(2) The commissioner shall designate certain types of personal risks coverages for which the commissioner shall develop a consumer information system that will disseminate price and other relevant information on a readily available basis. Insurers, advisory organizations, and other persons or organizations involved in conducting the business of insurance in this state shall cooperate with the commissioner in the development and in the operation of a consumer information system. The reasonable cost of developing a consumer information system shall be assessed against insurers subject to this chapter on an equitable basis.

SECTION 9. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) No advisory organization shall provide any service relating to the rates of an insurer unless it has obtained a license from the commissioner. The commissioner shall establish a written summary of information that must be included in an application for a license. If the commissioner finds that the applicant is trustworthy and qualified to provide the services proposed, and that the application for a license is complete, a license specifying the authorized activity of the applicant shall be issued. A license shall remain in effect until the licensee withdraws from the state, until it is suspended or revoked by the commissioner after a hearing, or until the advisory organization may fail to pay fees required by law for the continuance or renewal of its license. The failure of an advisory organization to comply with any requirement of Sections 1 through 15 of this Act is ground for the revocation of its license.

(2) Every advisory organization shall file with the commissioner every statistical plan, manual of rating rules, rating schedule, and modification of any of these proposed for use in this state not more than fifteen (15) days after it is distributed to its members.

SECTION 10. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(3) File rates or other information on behalf of an insurer.

SECTION 11. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

An advisory organization may:

(1) Collect statistical data from members or any other source;

(2) Develop statistical plans including territorial and class definitions;

(3) Distribute pure premium data, adjusted for loss development and loss trending, in accordance with its statistical plans;

(4) Distribute manuals of rating rules and rating schedules, except that the manuals may not include final rates or permit calculation of final rates without outside information;

(5) Distribute information by circulars that are filed with the commissioner and open to public inspection;

(6) Conduct research and field inspections to prepare public fire defense classifications and to consult with public officials regarding public fire protection as it would affect members and others;

(7) Conduct research to identify and classify information on the causes or prevention of losses;

(8) Prepare policy forms and endorsements and consult with members and others on use and application;

(9) Conduct research and field inspections to collect information for calculating rates or collecting statistics relating to individual risks; and

(10) Compile and distribute past and current prices of insurers, if such information is filed with the commissioner and is made available to the public.

SECTION 12. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) No insurer shall make an agreement with any other insurer, advisory organization, or person that has the purpose or effect of unreasonably restraining trade or of substantially lessening competition in an insurance market.

(2) No insurer shall agree with any other insurer or with an advisory organization to adhere to any rate, rating plan, rating schedule, rating rule, rate classification, rate territory, underwriting rule, or survey, except as needed to develop and maintain statistical plans permitted by Sections 1 through 15 of this Act.

(3) Two (2) or more insurers having a common ownership or operating in this state under common management or control may act in concert between or among themselves with respect to those activities authorized in this Act as if they were a single insurer.

SECTION 13. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) The commissioner may examine any insurer, pool, advisory organization, or residual market or joint underwriting mechanism as deemed necessary to ascertain compliance with Sections 1 through 15 of this Act. Any examination made by the commissioner or by examiners designated by him shall be at the expense of the organization examined as specified in subtitle 2 of KRS Chapter 304.

(2) Every insurer, pool, advisory organization, and residual market or joint underwriting mechanism shall maintain reasonable records, adapted to its method of operation, containing its experience or the experience of its members. Records shall include the statistics and other information used by it in its activities. The records shall be available at all reasonable times and at a reasonable location to enable the commissioner to determine whether the activities of an insurer, advisory organization, or other association formed pursuant to Sections 1 through 15 of this Act are in compliance with this Act.

(3) In lieu of an examination, the commissioner may accept the report of an examination by the insurance supervisory official of another state, if the report is made pursuant to the laws of that state.

SECTION 14. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding Section 12 of this Act, insurers participating in joint underwriting, pools, or residual market mechanisms may, in connection with such activity, cooperate in the making of rates, rating systems, policy forms, underwriting rules, surveys inspections and investigations, the furnishing of loss and expense statistics and other information, and the undertaking of research. A joint underwriting pool or residual market mechanism shall not be deemed an advisory organization.

(2) A pool shall file with the commissioner a copy of its constitution, bylaws, rules governing its activities, and articles of incorporation, agreement, or association. It shall also file with the commissioner a list of its members and the name and address of a resident of this state on whom notices or orders of the commissioner may be served.

(3) Any plan or agreement to implement a residual market mechanism shall be submitted to the commissioner for approval. The commissioner shall approve only those agreements that contemplate the use of rates that are adequate but not excessive, that are not unfairly discriminatory, and that are otherwise consistent with Sections 1 through 15 of this Act.

(4) If the commissioner finds after a hearing that an activity of an insurer participating in joint underwriting, a pool, or a residual market mechanism will tend to substantially lessen competition in an insurance market, or is otherwise inconsistent with the provisions of Sections 1 through 15 of this Act, an order may be issued specifying in what respects the activity is anticompetitive or inconsistent with Sections 1 through 15 of this Act and requiring the discontinuance of the activity.

SECTION 15. A NEW SECTION OF KRS CHAPTER 304, SUBTITLE 13 IS CREATED TO READ AS FOLLOWS:

(1) Every insurer or advisory organization shall provide within this state reasonable means whereby any person aggrieved by the application of its rating system may be heard on written request to review the manner in which such rating system has been applied. If the insurer or advisory organization grants the request, the review shall be conducted within ninety (90) days of receiving the request. If the insurer or advisory organization fails to grant or rejects such request within thirty (30) days, the aggrieved person may proceed in the same manner as if the review produced no change in the application of the rate.

(2) Any party affected by the action made on the request for review may within thirty (30) days of written notice of such action appeal to the commissioner for further review of the application of the rating system. The commissioner shall hold a hearing on a showing of good cause after giving not less than ten (10) days written notice to the insurer or advisory organization. The commissioner may after the hearing issue an order affirming, modifying or reversing the action of the insurer or advisory organization.

SECTION 16. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(3) The board of directors shall choose annually by ballot a president, who shall be a member of the board of directors, a secretary, a treasurer, and any other officers as the bylaws provide.

(4) Eight (8) members of the board of directors shall constitute a quorum for the transaction of business. Vacancies in any office may be filled as the bylaws provide.

(5) In any meeting of the subscribers each subscriber who has incurred a current year tax liability to be paid under either KRS 342.450 or 342.475 shall be entitled to one (1) vote. If a subscriber has paid tax under either KRS 342.450 or 342.475 he shall be entitled to one (1) vote for each one thousand dollars ($1,000) of taxes paid thereunder in the preceding calendar year. But no subscriber shall cast by his own right, or by right of proxy, more than ten (10) votes.

(6) No policy shall be issued until a list of the subscribers, together with such other information as the commissioner of insurance requires, has been filed with the commissioner of insurance.

(7) (a) Subscribers shall pay annually in cash the premiums required by the directors for the compensation for which the reinsurance association is liable.

(b) If the reinsurance association has no cash funds above its unearned premiums sufficient for the payment of incurred losses and expenses, it shall make an assessment for the amount needed to pay such losses and expenses upon the subscribers liable to assessment therefor in proportion to their several liability.

(c) Every subscriber shall pay his proportional part of any assessments which may be laid by the reinsurance association, in accordance with law and his contract, on account of injuries sustained and expenses incurred while he is a subscriber.

(8) The reinsurance association may provide other forms of reinsurance of workers' compensation risks under this chapter as requested by one (1) or more of its subscribers and as provided in its bylaws. Such forms of reinsurance shall be filed with the commissioner of insurance and shall comply with the insurance laws of this state.

(9) The reinsurance association shall be a political subdivision of the Commonwealth and shall be attached to the department of finance for administrative purposes.

Section 17. KRS 342.120 is amended to read as follows:

(1) *There is created the division of the special fund in the department of labor which shall be responsible for the administration of the legal representation of the fund and the maintenance of records regarding the payment of claims by the fund.*

(2) A claimant may in the original application for benefits, or either party may by motion while the case is pending, accompanied by proper allegations *and by certification of the fact that a copy of the motion and the entire case file has been forwarded to the special fund at the cost of the movant, request the board to* and the board shall, *or* upon its own motion *the board may,* at any time before the rendition of the final award, cause the special fund to be made a party to the proceedings if either or both of the following appears:

(a) The employe is disabled, whether from a compensable injury, occupational disease, pre-existing disease, or otherwise, and has received a subsequent compensable injury by accident, or has developed an occupational disease;

(b) The employe is found to have a dormant non-disabling disease or condition which was aroused or brought into disabling reality by reason of a subsequent compensable injury by accident or an occupational disease.

(3)[~~(2)~~] When the special fund has been made a party the board *may* [~~shall~~] direct the procedures provided in KRS 342.121.

(4)[~~(3)~~] If it is found that the employe is a person mentioned in paragraphs (a) or (b) of subsection *(2)*[~~(1)~~] of this section and a subsequent compensable injury or occupational disease has resulted in additional permanent disability so that the degree of disability caused by the combined disabilities is greater than that which would have resulted from the subsequent injury or occupational disease alone, and the employe is entitled to receive compensation on the basis of the combined disabilities, the employer shall be liable [~~only~~] for the *payment of all income benefits until the benefits paid have reached a percentage of the full income benefits awarded by the board which is equal to the percentage* [~~degree~~] of disability which would have resulted from the latter injury or occupational disease had there been no pre-existing disability or dormant, but aroused disease or condition.

(5)[~~(4)~~] The remaining compensation for which such resulting condition would entitle the employe, including any compensation for disability resulting from a dormant disease or condition aroused into disabling reality by the injury or occupational disease, [~~but excluding all compensation which the provisions of this chapter would have afforded on account of prior disabling disease or injury had it been compensated thereunder,~~] shall be paid out of the special fund provided for in KRS 342.122. Such remaining compensation shall be paid directly to the employe [~~by the carrier or self-insured employer who is liable for compensation under subsection (3) of this section, and the carrier or self-insured employer shall be reimbursed for such payments from the special fund on a quarterly basis and~~] under such regulations as the *secretary of finance* [~~board~~] may provide for such purpose.

(6)[~~(5)~~] In making the computation for the apportionment of benefits under [~~subsections (3) and (4) of~~] this section, the board shall [~~first~~] determine the amount of the employe's weekly income benefits[~~;~~

~~exclude from the award the percentage thereof attributable to the pre-existing active disability or the prior disabling injury, disease or condition;~~] and apportion the *award* [~~balance~~] between the employer and special fund as *follows:*

(a) For benefits awarded under KRS 342.730(1)(b), the portions shall be based on the number of weeks stated therein;

(b) For all other benefits awarded under this chapter, the portions shall be based on the number of weeks shown in actuarial tables adopted by regulations promulgated by the board [~~provided in subsections (3) and (4) of this section~~].

Section 18. KRS 342.121 is amended to read as follows:

(1) If on a claim for compensation for disability resulting from a subsequent injury by accident or occupational disease any medical question shall be in controversy, or a determination thereof necessary to the proper apportionment of liability therefor, the board, *acting on a proper motion from any interested party, may* [~~shall~~] refer the case to a physician appointed by it for the purpose of investigating and reporting to the board on the medical questions involved. The physician shall make his report to the Workmen's Compensation Board in writing with respect to all medical questions at issue or necessary to the apportionment of disability between the subsequent injury and in the prior existing disability at the time of employment. The report shall show the date of prior disablement or latent, nondisabling disease, or condition, which, if in dispute, shall be deemed a medical question.

(2) The physician appointed as provided in subsection (1) of this section shall be allowed necessary traveling expenses and reasonable fees, to be fixed by the board to each physician for making such examination and report, plus a reasonable allowance for expenses incurred in making such examination. The board may also allow traveling expenses to the employe. Such fees and expenses so approved by the board shall be paid *by the requesting party* [~~out of the special fund~~].

(3) The physician shall, as soon as practicable after he has completed his consideration of the case, but not later than fifteen (15) days after the examination of the employe, report in writing his findings on every medical question in controversy. The physician shall also include in his report a statement indicating the physician or physicians, if any, who appeared before him, and what, if any medical reports and X-rays were considered by him.

(4) The board may consider the report of the physician along with the other evidence in the case in arriving at its decision or award, and any party in interest may take the deposition of the physician to be used as evidence in the case.

(5) The provisions of this section shall apply only to persons mentioned in KRS 342.120.

Section 19. KRS 342.122 is amended to read as follows:

(1) "Adjusted cost" as used in this section and in KRS 342.475 means all *liability incurred for* compensation, hospital and medical benefits *to be* paid *pursuant to this chapter, except that any employer defined in KRS 342.630(2) may compute "adjusted cost" on the basis of benefits paid rather than liability incurred. "Adjusted cost" for all employers shall include* [~~thereunder, plus~~] an additional factor of twelve percent (12%) of such total *liabilities or benefits paid* [~~payments, to cover the administrative cost of the employer. However in no event shall "adjusted cost" be less than twenty percent (20%) of the basic insurance premium computed by applying current manual rates for workmen's compensation insurance to the payroll of every employer~~]. *Each self-insured group and each employer* carrying his own risk [~~and for this purpose each such employer~~] shall annually furnish payroll data *and other information required to calculate "adjusted cost"* to the department of revenue. [~~"Adjusted cost" shall not include amounts paid for injuries occurring prior to March 22, 1962.~~]

(2) In addition to the taxes and assessments imposed by KRS 342.450 and 342.475, a special fund tax at the rate of three-fourths (¾) of one percent (1%) of the amount of premiums received shall be paid by every insurance carrier as defined in KRS 342.445, subject to the credits therein set out, and the department of revenue shall assess against the "adjusted cost" of every employer carrying his own risk a special fund tax computed by taking three-fourths (¾) of one percent (1%) of the "adjusted cost" determined as provided in KRS 342.475. The provisions of KRS 342.450, 342.455, 342.460, 342.465 and 342.470 shall, so far as applicable, also apply to the levy and collection of such additional tax of three-fourths (¾) of one percent (1%) of such premiums of insurance carriers.

(3) All taxes and assessments imposed by subsection (2) of this section shall be paid into the state treasury and shall be credited to the special fund *and the Kentucky reinsurance association and* [~~for the board, which fund~~] shall be used only for [~~the payment of~~] awards of compensation made by the board and chargeable against *the special* [~~said~~] fund, expenses of legal representation thereof, fees, [~~and~~] expenses of the physicians in connection therewith, *and expenses in connection with reinsurance obtained for the special fund* and shall be withdrawn for that purpose under the supervision of the *secretary of finance* [~~commissioner of labor~~].

(4) Any sum remaining in the special fund at the end of any fiscal year shall be set up by the department of finance to the credit of such fund for the next ensuing fiscal year.

(5) *(a) For liabilities for injuries and occupational diseases incurred on or after July 1, 1983:*

1. If *on an annual review of the special fund* the *secretary of finance* [~~commissioner of labor~~] finds that the special fund tax *to be* levied pursuant to this section *may be* [~~is~~] insufficient to pay *prospective amounts which may be* [~~such claims~~] awarded under the special fund provisions, he shall advise the *Kentucky reinsurance association* [~~commissioner of revenue~~] in writing of such fact *and shall further request and give specifications for the association to make a proposal for reinsuring the liabilities of the special fund and for distributing the cost of such reinsurance to the subscribers of the association. The proposal will contain a total cost for such reinsurance, including the administrative costs of making benefit payments and collecting premiums from subscribers. The total cost of reinsurance shall be distributed among the subscribers based on the "adjusted cost" of every subscriber unless the proposal sets forth another basis of cost distribution that the secretary of finance finds to be more equitable than "adjusted cost."*

2. The secretary of finance shall then advertise for bids from qualified bidders for reinsurance of the liabilities of the special fund as set out in the proposal of the Kentucky reinsurance association.

3. If no other qualified bidder offers an arrangement more advantageous than that proposed by the Kentucky reinsurance association, the secretary shall enter an agreement for reinsurance of the special fund liabilities with the association as specified in the original written request. If another qualified bidder makes a bid more advantageous according to criteria established in the specifications, the secretary shall enter an agreement with such bidder for reinsurance of the special fund liabilities.

(b) For liabilities for injuries and occupational diseases incurred before July 1, 1983:

1. The secretary of finance and the commissioner of labor may determine whether such liabilities could be reinsured or otherwise transferred to the Kentucky reinsurance association in a manner calculated to minimize the costs of such liabilities and the processing of payments in connection therewith.

2. If the secretary of finance and the commissioner of labor find that the special fund tax to be levied pursuant to this section is insufficient to pay such claims, they shall advise the commissioner of revenue in writing of such fact. The commissioner of revenue may then levy additional assessments against all insurance companies writing workmen's compensation insurance in Kentucky, *all self-insurance groups operating under this chapter, and* [~~including~~] every employer carrying his own risk. The amount of each [~~insurance company's~~] assessment shall be in the proportion that each *assessment payer's* [~~company's annual workmen's compensation premium writings in Kentucky bears to the total of all annual workmen's compensation premiums written in Kentucky. Such assessment will be based upon information contained in the insurance company's last filed annual statement with the department of insurance. Such assessments against every employer carrying his own risk will be based upon that proportion which the~~] "adjusted cost" [~~of such own risk carrier~~] bears to the total "adjusted cost" of all *assessment payers* [~~such own risk carriers. "Adjusted cost" reports filed with the board in accordance with KRS 342.475 will be the basis of such determination. Such additional assessment against insurance companies and employers carrying their own risk shall be apportioned between the two (2) classes as the total of premiums and the total of "adjusted cost" each bears to the combined total~~].

(6) Except for a two percent (2%) collection fee allowance, all moneys charged the insured for assessments and taxes under this chapter and KRS Chapter 136 shall be paid into the state treasury and credited to the appropriate fund for which said assessment or tax is charged. In no case shall the moneys turned over be less than ninety-eight percent (98%) of the moneys charged.

(7) The fund heretofore designated as the subsequent claim fund is abolished and there is substituted therefor the special fund as herein set out and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.

Section 20. KRS 342.185 is amended to read as follows:

No proceeding under this chapter for compensation for an injury or death shall be maintained unless a notice of the accident shall have been given to the employer as soon as practicable after the happening thereof and unless an application for adjustment of claim for compensation with respect to such injury shall have been made with the board within two (2) years after the date of the accident, or in case of death, within two (2) years after such death, whether or not a claim has been made by the employe himself for compensation. Such notice and such claim may be given or made by any person claiming to be entitled to compensation or by someone in his behalf. If payments of *income benefits* [~~compensation~~] as such have been made voluntarily the filing of an application for adjustment of claim with the board within such period shall not be required, but shall become requisite within *two (2) years* [~~one (1) year~~] following the suspension of such voluntary payments or within two (2) years of the date of the accident, whichever is later.

Section 21. KRS 342.316 is amended to read as follows:

(1) (a) The employer liable for compensation for occupational disease shall be the employer in whose employment the employe was last exposed to the hazard of the occupational disease during any period in which this section is applicable to a coal mine, an operator who acquired it or substantially all of its assets from a person who was its operator on and after January 1, 1973 shall be liable for, and secure the payment of, the benefits which would have been payable by the prior operator under this section with respect to miners

previously employed in the mine if it had not been acquired by such later operator. At the same time, however, this subsection does not relieve the prior operator of any liability under this section. Also, it does not affect whatever rights the later operator might have against the prior operator. Said employer shall have the right to contribution from each previous employer, as determined in an independent civil action, wherein the employe was similarly exposed to the hazard of said occupational disease, in a sum equal to the ratio that each exposure employment time bears to the total exposure employment time except as otherwise provided in paragraph (a) of subsection (13) of this section.

(b) The time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later.

(2) (a) The procedure with respect to the giving of notice and determination of claims in occupational disease cases and the compensation and medical benefits payable for disability or death due to such disease shall be the same as in cases of accidental injury or death under the general provisions of this chapter except that notice of claim shall be given to the employer as soon as practicable after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted such disease, or a diagnosis of such disease is first communicated to him, whichever shall first occur.

(b) The procedure with respect to filing of claims shall be as follows:

1. The application shall set forth the work history of the applicant with a concise description of injurious exposure to a specific occupational disease together with the names and addresses of employer or employers with the approximate date of employment and shall also include with the application two written medical reports supporting his claim. These medical reports shall be made on the basis of comprehensive clinical examinations and shall contain full and complete statements of the results thereof. The reports shall be made by duly licensed physicians. The clinical examinations shall include x-ray examinations. However, the failure of an x-ray examination to disclose the presence of an occupational disease shall not affect the legal presumption referred to in subsection (5) of this section.

2. The filing of a properly executed application for adjustment of claim, accompanied by the two medical reports described in subparagraph 1. of this paragraph, shall satisfy the requirements of the presumptive clause set out in subsection (5) of this section and the burden of proof shall immediately thereafter shift to the employer [~~and the special fund~~].

3. Immediately upon receipt of said application for adjustment of claim, the board shall notify the affected employer, the special fund and any other interested party of such claim and shall furnish them with a full and complete copy of the claim.

4. Upon receipt of notice of claim the employer, the special fund, and any other interested party shall have the right to have the claimant examined by competent medical experts, at their expense, including a reasonable sum for travel. After said examination, the claimant or his representative shall be furnished a copy of said medical report within a reasonable time.

5. Within ninety (90) days of the receipt of notice by the employer of the filing of the claim, the employer[~~, the special fund, and any other interested party~~] shall notify the board and the claimant whether or not the claim will be resisted. If the claim is not resisted, then the board shall within ten (10) days enter an order and award for the claimant. If the claim is resisted, the board shall set a date for a hearing and shall notify all parties thereof. In litigated claims the regular procedures prescribed by the workers' compensation board shall be followed.

(3) The right to compensation under this chapter for disability resulting from an occupational disease shall be forever barred unless a claim is filed with the workers' compensation board within three (3) years after the last injurious exposure to the occupational hazard or after the employe first experiences a distinct manifestation of an occupational disease in the form of symptoms reasonably sufficient to apprise him that he has contracted the disease, whichever shall last occur; and if death results from the occupational disease within said period, unless a claim therefor be filed with the workers' compensation board within three (3) years after such death; provided, however, that notice of such claim shall be deemed waived in case of disability or death where the employer, or his insurance carrier, voluntarily makes payment therefor, or, if the incurrence of the disease or the death of the employe, and its cause was known to the employer. Provided, however, that the right to compensation for any occupational disease shall be forever barred unless a claim is filed with the workers' compensation board within five (5) years from the last injurious exposure to the occupational hazard, except that, in cases of radiation disease, a claim must be filed within 20 years from the last injurious exposure to the occupational hazard.

(4) The amount of compensation payable for disability due to occupational disease or for death from such disease, and the time and manner of its payment, shall be [~~the same~~] as provided for [~~accidental injury or death~~] under the general provisions of the workers' compensation act, but in no event to exceed such amounts as were in effect at the time of the last injurious exposure, and provided further, that the time of the beginning of compensation payments shall be the date of the employe's last injurious exposure to the cause of the disease, or the date of actual disability, whichever is later, and provided further, that in case

of death where the employe has been awarded compensation or made timely claim within the period provided for in this section, an employe has suffered continuous disability to the date of his death occurring at any time within twenty (20) years from the date of disability, his dependents, if any, shall be awarded compensation for his death as provided for under the general provisions of the workers' compensation act and in this section.

(5) Where the occupational disease is a compensable pneumoconiosis and there has been employment exposure for ten (10) years or more to an industrial hazard sufficient to cause the disability of pneumoconiosis there shall be a rebuttable presumption that the disability or death was due to the compensable pneumoconiosis.

(6) Where the employe is suffering or suffered from a chronic dust disease of the lung which:

(a) When diagnosed by chest roentgenogram, yields one or more large opacities (greater than one (1) centimeter in diameter) and would be classified in category A, B, or C in the international classification of radiographs of the pneumoconiosis by the international labor organization;

(b) When diagnosed by biopsy or autopsy, yields massive lesions in the lung; or

(c) When diagnosis is made by other means, would be a condition which could reasonably be expected to yield results described in paragraph (a) or (b) of this subsection if diagnosis had been made in the manner prescribed in paragraph (a) or (b) of this subsection, then there shall be an irrebuttable presumption that he is totally disabled due to pneumoconiosis or that his death was due to pneumoconiosis, as the case may be.

(7) In case of disability or death from silicosis, coal workers' pneumoconiosis, or any other compensable pneumoconiosis, complicated with tuberculosis of the lungs, pulmonary emphysema or other pulmonary dysfunction and there has been employment exposures to harmful dust or industrial hazards reasonably competent to produce such accompanying disease or dysfunction, there is a rebuttable legal presumption that all resultant disability therefrom is work related and compensable, and compensation shall be payable as for the uncomplicated disease, provided, however, that the disease or dysfunction was an essential factor in causing such disability or death.

(8) If an autopsy has been performed, no testimony relative thereto shall be competent unless the employer or his representative has available findings and reports of the pathologist or doctor who performed the autopsy examination.

(9) No compensation shall be payable for occupational disease if the employe at the time of entering the employment of the employer by whom compensation would otherwise be payable, falsely represented himself, in writing, as not having been previously disabled, laid off, or compensated in damages or otherwise, because of such disease, or failed or omitted truthfully to state to the best of his knowledge, in answer to written inquiry made by the employer, the place, duration and nature of previous employment, or, to the best of his knowledge, the previous state of his health.

(10) No compensation for death from occupational disease shall be payable to any person whose relationship to the deceased, which, under the provisions of this chapter would give right to compensation, arose, subsequent to the beginning of the first compensable disability, save only to after-born children of a marriage existing at the beginning of such disability.

(11) Whenever any claimant misconceives his remedy and files an application for adjustment of claim under the general provisions of this chapter and it is subsequently discovered, at any time before the final disposition of such cause, that the claim for injury, disability or death which was the basis for such application should properly have been made under the provisions of this section, then the application so filed may be amended in form or substance, or both, to assert a claim for such injury, disability or death under the provisions of this section, and it shall be deemed to have been so filed as amended on the date of the original filing thereof, and such compensation may be awarded as is warranted by the whole evidence pursuant to the provisions of this chapter. When such amendment is submitted, further or additional evidence may be heard by the board when deemed necessary. Nothing this section contains shall be construed to be or permit a waiver of any of the provisions of this chapter with reference to notice of time for filing of a claim, but notice of filing a claim, if given or done, shall be deemed to be a notice of filing of a claim under provisions of this chapter, if given or done within the time required herein.

(12) When an employe has an occupational disease that is covered by this chapter, the employer in whose employment he was last injuriously exposed to the hazard of the disease, and the employer's insurance carrier, if any, at the time of the exposure, shall alone be liable therefor, without right to contribution from any prior employer or insurance carrier; except as otherwise provided herein.

(13) [~~(a)~~] The employer liable for compensation for occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for silicosis and any other compensable pneumoconiosis, shall be the employer in whose employment the employe was last exposed to the hazard of such occupational disease. In those cases where disability or death are not conclusively proven to be the result of such last exposure all compensation shall be paid out of the special fund for all claims filed prior to January 1, 1973; and seventy-five percent

(75%) shall be paid by the special fund and twenty-five percent (25%) by the employer for all claims filed thereafter. In all other cases of occupational diseases, other than silicosis or any other compensable pneumoconiosis, which developed to the point of disablement only after an exposure of five (5) or more years, or for silicosis and any other compensable pneumoconiosis, the compensation for disability or death due to such diseases shall be paid jointly by the employer and the special fund, and the employer shall be liable for sixty percent (60%) of the compensation due and the special fund shall be liable for forty percent (40%) of the compensation due. Provided, however, that when there is a joint award against the carrier or self-insured employer and the special fund under this section, all of the compensation awarded shall be paid *pursuant to KRS 342.120* [~~from the special fund and the special fund shall be reimbursed by the carrier or self-insured employer on a quarterly basis~~] and under such regulations as the board may provide for such purpose.

(b) In all claims for compensation partially payable by the special fund the commissioner of labor[~~, as custodian of said fund,~~] shall be designated as codefendant.

[~~(c) In all agreements for the payment of compensation and awards the amount payable by the employer and the amount payable out of the special fund shall be separately stated. An award against the employer shall be for only the percentage of the total compensation which the employer is obligated to pay. A separate award shall be made against the special fund for the balance of the compensation payable. Nothing in this section shall prohibit the commissioner of labor, as custodian of the special fund, from entering into agreements to pay the compensation for which it is liable; provided, however, that where compensation is payable by both the employer and the special fund, the commissioner shall not enter into an agreement unless the employer is a party to the agreement.~~]

Section 22. KRS 342.720 is amended to read as follows:

If death results from the injury, the employer shall pay the cost of burying in an amount not to exceed *$2,500* [~~$1,500~~] to any person who performed such service or incurred the liability for the service, whether or not the employe leaves dependents within the meaning of this chapter. Any such person is hereby authorized to file a petition with the board for the fixing of the amount of the service and for an order requiring the employer to pay the cost of the service. If death occurs while the employe is away from his usual place of business or residence the employer will be liable for the additional reasonable cost of transportation of the body to the employe's place of residence within the Commonwealth of Kentucky.

Section 23. KRS 342.730 is amended to read as follows:

(1) Income benefits for disability shall be paid to the employe as follows:

(a) For total disability, sixty-six and two-thirds percent (66 ⅔%) of the employe's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined in KRS 342.740 during such disability.

(b) For permanent, partial disability, sixty-six and two-thirds percent (66 ⅔%) of the employe's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by his percentage of disability caused by the injury or occupational disease as determined by "guides to the evaluation of permanent impairment," American medical association, 1977 edition, or by his percentage of disability as determined under KRS 342.620 (11), whichever is greater, for a maximum period, from the date the disability arises, of four hundred twenty-five (425) weeks[~~, but such benefits shall not be paid after the employe becomes eligible for normal old age benefits under the federal old age, survivors and disability insurance act~~]. Any temporary total disability period within the maximum period for permanent, partial disability benefits shall [~~not~~] extend the maximum period *but shall not* [~~nor~~] make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. Notwithstanding any section of KRS Chapter 342 to the contrary, there shall be no minimum weekly income benefit for permanent partial disability *and medical benefits shall be paid for the duration of the disability.*

(2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on account of the pre-existing disability.

(3) When an employe, who has sustained disability compensable under this section, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after such death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of 18 or incapable of self-support; or

(b) If there are both such a widow or widower and such a child or children, one-half to such widow or widower and the other half to such child or children; or

(c) If there is no such widow or widower but such a child or children, then to such child or children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750 or to both, in such proportions as the board may provide by regulation.

HB 156, AN ACT relating to public recreational facilities.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 147A IS CREATED TO READ AS FOLLOWS:

(1) In enacting a parks establishment aid law, it is the intention of the general assembly to supplement local efforts to establish park and recreational facilities. The inadequacy of present facilities and the high cost of acquisition and establishment of park recreational facilities are hereby declared to be matters of public interest and concern and vital to the promotion of the health, welfare and prosperity of the inhabitants of the Commonwealth.

(2) The commissioner of the department of community and regional development shall cause to be established in the treasury a special fund to be known as the local government parks and recreational facilities fund, to be administered by the commissioner. The fund shall be comprised of grants, contributions, appropriations and intergovernmental transfers. Monies in the fund shall not lapse at the end of the fiscal year.

(3) The commissioner may, when he determines that a proposed local government plan for a park or other recreational facility would serve the public interest, use monies from the local government parks and recreational facilities fund to aid local governmental units in their acquisition and establishment of local parks and recreational facilities, provided that local governmental units must provide matching funds for the project. The department of community and regional development may grant an amount up to one hundred thousand dollars ($100,000) for any one (1) project, which amount shall not exceed fifty percent (50%) of the cost of the entire project. For the purposes of this section, local governmental units shall mean county governments and governments of cities of any class. Title to parks and recreational facilities acquired by the use of funds authorized by this section shall vest in the local governmental unit which proposed the project and provided the matching funds.

(4) The commissioner may prescribe standards for determining the amounts to be granted for local projects and such regulations as may be necessary to implement the provisions of this section. Funds granted by the department shall be spent by the local governing authorities only for the acquisition and establishment of parks and recreational facilities and shall not be used for operating or maintenance expenses.

Section 2. KRS 148.171, state aid for establishment of county and city parks, limits — use of funds, is repealed.

Section 22. KRS 342.320 is amended to read as follows:

(1) All fees of attorneys and physicians, and all charges of hospitals under this chapter, shall be subject to the approval of the board. No attorney fees shall be allowed or approved against any party not represented by said attorney, nor shall any attorney fee be allowed or approved exceeding an amount equal to 20 per cent of the first $25,000.00, 15 percent of the next $10,000.00 and 5 percent of the remainder of the amount recovered as actuarily determined on past and future benefits according to the American Experience Table of Mortality and the Remarriage Tables of the Dutch Royal Insurance Institute. In no case shall the fee exceed $6,500.00. Provided, however, the board, in making an allowance of attorney fees, shall in each case examine the record to ascertain the extent of the services rendered, and fix a reasonable fee for the services rendered, not to exceed the maximum authorized by this section. The board may reduce the attorney's fee to an amount commensurate with the services performed, or may deny or reduce an attorney's fee upon proof of solicitation of employment. Any award made to a claimant in a nonresisted claim as established under the provisions of KRS 342.316 (2)(b), paragraph 5, shall result in an award of an attorney fee not exceeding $750.00.

(2) No attorney's fee in any case involving benefits under this chapter shall be paid until the fee is approved by the board, and any contract for the payment of attorney's fees otherwise than as provided in this section shall be void. The entire attorney's fee in a lump sum shall be paid directly to the attorney of record, and the board in allowing or approving an attorney's fee, as provided in this section, shall order the payment of same directly to the attorney, commuting sufficient of the final payments of compensation payable under the award to a lump sum for that purpose.

(3) The general assembly declares that by the enactment of subsections (2)(b) and (7) of KRS 342.316, it is the legislative intent to encourage settlement and prompt administrative handling of such claims and thereby reduce expenses to claimants for compensation under the provisions of KRS 342.316, and the board shall give due regard to such legislative intent in the handling of uncontested claims and the allowance of attorney's fees therein.

(4) The board shall approve any contract between attorney and client if the limits on fees enumerated below are followed:

(a) When the claim is uncontested under the provisions of KRS 342.316 (2)(b), paragraph 5, the attorney fee shall not exceed an amount equal to $750.00.

(b) In all other claims, the fee of the attorney shall not exceed a sum equal to twenty percent (20%) of the amount recovered, or $5000.00, whichever is less.

(c) When an order or award is appealed to the Court of Appeals, the attorney fee shall not exceed 20 percent of the amount recovered, or $6000.00, whichever is less.

(5) Whenever an order or award of the board is reopened by the defendant-employer, said defendant-employer shall be responsible for and shall pay all attorney fees incurred by the plaintiff-employe in an amount commensurate with the services performed, not to exceed the maximum authorized by this section.

(10) Whenever any penalty imposed by subsections (4), (6), (7), (8), or (9) is not paid, the attorney general shall institute an action, in the name of the state, in the Franklin Circuit Court or the circuit court of the county in which the offense was committed, for the recovery of the penalty.

Section 4. KRS 186.450 is amended to read as follows:

Section 7. KRS 292.330 is amended to read as follows:

(1) It is unlawful for any person to transact business in this state as a broker-dealer or agent, unless he is registered under this chapter. It is unlawful for any broker-dealer or issuer to employ an agent unless the agent is registered. It is unlawful for any person to transact business in this state as an investment adviser unless:

(a) he is so registered under this chapter, or

(b) he is registered as a broker-dealer under this chapter, or

(c) his only clients in this state are investment companies as defined in the Investment Company Act of 1940 or insurance companies.

(2) A broker-dealer, agent, or investment adviser may apply for registration by filing with the director an application together with a consent to service of process pursuant to KRS 292.430 and payment of the fee prescribed in subsection (10). Registration of a broker-dealer automatically constitutes registration of any agent who is a partner, officer or director or a person occupying a similar status or performing similar functions (except any partner, officer or director or other such person whose registration as an agent is denied, suspended or revoked under subsection (12)) without the filing of applications for registration as agents or the payment of fees for registration as agents. The application shall contain whatever information the director requires concerning such matters as:

(a) The applicant's form and place of organization;

(b) The applicant's proposed method of doing business;

(c) The qualifications and business history of the applicant and in the case of a broker-dealer or investment adviser, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer or investment adviser; and in the case of an investment adviser, the qualifications and business history of an employe;

(d) Any injunction or administrative order or conviction of a misdemeanor involving a security or any aspect of the securities business and any conviction of a felony; and

(e) The applicant's financial condition and history.

(3) If no denial order is in effect and no proceeding is pending under subsection (12), registration becomes effective at noon of the thirtieth day after an application is filed. The director may specify an earlier effective date and he may by order defer the effective date until noon of the thirtieth day after the filing of any amendment.

(4) The director may require as a condition of registration that the applicant (and, in the case of a corporation or partnership, the officers, directors or partners) pass a written examination as evidence of knowledge of the securities business.

(5) The director may by rule require the existence and maintenance of a minimum liquid net capital for registered broker-dealers and investment advisers and a minimum ratio between net capital and aggregate indebtedness, or both.

(6) The director may by rule require registered broker-dealers, agents and investment advisers to post surety bonds in an amount up to $25,000, and may determine their conditions, except under this subsection that no such bond may be required of any registrant whose net capital exceeds $100,000. An appropriate deposit of cash or securities shall be accepted in lieu of any required surety bond. Every surety bond shall provide for suit thereon by any person who has a cause of action under KRS 292.480, and every such bond shall provide that no suit may be maintained to enforce any liability on the bond unless brought within two (2) years after the sale or other act upon which it is based.

(7) The director may by rule require registered broker-dealers to carry fidelity bonds, covering its agents, general partners, and officers, in such form, covering such risks, and in such amounts (not exceeding $250,000) as he deems necessary for the protection of the public; and he may by rule require registered broker-dealers to furnish satisfactory evidence that they have such bonds.

(8) Every registration of a broker-dealer, agent or investment adviser shall be effective until March 1 of the following year and may be renewed as hereinafter provided. The registration of an agent is not effective during any period when he is not associated with an issuer or a registered broker-dealer specified in his application or a notice filed with the director. When an agent begins or terminates a connection with an issuer or registered broker-dealer, the agent and the issuer or broker-dealer shall promptly notify the director.

(9) Registration of a broker-dealer, agent or investment adviser may be renewed by filing with the director prior to the expiration thereof an application containing such information as the director may require to indicate any material change in the information contained in the original application or any renewal application for registration as a broker-dealer, agent or investment adviser filed with the director by the applicant, payment of the prescribed fee and, in the case of a broker-dealer, a financial statement showing the financial condition of such broker-dealer as of a date within ninety (90) days. A registered broker-dealer or investment adviser may file an application for registration of a successor, whether or not the successor is then in existence, for the unexpired portion of the year without payment of any fee.

(10) The fee for initial or renewal registration shall be one hundred *twenty* dollars *($120)* [~~($100)~~] for a broker-dealer, *sixty* [~~fifty~~] dollars *($60.00)* [~~($50.00)~~] for an investment adviser, *eighteen* [~~fifteen~~] dollars *($18.00)* [~~($15.00)~~] for an agent, and *six* [~~five~~] dollars *($6.00)* [~~($5.00)~~] for transfer of an agent, none of which fees shall be refundable.

(11) (a) Every registered broker-dealer and investment adviser shall make and keep all accounts, correspondence, memoranda, papers, books, and other records which the director by rule prescribes. All records required shall be preserved for three (3) years unless the director by rule prescribes otherwise for particular types of records. All required records shall be kept within this state or shall, at the request of the director, be made available at any time for examination by him either in the principal office of the registrant or by production of exact copies thereof in this state.

(b) Every registered broker-dealer and investment adviser shall file such reports as the director by rule prescribes.

(c) If the information contained in any document filed with the director is or becomes inaccurate or incomplete in any material respect, the broker-dealer shall promptly file a correcting amendment.

(d) The director may make periodic examinations, within or without this state, of each broker-dealer and investment adviser at such times and in such scope as he determines. These examinations may be made without prior notice to the broker-dealer or investment adviser. The expense reasonably attributable to any such examination shall be paid by the broker-dealer or investment adviser whose business is examined but the expense so payable shall not exceed an amount which the director by rule prescribes. For the purpose of avoiding unnecessary duplication of examinations, the director, insofar as he deems it practicable in administering this subsection, may cooperate with securities administrators of other states, the securities and exchange commission, and any national securities exchange or national securities association registered under the Securities Exchange Act of 1934.

(e) The director may by rule prohibit unreasonable charges, profits, commissions or other compensation of broker-dealers and investment advisers.

(f) The director may prescribe rules for the conduct of business by broker-dealers and investment advisers which he finds appropriate in the public interest and for the protection of investors.

(12) (a) The director may by order deny, suspend or revoke registration of any broker-dealer, agent or investment adviser if he finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer, or investment adviser, any partner, officer, or director, any person occupying a similar status or performing similar functions, or any person directly or indirectly controlling the broker-dealer or investment adviser:

1. Has filed an application for registration under this section which, as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false or misleading with respect to any material fact;

2. Has wilfully violated or wilfully failed to comply with any provision of this chapter or a predecessor law or any rule or order under this chapter or a predecessor law;

3. Has been convicted, within the past ten (10) years, of any misdemeanor involving a security or any aspect of the securities business, or any felony;

4. Is permanently or temporarily enjoined by any court of competent jurisdiction from engaging in or continuing any conduct or practice involving any aspect of the securities business;

5. Is the subject of an order of the director denying, suspending, or revoking registration as a broker-dealer, agent, or investment adviser;

6. Is the subject of an order entered within the past five (5) years by the securities administrator of any other state or by the securities and exchange commission denying or revoking registration as a broker-dealer or agent, or the substantial equivalent of those terms as defined in this chapter, or is the subject of an order of the securities and exchange commission suspending or expelling him from a national securities exchange or national securities association registered under the Securities Exchange Act of 1934, or is the subject of a United States post-office fraud order; but a. the director may not institute a revocation or suspension proceeding under this paragraph more than one (1) year from the date of the order relied on, and b. he may not enter any order under this paragraph on the basis of an order unless that order was based on facts which would currently constitute a ground for an order under this section;

7. Has engaged in dishonest or unethical practices in the securities business;

8. Is insolvent, either in the sense that his liabilities exceed his assets or in the sense that he cannot meet his obligations as they mature; but the director may not enter an order against a broker-dealer or investment adviser under this paragraph without a finding of insolvency as to the broker-dealer or investment adviser; or

9. Is not qualified on the basis of such factors as training, experience, or knowledge of the securities business, except as provided in paragraph (b) below; or the director may by order, deny, suspend or revoke any registration if he finds that the order is in the public interest and that the applicant or registrant:

a. Has failed reasonably to supervise his agents if he is a broker-dealer or his employes if he is an investment adviser; or

b. Has failed to pay the proper filing fee; but the director may enter only a denial order under this clause, and he shall vacate any such order when the deficiency has been corrected. The director may not institute a suspension or revocation proceeding on the basis of a fact or transaction known to him when registration became effective unless the proceeding is instituted within the next thirty (30) days.

(b) The following provisions govern the application of subparagraph 9 of paragraph (a) of this subsection:

1. The director may not enter an order against a broker-dealer on the basis of the lack of qualification of any person other than the broker-dealer himself if he is an individual or an agent of the broker-dealer;

2. The director may not enter an order against an investment adviser on the basis of the lack of qualification of any person other than the investment adviser himself if he is an individual or any other person who represents the investment adviser in doing any of the acts which make him an investment adviser;

3. The director may not enter an order solely on the basis of lack of experience if the applicant or registrant is qualified by training or knowledge or both;

4. The director shall consider that an agent who will work under the supervision of a registered broker-dealer need not have the same qualifications as a broker-dealer;

5. The director shall consider that an investment adviser is not necessarily qualified solely on the basis of experience as a broker-dealer or agent. When he finds that an applicant for initial or renewal registration as a broker-dealer is not qualified as an investment adviser, he may by order condition the applicant's registration as a broker-dealer upon his not transacting business in this state as an investment adviser;

6. The director may by rule provide for an examination, which may be written or oral or both, to be taken by any class of or all applicants, as well as persons who represent or will represent an investment adviser in doing any of the acts which make him an investment adviser.

(c) The director may by order summarily postpone or suspend registration pending final determination of any proceeding under this section. Upon the entry of the order, the director shall promptly notify the applicant or registrant, as well as the employer or prospective employer if the applicant or registrant is an agent, that it has been entered and of the reasons therefor and that within fifteen (15) days after the receipt of a written request the matter will be set down for hearing. If no hearing is requested and none is ordered by the director, the order will remain in effect until it is modified or vacated by the director. If a hearing is requested or ordered, the director, after notice of and opportunity for hearing, may modify or vacate the order or extend it until final determination.

(d) If the director finds that any registrant or applicant for registration is no longer in existence or has ceased to do business as a broker-dealer, agent, or investment adviser, or is subject to an adjudication of mental incompetence or to the control of a committee, conservator, or guardian, or cannot be located after reasonable search, the director may by order cancel the registration or application.

(e) Withdrawal from registration as a broker-dealer, agent, or investment adviser becomes effective thirty (30) days after receipt of an application to withdraw or within such shorter period of time as the director may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the withdrawal is instituted within thirty (30) days after the application is filed. If a proceeding is pending or instituted, withdrawal becomes effective at such time and upon such conditions as the director by order determines. If no proceeding is pending or instituted and withdrawal automatically becomes effective, the director may nevertheless institute a revocation or suspension proceeding under subparagraph 2. of paragraph (a) of this subsection within one (1) year after withdrawal became effective and enter a revocation or suspension order as of the last date on which registration was effective.

(f) No order may be entered under any part of this section except the first sentence of paragraph (c) of this subsection without appropriate prior notice to the applicant or registrant (as well as the employer or prospective employer if the applicant or registrant is an agent), opportunity for hearing, and written findings of fact and conclusions of law.

Section 8. KRS 292.380 is amended to read as follows:

(1) Except as otherwise expressly provided in this chapter a registration statement under this chapter becomes effective when the director so orders. The director may require as a condition of registration under this chapter that a prospectus containing any designated part of the appropriate information specified in this chapter be sent or given to each person to whom an offer is made before or concurrently with: (a) the first written offer made to him (otherwise than by means of a public advertisement) by or for the account of the issuer or any other person on whose behalf the offering is being made, or by any underwriter or broker-dealer who is offering part of an unsold allotment or subscription taken by him as a participant in the distribution, (b) the confirmation of any sale made by or for the account of any such person, (c) payment pursuant to any such sale, or (d) delivery of the security pursuant to any such sale, whichever first occurs; but the director shall accept for use under any such requirement a current prospectus or offering circular regarding the same securities filed under the Securities Act of 1933 or regulations thereunder.

(2) A registration statement may be filed by the issuer, any other person on whose behalf the offering is to be made, or a registered broker-dealer. Any document filed under this chapter or a predecessor law within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the document is currently accurate. The director may by rule or otherwise permit the omission of any item of information or document from any registration statement.

(3) The director may require as a condition of registration by qualification or coordination that (a) the proceeds from the sale of the registered security be impounded until the issuer receives a specified amount or (b) any security issued within the past three years, or to be issued, to a promoter for a consideration substantially different from the public offering price, or to any person for a consideration other than cash, be delivered in escrow. The director may by rule or order determine the conditions of any escrow or impounding required hereunder. The director shall not reject a depository solely because of location in another state. All securities delivered in escrow to the director or some other depository satisfactory to him prior to January 1, 1968 which have not previously been released shall be released from escrow and all securities delivered in escrow to the director or some other depository satisfactory to him subsequent to January 1, 1968 which have not previously been released shall be released from escrow no later than ten (10) years after the date of delivery into escrow.

(4) The director may also require as a condition of registration by qualification that the issuer undertake to keep the securities registered under this chapter for a period of up to five years or until the securities become exempt securities under KRS 292.410, and that the issuer forward to its security holders audited annual financials during the period for which the shares are registered. The director may by rule or order impose other undertakings.

(5) For the registration of securities by notification or coordination, or qualification, there shall be paid to the director an examination fee of one hundred *twenty-five* dollars *($125)* [~~($100)~~] and a registration fee of *three-fiftieths* [~~one-twentieth~~] of one percent of the aggregate offering price of the securities which are to be offered in this state, but the registration fee shall in no case be less than *sixty* [~~fifty~~] dollars *($60.00)* [~~($50)~~] nor more than one thousand *two hundred* dollars *($1,200)* [~~($1,000)~~]. The examination fee and the

registration fee shall be payable in separate checks. When a registration statement is withdrawn before the effective date or a pre-effective stop order is entered under KRS 292.390, the director shall retain the examination fee. For the registration of securities issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust, as those terms are defined in the Investment Company Act of 1940, a new registration fee and examination fee shall be paid each year that the registration remains in effect, based upon the aggregate offering price of such securities which are to be offered in this state during that year, even though the maximum fee was paid the preceding year; and the registration statement for such securities may be amended to increase the amount of securities to be offered. For a registration by notification for market-making purposes only the examination fee need be paid.

(6) When securities are registered by notification or by coordination or by qualification, they may be offered and sold by the issuer, any other person on whose behalf they are registered or by any registered broker-dealer. Every registration statement is effective for one year from its effective date, or any longer period during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by any underwriter or broker-dealer who is still offering part of an unsold allotment or subscription taken by him as a participant in the distribution, except during the time a stop order is in effect under KRS 292.390. All outstanding securities of the same class as a registered security are considered to be registered for the purpose of any nonissuer transaction (1) so long as the registration statement is effective and (2) between the thirtieth day after the entry of any stop order suspending or revoking the effectiveness of the registration statement under KRS 292.390 (if the registration statement did not relate in whole or in part to a nonissuer distribution) and one year from its effective date if any securities of the same class are outstanding. A registration statement may be withdrawn otherwise only in the discretion of the director.

(7) The director may require the person who filed the registration statement to file reports, not more often than quarterly, to keep reasonably current the information contained in the registration statement and to disclose the progress of the offering. The director shall impose a fee of *six* [~~five~~] dollars *($6.00)* [~~($5.00)~~] for each such report filed with him.

Section 9. KRS 350.060 is amended to read as follows:

(4) The application for a permit shall be accompanied by five (5) copies of an enlarged United States geological survey topographic map or such other map acceptable to the department meeting the requirements of the subsections below. The map shall:

(5) The certification of the maps by the professional engineer shall read as follows: "I, the undersigned, hereby certify that this map is correct, and shows to the best of my knowledge and belief all the information required by the strip mining laws of this state." The certification shall be signed and notarized. The department may reject any map as incomplete if its accuracy is not so attested;

(6) The application for a permit shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the department of transportation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges;

The statement of consent shall be signed by each holder of a freehold interest in such land. Each signature shall be notarized. This statement of consent shall not be required for coal mined under the provisions of KRS chapters 351 and 352;

(9) A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed *three* [~~two~~] hundred *seventy-five* [~~fifty~~] dollars *($375)* [~~($250)~~] plus a fee set by regulation but not to exceed *seventy-five* [~~fifty~~] dollars *($75)* [~~($50)~~] for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued. The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department on the recommendation of the secretary of not less than five hundred dollars ($500) nor more than three thousand dollars ($3,000) for each acre or fraction thereof of the area of land affected, with a minimum bond of five thousand dollars ($5,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the department. In determining the amount of the bond within the above limits, the department shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required. In a particular instance where the circumstances are such as to warrant an exception, the department, in its discretion, may reduce the amount of the bond for a particular operation to less than the required minimum;

(10) The department shall promulgate rules and regulations setting forth operation requirements for the extraction of coal for commercial purposes where the strip mining operation affects two (2) acres or less. All performance, procedural, and notice requirements for strip mining operations which affect two (2) acres or less shall be promulgated by regulation pursuant to this subsection, except the enforcement provisions of KRS 350.130, the penalty provisions of KRS 350.990, the permit requirements in subsection (1) of this section, and the bonding requirements set forth in subsection (9) of this section;

(11) Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), and the public notice requirements of this chapter shall not apply unless it is established and written findings by the department are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present strip coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for any renewal requested in such application as well as any additional bond the department might require; or

(e) Any additional revised or updated information required by the department has not been provided; Prior to the approval of any renewal of permit the department shall provide notice to the appropriate public authorities;

(12) If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new land areas shall be subject to the full standards applicable to new applications under this chapter;

(13) Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made not later than thirty (30) working days prior to the expiration of the valid permit.

(14) Any permit validly issued by the department under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the department within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered. The department shall not accept interim permit applications after August 1, 1980 or after December 1, 1980 if the United States secretary of the interior has not approved the Commonwealth's permanent regulatory program by September 3, 1980. The department shall receive and act on all substantially complete permit applications tendered to it on or before August 1, 1980 or December 1, 1980, whichever date is applicable, under the interim program.

Section 10. KRS 350.060, (1980 Acts Chapter 62, Section 5, and Chapter 377, Section 1, effective on primacy), is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the department a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the department may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the department and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The department for natural resources and environmental protection shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight-month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) Any permit validly issued by the department under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the department within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered. The department shall not accept interim permit applications after August 1, 1980 or after December 1, 1980 if the United States secretary of the interior has not approved the Commonwealth's permanent regulatory program by September 3, 1980. The department shall receive and act on all substantially complete permit applications tendered to it on or before August 1, 1980 or December 1, 1980, whichever date is applicable, under the interim program.

(4) No permit or revision application shall be approved unless the application affirmatively demonstrates and the department finds in writing on the basis of the information set forth in the application or

from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(5) An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) if known, ten percent (10%) or more of any class of stock of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify;

(h) A listing of any and all violations of this chapter, P.L. 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three-year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(6) The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(7) The application for a permit shall be accompanied by copies, in numbers satisfactory to the department, of a United States geological survey topographic map or such other map acceptable to the department on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.

(8) The application for a permit shall be accompanied by copies, in numbers satisfactory to the department, of an enlarged United States geological survey topographic map or such other map acceptable to the department meeting the requirements of the subsections below. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) below;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining and the boundaries of surface properties and names of owners on the affected area and adjacent to any part of the affected area;

(d) Be of a scale of 1:24,000 or larger;

(e) Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(f) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(g) Show the date on which the map was prepared, the north point and the quadrangle name; and

(h) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(9) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the department of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(10) All certifications required by this chapter to be made by professional engineers shall state that the information or documentation contained in the application is correct, and shall show that to the best of

his or her knowledge and belief all the information required by the applicable laws and regulations of this state is included. The certification shall be signed and notarized. The department may reject any document or map as incomplete if its accuracy is not so attested. The certification shall be done in the form prescribed by the department.

(11) The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the department of transportation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges. All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.

(12) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.

(13) The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the department for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the department. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(14) A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed *three* [~~two~~] hundred *seventy-five* [~~fifty~~] dollars *($375)* [~~($250)~~] plus a fee set by regulation but not to exceed *seventy-five* [~~fifty~~] dollars *($75.00)* [~~($50.00)~~] for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued. The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the department. In determining the amount of the bond the department shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the department in the event of forfeiture. The department shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. Where a surface coal mining operation affects two (2) acres or less and the circumstances are such as to warrant an exception, the department, in its discretion, may reduce the amount of the bond for a particular operation to less than the required minimum.

(15) Surface coal mining and reclamation operations which affect two (2) acres or less shall be exempt from the requirements of this chapter, except that the department shall promulgate reasonable minimal regulations for permitting, bonding, controlling offsite water quality, refuse piles, and use of explosives; and shall prohibit disposal of soil over the outslope in an uncontrolled manner. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in no event shall the department require that the highwalls left by such operations be eliminated. In no event shall the bond be more than one thousand dollars ($1,000) per acre. The department shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days. All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted and permits granted pursuant to this subsection. The department shall enforce this subsection consistent with KRS Chapter 350 except that the department shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(16) The department shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The department shall recognize the distinct differences between the surface effects of underground mining and surface coal mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the department shall require that the areas overlaying underground workings not affected by the operation be permitted only for purposes of subsidence control and shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section.

(17) Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the department are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the department might require; or

(e) Any additional revised or updated information required by the department has not been provided; Prior to the approval of any renewal of permit the department shall provide notice to the appropriate public authorities.

(18) If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(19) Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(20) Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the department may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(2) The annual compensation payable to each circuit clerk beginning on July 1, 1980 shall be $2,000 in excess of the annual compensation payable as of June 30, 1980;

(3) In order to equate or adjust the compensation of circuit clerks with the purchasing power of the dollar, the department of finance shall compute by July 1 of every year, beginning on July 1, 1981, the annual increase or decrease in the consumer price index of the preceding year by using 1949 as the base year. Upon notification from the department of finance, the annual compensation of circuit clerks for fiscal year 1982 and each fiscal year thereafter shall be set at a rate which includes the adjustment for the increase or decrease in the consumer price index, but in no event shall a circuit clerk receive an annual increase exceeding six percent (6%) of salary.

For purposes of determining movement of circuit court clerk salaries from calendar year 1976 level to the maximums for calendar year 1978 as outlined above, the following guidelines should be used.

1. The actual calendar year 1976 salary of the circuit court clerk, as certified by the administrative office of the courts from information supplied by the auditor of public accounts, will be adjusted to the 1977 cost of living increase to be determined by the Kentucky department of *economic development* [~~commerce~~]. This adjusted figure will be the base to compare with the salary maximums outlined above.
